

AGENT TAFT TO BE
SHIFTED FROM LOWELL

In Reported Shakeup on the B.
& M.—W.J. Doherty Said to
be Coming Here

It is unofficially announced that Herbert C. Taft, general agent for the Boston & Maine R. R. in this city, is to be succeeded in his position, July 1, by W. J. Doherty, agent at the Warren Bridge station, Mystic wharf, near Boston.

This change has been in the wind for some time, and is said to be part of a general shakeup. It was reported today that H. C. Robinson, superintendent of the southern division, is to be succeeded by Assistant Superintendent John Bourke. Mr. Bourke has many friends in this city. He has worked his way, step by step, from telegraph operator to assistant superintendent, and he is looked upon as one of the very best railroad men in this section of the country. Mr. Robinson has been in the employ of the Boston & Maine for a number of years, and it is stated that he will retire.

Mr. Taft has been in the employ of the Boston & Maine railroad for 41 years, 21 of which he has spent in Lowell. Mr. Taft first came to Lowell as general agent for the western division, and had his office in the Old Boston & Maine station in Central street. That was in 1872, and in June, 1894, when the western and southern branches were consolidated, Mr. Taft moved his office from the Central street to the Middlesex street station. Mr. Taft is eligible to pension retirement as provided by the company, and it is stated that he will retire. He was out of town today and could not be reached.

HERBERT C. TAFT

31 MEMBERS OF THE
I.W.W. SENT TO JAIL

Striking Silk Workers Found Guilty
of Unlawful Assemblage at
Paterson, N. J.

PATERSON, N. J., June 20.—Thirty-one striking silk mill workers, members of the Industrial Workers of the World, who were convicted recently of unlawful assemblage, were sentenced today by Judge Klenert to serve three months each at hard labor in the county jail. As soon as the sentences were imposed the court suspended their punishment, on the good behavior of the prisoners. Judge Klenert said he would impose no fine because that would involve serving a term in prison inasmuch as the strikers were impoverished and could not pay it.

Hannah Silverman, the 17 year old strikeleader convicted with the others, was lectured by the court. With tears streaming down her cheeks she promised to refrain hereafter from disorder.

MILL GIRLS FAINT
WHEN VACCINATED

No New Cases of Smallpox Re-
ported to Board of Health at
Headquarters Today

No new cases of smallpox were reported at the office of the board of health this forenoon and the situation looks a bit more promising than it did a few days ago, when cases were being reported with clock-like regularity. All of the smallpox patients are doing well and the family sent to the smallpox hospital a week or more ago with a member of the family who had the disease, will be discharged from the hospital in a day or two.

The work of vaccination is being made very thorough in the private schools and in the mills. Up to yesterday noon it was stated that 309 had been vaccinated in one of the mills and a very small percentage of the operatives took kindly to the operation. The doctors confessed that they could not blame the operatives for feeling that way about it, inasmuch as a sore arm might mean a loss of time, and the doctors had their duty to perform and they went through with it. In one of the mills, it was stated, two girls fainted while being vaccinated.

The board of health appreciates, too, that this is a bad time of the year for vaccination in the mills. In a few weeks' time the mills will be shutting down for the summer holidays and the average operative cannot afford to lose any time when a vaccination, without pay, stares him in the face, but the operatives will have to blame it upon the disease and not upon the board of health.

District Attorney's Auditors
The auditors or accountants in the employ of the district attorney held the first in the common council chamber today and just for that, Mr. Olson, representing the Massachusetts highway commission, had to use the school committee room for his examination of applicants for chauffeurs' licenses. Sixteen applicants took the examination and the city hall was surrounded with automobiles and trucks, good, bad and indifferent.

July Fourth Program
Mayor O'Donnell is still open to suggestions for the Fourth of July program. This municipal council has appropriated \$1000 for a "safe and sane" celebration and it's up to the mayor to make the money and to tell the people to go as far as he liked, but to be sure and stop when he reached the \$1000 mark. The mayor will not countenance any fireworks display. He doesn't believe in the literal cremation of money and he allows that a dollar on the ground is worth two in smoke. He has arranged for a motor boat race including a four-mile handicap, six-mile handicap, ten mile open. Canoes, one mile, double, one-half, single and 400 yds. tripper. In this race the spectators are requested to keep a close eye on the men in the canoes and when they are seen to tip, please holler: "Go down." It is claimed that this is really necessary for the success of the undertaking. There will be suitable prizes for all races and there may be a swimming race, too, in which Frank (Podge) Murphy will defy both atlas and directors. Mr. Murphy is introducing two new swimming stunts which he calls the turkey trot and kangaroo. He has already given several exhibitions at the Y. M. C. A.

The mayor has not quite decided as to band concerts. He stated today that there would be a band concert on the North common in the afternoon; the South common at night; the Highlands, Highland Club lawn. In the evening, and the Chelmsford Street hospital in the evening. There will be no band concert in West Centralville. The concert there last year attracted about 50 people and the mayor says so small an attendance did not warrant the expense.

Lacy Larcum Park
By less than an hour after the money had been appropriated for Lacy Larcum park, and the mayor had given the word, the park department was on the job and the park is looking very inviting at the present time. The grass has been scythed, mowed, sicked (trimmed and tickled) and one can tell by the way it looks that it is feeling awfully funny. The little blades of grass left along the edge of the park are being sharpened this afternoon and the roses at the extreme end of the park are being taught to blush like high school girls. The settlers are resting as comfortably as could be expected under the circumstances.

Graham Street Sewer
The people up Graham street, way are of the opinion that the sewer work in that street is not being done with an eye to the expedition of the mobility of the city's business and the comfort of the people using the street. Only one gang is being worked there and the men who complain are of the opinion that three gangs should be employed. This is up to Commissioner Doherty and he wasn't at his office this morning.

Park Department Busy
It was stated, with all seriousness, at city hall this morning that the park department is busy collecting money. The sale of "Yotes for Yankin' Things" on the South common, July 1, is going on at the office of the superintendent at city hall and if you are looking for a lot, other than a burning lot, ask for Mr. Kernan. If you feel as if you needed a burial lot, see Mr. Cummings, and if you declare yourself as in sympathy with the rest

of the lot owners he will sell you a lot in the Edison cemetery. For lots on the South common, Supt. Kernan has already taken in over \$800. He sold the lots from plans in his office, instead of holding the sale on the common as was the practice heretofore. Mr. Kernan's plan of office sale is much better. It cuts out all wrangling over lots and the sales are made in less than half the time.

BOY FREIGHT HOPPERS

Nearly Killed—In Police
Court Today

MAN FINED \$10 FOR PLAYING
BALL ON STREET

Two Women In For Drunkenness—
Larceny Case Continued—Assault
Case Heard

The feature of this morning's session was the case of Francis Evans, accused of committing assault and battery upon Anne Higgins by means of a hose and plenty of city water. It seems that Mrs. Higgins was stooping down in her garden pulling weeds when suddenly a stream of water appeared over the fence which separates the houses of the Higginses and the Evanses. It played directly over the complainant with the result that she got soaking wet. Her two children, who answered her screams, also received a proper ducking. Mrs. Higgins asserted that the defendant was well aware of the fact that she was situated right where she could get the full benefit of the hose, but the court decided otherwise, and discharged the defendant.

When the case of Alexander Stewart was called for trial quite a story was brought to light. The defendant is only in his late teens and told a straightforward story. The officers arrested him while he was riding in a caboose attached to a freight train but the young man explained just how the whole situation arose. His home

Firemen Promoted
Two call men, George McDermott and Joseph H. Rogers have been promoted temporarily, to the positions of permanent firemen. These appointments to the regular force is due to the rather unusual number of firemen who are out on account of illness. At one house three of the five men are out and the two men appointed temporarily will act as substitutes in case of sickness.

Chippendale, No Billerica, tonight.

Nothing Like It
If you are a lawyer, physician or dentist why "hide your light under a bushel," so to speak, in a dark, gloomy antiquated office while the New Sun building affords such splendid accommodations at about the same cost.

THE
ELECTRIC
"SHOWER"

The "Needle of Fashion" has become magnetized and points to electric wedding gifts.

Electrical "showers" are now in vogue.

A well chosen group is the electric toaster stove, chafing dish, and coffee percolator.

Mighty pleasing, handsome gifts!

AT SUPERIOR COURT

Case of Elliot vs. City of
Lowell Still on

The case of Thomas H. Elliott vs. City of Lowell was on trial at the superior court this morning. The case, which was started yesterday, is to have the jury assess damages alleged by plaintiff to have accrued to him because of the seizing of some land at the corner of London and Main streets by the city. Lawyer Hogan represents Mr. Elliott and J. Joseph Hennessy, Esq., appears for the city. Real estate and land experts were heard on the stand this morning. In-

cluding Messrs. Bowers and Abel R. Campbell.

Verdict for Defendant

In the case of Percy vs. B. & M. railroad, an accident suit for \$20,000, the jury late yesterday afternoon returned a verdict for the defense, after a hard legal battle in which the company was represented by Messrs. Trull & Wier.

KNOCKED FROM TRAIN

Two Young Men Were
Badly Injured

P. Donohue of Boston and another young man named Moore, the latter from Carley, Me. are both confined to St. John's hospital, this city, suffering from injuries in a railroad accident which occurred early this morning between Lawrence and Lowell, just outside of the former city. They were knocked from the top of a freight train by a low bridge. They are badly hurt. A third young man escaped unhurt.

Pres. Wilson to Attend Wedding
WASHINGTON, June 20.—President Wilson and some members of the cabinet will go to Baltimore tomorrow to attend the wedding of Secretary McAdoo's son, Francis McAdoo, to Miss Ethel Preston McCormick of Baltimore.

If you want help at home or in your business, try The Sun "Want" column.

DROP MANSLAUGHTER CHARGE

On Judge Pickman's Finding That
Dr. Hatch Was Not Criminally
Liable for Death of Bedard

Senior Special Justice John J. Pickman of the local police court has announced his finding on the inquest recently held on the death of Joseph Bedard, aged 16, who was run down by Dr. Charles G. Hatch's automobile in Moody and Suffolk streets on the afternoon of Sunday, June 8, last, in which he finds that Dr. Hatch was not criminally liable. As a result of the finding, the case of Dr. Hatch, which was called before Judge Enright in the police court this morning, in which

"Upon all of the evidence, I find that on Sunday, the 8th day of June, current, Joseph C. Bedard, a boy of the age of 16 years, while riding on a bicycle on Moody street in the city of Lowell was struck by an automobile that was running on Moody street, near its intersection with Suffolk street, and thereby sustained injuries that caused his death."

And that the negligence of Charles G. Hatch, the owner and driver of the automobile was not of such gross and wanton character as to make him criminally liable for the death of said Joseph C. Bedard.

"John J. Pickman, Senior Special Justice of the Police Court of Lowell and Acting."

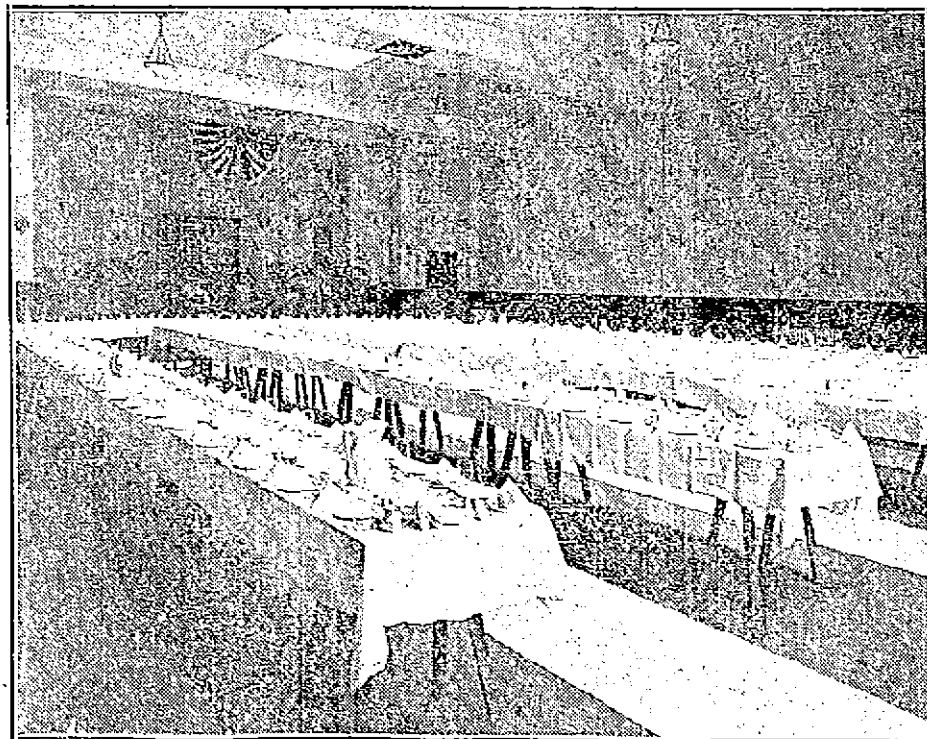

"Lowell, Mass., June 19, 1913."

INJURED AT RACE TRACK

Harold Hewitt, Who Was Knocked
Down By August Belmont's Horse,
Shows Slight Improvement

ASCOT, England, June 20.—There was a slight improvement today in the condition of Harold Hewitt, who interfered yesterday afternoon with the race for the Ascot Gold cup and was knocked down by August Belmont's horse Tracery.

Storm in Florida
JACKSONVILLE, Fla., June 20.—Reports from all parts of the state today show no additional loss of life as a result of Wednesday's storm, which centered near Tallahassee, where a negro was killed.

KNIGHTS OF COLUMBUS NEW HOME OPENED WITH
BANQUET—PRESENTATION TO WM. F. THORNTON

VIEW OF THE BANQUET HALL LOOKING TOWARDS THE STAGE

The beautifully appointed new clubhouse of the Knights of Columbus was formally opened last evening with a grand banquet of the members of the organization at which more than 300 were present. The affair was held in the pretty assembly hall of the building and was a brilliant success in every respect.

During the evening, Rev. W. George Mullin, chaplain of the council, presented Grand Knight William F. Thornton a large silver loving cup on behalf of the council as a token of the high esteem in which he is held by all and as a mark of appreciation of the great work which he has accomplished for the E. of C. in Lowell.

Informal Reception

From half past six until shortly after seven o'clock, an informal reception was held and the members and guests inspected the club house. On every side were heard expressions of appreciation of the attractiveness and convenience of the new quarters only the outside

of which remains to be finished. Afterwards, the gathering formed a line and marched to the assembly hall.

Hall Decorated—The Banquet

The hall, which is most beautiful when lighted by the soft glow of the large lights suspended from the ceiling, was tastefully adorned for the occasion. The red, white and blue being prominent. Above the stage was suspended a large American flag and far

10,000 DOLLARS CASH

Spot Cash Buys the Stock of Worcester's Largest Commission Woolen House, S. Morrill Co., 67 to 85 Winter St., Worcester, Mass.

In a terrific, rip-roaring smashup of standard prices and values, I today hurl upon an unwilling market the \$10,000 woolen stock of the Worcester wholesale commission house of S. Morrill Co., 67 to 85 Winter street, Worcester, Mass. This is one of the finest and most complete stocks of woollens in this city today.

You may not want a suit now, but you will order a suit from this stock if I make the values good enough and the prices low enough—you know that. I never saw the time people didn't have money to buy genuine bargains, no matter how tough general conditions might be. I particularly never saw the time that fancy qualities didn't produce sensational, spontaneous activity in proportion to the extent of accepted belief—the amount of real sacrifice. The sacrifice I announce today is not one of inferior or even average merchandise procured to meet or match a low price. I appeal to you today more by the strength of quality than by force of low prices. Low prices happen to be an accompaniment of quality in these goods, but I ask you to buy the goods because of quality first and price afterward.

To the people of Lowell, I offer unconditionally a large portion of this beautiful stock of

Standish Worsteds, Sheriff's Worsteds, Serges and Tweeds

48 FULL PIECES OF BLUE SERGES in this lot, some light, but most of them medium for fall wear. Made to order summer suit \$10.00; fall weight \$12.50. These serges are \$25.00 to \$30.00 values.

Make your own selection, tell me how you like your clothes to be cut and made, and I will supply the cloth, the linings, the tailoring and deliver same to you upon satisfactory fitting for \$10.00 and \$12.50.

The history of the ages must be accepted on the words of other men. I don't ask you to accept words. I ask you only to believe your eyes, to trust your sense of touch or feeling, to rely on your own judgment, in short to look at these values and if they appeal to you, let me have your order for a suit. I will deliver it to you in four days, a week, two weeks, any time for your convenience.

PINGREE FREED OF MURDER CHARGE

Lack of Certainty as to Source of the Fatal Bullet—Still Held on Charge of Rioting

IPSWICH, June 20.—Carroll L. Pingree, in \$1200 each on the charge of rioting. Judge George A. Schofield of Ipswich, who has been holding an inquest into the death of the Greek woman, Taudetopoulou, closed the inquiry yesterday morning, but did not announce any decision. He has examined a large number of witnesses and his findings will be made speedily. At a big meeting of the I. W. W. strikers last night on the grounds of the Greek Orthodox church, Carroll L. Pingree and Nathaniel Hermann advised the strikers to stick together and not be induced to return to work.

Both referred to the period of their imprisonment as a "vacation."

Hermann announced that he was about to leave Ipswich in order to make a tour of Rhode Island and Connecticut soliciting funds for the aid of the Ipswich strikers.

It is reported that "Big Bill" Hayward and Carlo Tresca will be here next Monday.

Word has been received here that warrants have been issued for the arrest of Joseph Murphy of Lawrence, R. J. McMillan of Beverly, James J. McVey of Haverhill and L. K. Griskins, speakers at the big meeting here last Sunday.

The comfort and pleasure of having a clean, light, airy, sanitary office for your patrons, as well as yourself, makes your work easy in the New Sun building.

Roger W. Peaslee, a popular employee of the Highland Steam Laundry, was agreeably surprised at his home, 14 Columbus avenue, last night, on the occasion of his birthday anniversary. The host of the evening was presented several valuable gifts, and the presentation was followed by a varied musical program. Refreshments were also served.

AMERICAN HORSES WIN

At International Horse Show at Olympia

LONDON, June 20.—At the international horse show at Olympia there was a slightly better attendance today. Judge W. H. Moore of New York had to content himself with second prize in class 15 for novice tandem not exceeding 15 hands, in which he was represented by Best and Raeburn.

J. Summer Draper of Boston obtained second prize with Nimbus in class ten for novice single harness horses over 15 and not exceeding 15 1-2 hands.

I.W.W. LEADER ARRESTED
Lawrence Man Wanted at Ipswich

LAWRENCE, June 20.—Joseph Murphy, a well known Industrial Worker of the World leader and socialist, was arrested here today on a warrant for the Ipswich authorities charged with being a dangerous and disorderly person.

LAWRENCE MAN KILLED

Fell From a Viaduct at Cincinnati

CINCINNATI, O., June 20.—A man giving his name as Charles Cassidy of Lawrence, Mass., and his occupation as a telegraph operator died at the city hospital here early today as the result of a fall from a viaduct at Mitchell avenue and the canal yesterday. He sustained a compound fracture of both legs, a fractured skull and multiple bruises, but lived several hours after being found. The coroner has ordered a post-mortem and is investigating the case although the police are of the opinion that the fall was an accident.

INDUSTRIAL SCHOOL WORK

Fine Showing in Mechanical Departments

All the boys' departments of the Lowell Industrial School were thrown open to the public today from 2 to 5 p. m.,

and the hundreds who availed themselves of the opportunity to study the splendid work done by this institution were more than repaid for their attendance, because not only did they see convincing evidence of the excellence of the work being turned out, all around them, but they saw the pupils themselves busily engaged in their various occupations. Quite a few of the

completed specimens were on exhibition, but the visitors seemed to take greater interest in the specimens in process of construction, and the eager boys were only too glad to explain the different processes of the work and the various uses of the finished articles. Mr. Thomas F. Fisher, principal of the school, was kept on the alert answering questions, and the teachers in the

various departments seemed glad of the opportunity to show the public the high proficiency attained by the pupils in the short time of the school's existence.

Don't forget the Inquiries.

HIGHEST PRICES IN 30 YEARS

Wholesale Prices of Commodities
in United States Advanced
Sharply Last Year.

WASHINGTON, June 16.—Wholesale prices of commodities in the United States last year were higher than at any time during the past 30 years, the United States Bureau of Labor statistics announced. During the year, wholesale prices advanced sharply, the most important feature being the marked increase in the prices of farm products, food, fuel and lighting, and metals and implements.

Fuel and lighting showed the greatest increase over 1911, the average being 54 per cent, while coke increased 46.3 per cent and crude Pennsylvania petroleum 21.2 per cent.

Food as a group increased 42 per cent, the most pronounced increase being in corn meal, 77.2 per cent, and canned tomatoes 37.1 per cent.

Farm products increased 37 per cent, the principal increase being in sheep, 24.4 per cent, and cattle 29.4 per cent.

Metals and implements increased 5.6 per cent, the greatest advances being copper, 31.6 per cent, and spelter, 29.9 per cent.

House furnishings, disinfected, increased from 2.3 to 10.3 per cent, while drugs and chemicals advanced in price 22 per cent.

Cloths and clothing increased only 3 per cent, boots and shoes 1.5 per cent, carpets 2.9 per cent, print cloths 3.3 per cent, and leather 9 per cent.

Rubber and building materials comprised the only group showing a decrease, the decline being 2.3 per cent.

PLOT TO FREE CONVICTS

Guard at Bridgewater
Finds Lock Broken

MIDDLEBORO, June 26.—Discovery of a broken lock on the main gate and a ladder concealed within the grounds of the state prison for the criminally insane at Bridgewater yesterday, is believed to have been made just in time to frustrate an attempt at jail delivery. A double guard was thrown about the institution last night, as the prison officials are confident that outsiders attempted to aid in the escape of one or more of the prisoners.

In making his rounds yesterday Officer Folsom discovered that the lock on the main gate had been broken and that an iron bar had been removed. He immediately reported the fact and further investigation disclosed the

BABY CHAFED, SORE HEALED IN THREE DAYS WITH COMFORT POWDER.

Mrs. E. C. Hudson of Riverview, N. Y., says: "I find Comfort Powder far superior to any talcum powder I ever used. It entirely healed my baby's chafed and irritated skin in three days." The superior medication of Comfort Powder makes it unequalled for chafing and all skin soreness or irritation of infants and adults alike. Be sure you get the genuine with the signature of E. S. Sykes on box.

ladder concealed beneath some shrubbery inside the wall.

The wall surrounds the garden of 11 acres and is some distance from the prison buildings. It is believed that during the night someone broke the lock on the gate and made his way inside the grounds with the ladder. Just how anyone could have escaped the vigilance of the guard the prison authorities would not state.

A close watch was kept on the inmates of the prison all day long, but no actions that would cause suspicion were noted. The prison authorities admit that had the prisoners been let out yesterday morning before the broken lock and ladder were discovered, it would have been an easy matter for several of them to have scaled the wall.

Meet me at the Lake, tonight.

SCHOOLHOUSES BY MAIL.

Write Sam Seidling Out Cardboard Models of School Houses by Parcel Post.

Sending cardboard models of schoolhouses by parcel post is the latest device of the United States bureau of education for arousing interest in attractive school buildings at low cost for rural communities. The models are made to fold flat and are shipped by mail to local authorities, normal schools, and other agencies, for use during a limited period. A number have already been sent to points in the west and southwest.

Models for one, two, and four-room schools are provided. The buildings are planned especially for rural communities where low cost is the first consideration.

If you want help at home or in your business, try The Sun "Want" column.

They represent the very latest ideas in school architecture; they are usually attractive to look at, they are up to the minute in hygienic arrangement; yet they are within the means of the smallest communities.

The buildings were designed by Dr. F. B. Dresslar, specialist in school hygiene of the bureau of education, and then worked over by two well-known firms of school architects, Cooper & Bailey, of Boston, and W.

The woman of to-morrow must have plenty of good, pure, red blood today. The foundation of good or bad health is laid during her girlhood days. No girl should allow herself to become pale, bloodless and weak and thus lay the foundation for a lifetime of ill health and misery. Let every girl ask herself today if her blood is as pure and rich as it should be. Pale cheeks, lips and gums, shortness of breath on going upstairs or on slight exertion, palpitation of the heart, sleeplessness, lack of appetence and ambition and all tired-out feeling are some of the signs of bad blood. The more of them you have the more advanced is the bloodlessness and the greater the need of building up your blood.

Dr. Williams' Pink Pills for Pale People

do not simply provide the elements that the blood lacks; they good influence is more far reaching. The new blood goes everywhere just the same as the water, impure blood did, but unlike it, carries health, nourishment and strength to every part of the body. As the blood improves the general health improves. The good results are soon felt throughout the body.

Every bloodless girl or woman should send for the free booklet "Plain Talk to Women" and "Building Up the Blood."

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or will be sent, postpaid, upon receipt of price by the

Dr. Williams' Medicine Company, Schenectady, N. Y.

YOU SAVE MONEY WHEN YOU BUY

AT THE RIKER-JAYNES STORES

Every Hour, Every Day, Riker-Jaynes
Prices are the Lowest, Quality the Highest

Day after day the prices on all the goods in Riker-Jaynes stores are uniformly low. Quite frequently we have one or more Special Sales in progress, during which we make exceptionally low prices in leading articles. But every hour of every day our regular day-by-day prices are the lowest you can find in drug store goods. We have no system of "bait" which lures you to purchase one article at a low price to induce you to buy others at high prices.

If you trade with Riker-Jaynes Stores the year round, you will count a good many dollars saved at the end of 12 months.

ELASTIC HOSIERY

Private fitting room in every store. Experienced male and female attendants. Satisfactory fit guaranteed.

Rev. Raymond G. Clapp

Installed as Pastor of the
First Trinitarian Church

EXERCISES HELD AT CHURCH
LAST EVENING

Rev. Mr. Newcomb of First Church Extended Hand of Fellowship to New Pastor

Rev. Raymond Gilmore Clapp was formally installed as pastor of the First Trinitarian church last night.

A council made up of churches of the Andover association met in the afternoon, and after the reading by Rev. A. C. Ferrin, moderator and Rev. C. S. Reddick of Danvers, scribe.

After the business was over, supper was served in the lower rooms. Deacon O. A. Brigham was master of ceremonies and there were remarks by Rev. Henry McLean, Rev. E. Victor Bigelow, Rev. J. M. Craig and Rev. N. W. Matthews.

The installation services opened at 7:30 o'clock. There was a short musical program and after the reading by the scribe of the minutes of the council, the prayer of invocation was made by Rev. A. C. Ferrin.

Rev. C. A. Lincoln read the scripture lesson. The sermon was preached by Rev. Oscar E. Meiner, D. D., of New Haven; Rev. Frederick B. Richards of Boston gave the prayer of ordination; the charge to the pastor was by Prof. William Walker, D. D., of Yale University; school; the charge to the people was by Rev. Rodney W. Roundy of Keene, N. H.; Rev. Edward H. Newcomb of the First church gave the right hand of fellowship; and Rev. Charles T. Billings extended to the new pastor a welcome to the city. Rev. Raymond G. Clapp pronounced the benediction.

In giving the charge to the pastor,

Those Who Rely on

the great home remedy which has proved its power to relieve safely and speedily the minor ailments arising from defective or irregular action of the organs of digestion, find themselves spared hours of suffering and able to ward off the attacks of serious sickness.

BEECHAM'S PILLS

never disappoint those who take them. They help the digestion, stimulate the liver, clear the kidneys and regulate the bowels. By purifying the blood they increase cheerfulness and create confidence. As actions depend on health and strength, those who know Beecham's Pills

Enjoy Life

Sold everywhere. In boxes, 10c, 25c.
Beecham's Pills have the largest sale of any medicine in the world.

Ambition Pills

FOR NERVOUS PEOPLE

At last they're here and here to stay. The first time ever offered to the people of Lowell—the famous Wendell's Ambition Pills—the great nerve tonic that will put vigor, vim and vitality into nervous, tired out, all dependent people in a few days.

Anyone can buy a box for only 50c. The Riker-Jaynes company is authorized by the maker to refund the purchase price if anyone is dissatisfied.

Thousands praise them for general debility, nervous prostration, mental depression and nervousness, caused by over-indulgence in alcohol, tobacco or excesses of any kind.

As a brain food or any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at Riker-Jaynes. Mail orders filled. Packages prepaid by Wendell Pharmaceutical Co., Syracuse, N. Y.

Rev. Charles T. Billings

welcomed Mr. Clapp to the Ministers' union, to the Federation of Churches and to the city.

Theatre Voyons

The Theatre Voyons shows today exclusively in Lowell Pathe's Weekly and Biographs. The Biograph leader is "Death's Marathon," featuring Miss Blanche Sweet, Walter Miller and Henry Whithall, three of their best players. It is a most dramatic subject, staged with great care and one that holds every bit of attention from beginning to end. "The Switch Tower," tells of a little kid's courage and skill in a novel way and Pathe's Weekly covers every event of importance in pictures.

AMERICA'S BIG CITIES EXTEND WARM WELCOME TO BRAZILIAN MINISTER

NEW YORK, June 19.—Dr. Lauro Muller, minister of foreign affairs of Brazil, who is now on a tour of this country with other Brazilians, was given a cordial welcome here. Among those who make up the entourage of the ambassador are Dr. Heito Lobo, Captain Antonio Sampaio, Euclides Hermes da Fonseca, military aid and son of the president of the Brazilian republic; Dr. de Aquino, Leopoldo Moreira, Alberto da Ipanema Moreira, naval aid, and Captain Thein Costa, commander of the Dreadnought Minas Geraes, on which the visitors arrived at Norfolk June 10 on the first leg of their journey. Dudley Field Malone, assistant secretary of state, is accompanying the party as the official representative of President Wilson. The formal reception for the South Americans here began when Mayor Gaynor paid his official call. This was re-

turned later at city hall, and then followed a tour of the city in automobiles and a luncheon, at which the party were the guests of the American Manufacturers' Export association at the Hotel Plaza. The first day's activities ended with a dinner with the Pan-American society at the Knickerbocker. The visitors then planned to go to West Point to inspect the Military academy, making the trip up the Hudson river in a torpedo destroyer. After a banquet given by the New York chamber of commerce the party's plans called for a visit to Boston. The Brazilian minister is repaying the visit of Elihu Root to South America when he was secretary of state. An elaborate program of official functions in many cities has been arranged for the distinguished guest while he is in this country.

THE MUNICIPAL SALOON

So. Dakota City and the
County Divide Profits

SISSETON, S. D., June 20.—Com-
mencing July 1 Sisseton will have the
nearest approach to a municipal saloon
of any town in South Dakota.
The license for two saloons to which

the town is entitled, were granted to
W. E. Bollenbeck by popular vote.
Bollenbeck will conduct the business
on unique lines. He will work on a
salary of \$1500 a year and the profits
of the business will be divided as fol-
lows: Fifty per cent to the county
good roads fund and the remainder
fifty per cent to the city treasury.
The daily receipts of the saloon will
be turned over to two leading citizens
under whose control the business will
be conducted.
The name of the city will not appear
in any of the transactions of the saloon.

URGES LONGER SKIRTS

Rochester Wants Less
Woman and More Cloth

ROCHESTER, Pa., June 20.—Local
femininity is in an uproar of excite-
ment because of the forthcoming pro-
clamation from Burgess Crago and the
moral efficiency commission on wom-
en's dress. Length of skirts, scanti-
ness of waists, lowness of necks and
thickness of hose will be prescribed in
the edict. Burgess Crago and the com-
mission think they know a thing or
two when they see it, and they are
determined to see it no longer. Nor
any shorter, either.

In future there is to be more air and
less scenery.

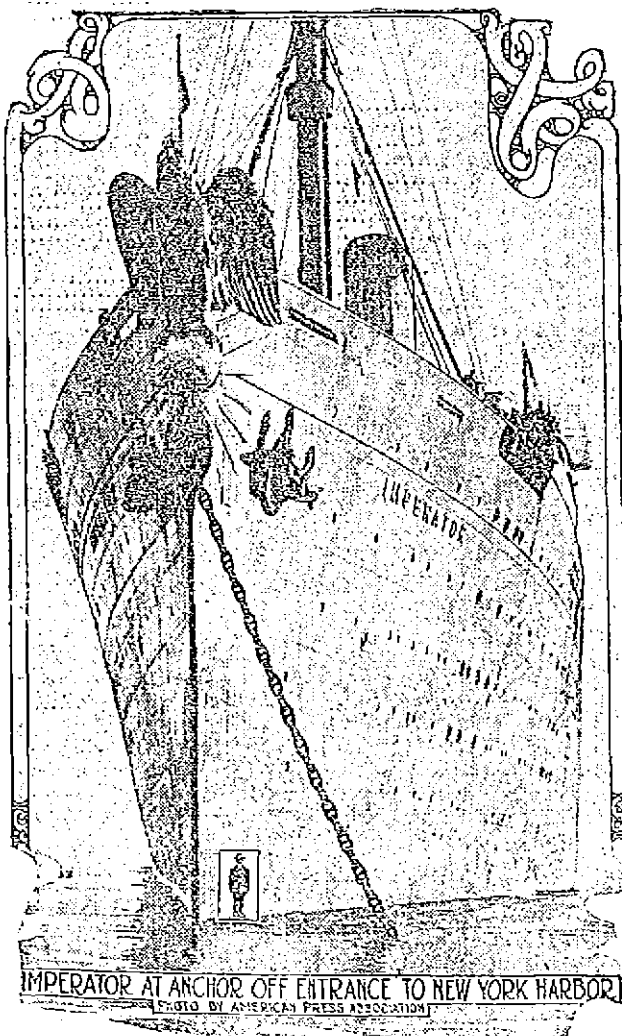

Policemen yesterday received in-
structions to warn all women appear-
ing in slashed skirts, form-draped
costumes, hide-and-seek waists and
other modes frowned on by the com-
mission to return home and change
their dresses. Failure to comply with
the regulations of the expected edict
is to be punished with arrests and
fines.

The action of the burgess and the
commission was authorized at the
council meeting, at which speakers ac-
cused the scantiness of women's
dress the present "deplorable moral
condition of the city." The council
delegated to Burgess Crago and the
commission the job of determining just
what was "immoral" and what was
"modest."

Several women who were warned by
police yesterday denounced the
action of the council as despotism. But
there was no talk of taking the matter
any higher up. In a day or two all
women will be expected to know just
how far they may go in either direc-
tion.

Chippendale, No. Billerica, tonight.

IMPERATOR, WORLD'S OCEAN MARVEL, REACHES THE PORT OF NEW YORK

IMPERATOR AT ANCHOR OFF ENTRANCE TO NEW YORK HARBOR

NEW YORK, June 20.—The 50,000, which arrived here yesterday, was
ton Hamburg-American liner Imper- visited by thousands after her arrival
ator, the biggest steamship afloat, from her maiden voyage from Ham-

burg. The Imperator averaged twen-
ty-two knots an hour, and her time
was announced as 6 days 9 hours and
55 minutes from Cherbourg break-
water to Ambrose Channel lightship.
The total distance of 5,153 miles from
Hamburg was divided into daily runs
ranging from 229 to 558, made on
Friday, the 13th, notwithstanding it
was a day of strong gales and heavy
seas. No attempt was made to speed
the vessel, but during her fastest go-
ing she proved very steady, according
to reports from shipboard. Captain
Hans Ruser, her commander, said he
was delighted with her behavior. The
Imperator is 519 feet long. To accom-
modate this length an extension of 100
feet has been built out into the North
river from two of the Hamburg-Amer-
ican piers on the Hoboken side. Her
unusual height also has called for
some changes in the pier construction,
and passengers landed from the prome-
nade deck by a stairway built
through the roof of the pier. The Im-
perator, which is some 5,000 tons
larger than the Olympic, will be an
attraction in this port until she starts
again for Hamburg June 25. There is
something to see on each of the nine
decks, which are lettered from A to I.
The upper, or sun, deck, known aboard
ship as A deck, is ninety feet above
the water. It has a great promenade
and one of the most ornate smoking

rooms ever built in a transatlantic
liner. Although many of the Imper-
ator's eighty-three lifeboats are kept
upon this deck, there is an abundance
of room for deck sports of all kinds.
Every device known in steamship con-
struction has been used in making
the Imperator unsinkable. She has
thirty-six water tight compartments,
several of which could be flooded
without affecting the floating capacity
of the vessel. Her quadruple turbine
engines, representing 62,000 horse-
power, are sufficient to develop an
average speed of 22.5 knots. In the
illustration the comparative size of a
man and the ship is indicated by the
small figure in the white square at
the water's edge at the bow of the
vessel.

REVERE ASSESSOR FOUND GUILTY

Chairman Segee is Convicted of Forgery of Public Record—The Town Tax List Falsified

BOSTON, June 20.—Samuel A. Segee, chairman of the Board of Assessors of Revere, was convicted this morning on the charge of forging public records, the tax lists of the town. The jury which has been hearing the case for a week returned a sealed verdict last night, which was opened by Clerk Harrington.

Asst. Dist. Atty. Lavelle, the prosecuting officer, immediately demanded that the hall of the defendant be searched for the forged records. The jury, which had been hearing the case for a week, returned a sealed verdict last night, which was opened by Clerk Harrington.

The verdict of guilty in five counts is explained on the ground that all the rest of the 13 counts in the original indictment were withdrawn yesterday by Asst. Dist. Atty. Lavelle. He said that the counts which he withdrew practically reiterated the charges which were contained in the remaining five counts. The five counts on which the defendant was found guilty referred to entries in the valuation tax book of the town, in which it was charged that the defendant had transferred taxes on real estate, in which he had an interest, to the personal tax list and to the names of persons who could not be found.

DEMOCRATIC CAUCUS ON TARIFF

All Schedules and Administrative Sections of Bill Submitted—Income Tax Feature Held Back

WASHINGTON, June 20.—Democratic senators caucused today on the tariff bill as revised by the majority of the finance committee. All schedules and administrative sections were submitted. Only the income tax feature was held back for revision. The committee expects to meet Sunday to complete that work.

Chairman Simmons indicated he expected opposition in the caucus to the sugar and wool program but believed

those schedules would not be changed. The amendment permitting the president to proclaim special rates when foreign nations discriminate against the United States provides that he shall exercise this authority on certain articles, as follows:

Fish, fresh, smoked and dried, pickled or otherwise prepared, one cent per pound; on wheat, ten cents per bushel; on wheat flour, 45 cents per barrel; on coffee, three cents per pound; on tea ten cents per pound.

On the following articles a duty not to exceed one and one-fourth times that specified:

Lard, stone and china ware; leather, shoes, wines of all kinds, malt liquors, knitted goods, silk dress and piece goods; leather goods; lace and embroideries of whatever material composed, and articles made wholly or in part of same; toys, jewelry and precious semi-precious and imitation precious stones, suitable for use in the manufacture of jewelry.

On the following, in addition to the duties as provided:

Sugar in tank bottoms, syrup of cane juice and concentrated molasses, testing by the polariscope not above 75 degrees; 15 one-hundredths cents per pound and for every additional degree by the polariscope test additional one one-hundredth cent per pound; on molasses two cents per gallon.

FUNERALS

MacKINNON—The funeral of Robert H. MacKinnon took place yesterday afternoon from his home in Somerville. The body was forwarded to Lowell and burial took place in the family lot in the Edison cemetery. The local arrangements were in charge of Undertakers Young & Blake.

WEBSTER—The funeral of Mrs. Octavia A. Webster took place yesterday afternoon from her residence, 252 West Lowell street, in the family lot in the Edison cemetery. The local arrangements were in charge of Undertakers Young & Blake.

WATSON—The funeral of Mrs. Mary J. Watson took place from the rooms of Undertakers J. B. Currier Co. yesterday afternoon. The services were conducted by Rev. J. M. Craig, pastor of the First Presbyterian church, and the bearers were: Richard Bottomley, Adam Gallagher, Robert Watson and Ernest Currier. The committal services were held at the grave by Mr. Craig, and burial was in the family lot in the Edison cemetery, in charge of Undertakers J. B. Currier Co.

DAVIS—The funeral of Miss Sophia Davis took place from the Old Ladies' Home yesterday afternoon. The services were conducted by Rev. J. M. Craig, pastor of the First Presbyterian church. The body was sent to Lynn, this morning, for burial, by Undertakers J. B. Currier Co.

MEMORIAL—The funeral of Margaret McMahon, the child who was accidentally drowned Monday, by falling into a well, took place yesterday afternoon from the home of her parents, 41 Fruit street, and was largely attended. Among the flowers were placed by the following: Family, godfather and godmother, Mr. and Mrs. Joseph Moran, Mrs. Murphy, Mrs. Cullinan and Miss Annie McMahon, neighbors; bereaved drivers and helpers, Mr. and Mrs. Michael Droney, the Casey family, Eddie and Lizzie Sullivan, Ernest Woods, Anna Lowrey, the Schuetzler family, Carl Woessner, Alice Woessner and Hattie Schuetzler, Margaret Savard. Present at the funeral were many friends from Peabody and Lawrence. Burial was in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

DONAHUE—The funeral of Patrick Donahue took place this morning from his late home, 41 Common street, at 8:15 and was largely attended. At St. Patrick's church high mass of requiem was celebrated at 9 o'clock by Rev. Joseph Curran. The choir under the direction of Mr. George Johnson sang the Gregorian Mass. Miss Alice Murphy and Mr. Andrew McCarthy sustaining the solos. Among the floral tributes was a large wreath from the caterer. The bearers were John Flynn, Patrick Gaffney, Thomas O'Brien and John Regan. Interment was in St. Patrick's cemetery. Rev. Joseph Curran read the committal prayers. Undertaker Peter H. Savage had charge of the funeral arrangements.

NOTICE!

Industry Council, R. A., No. 1722

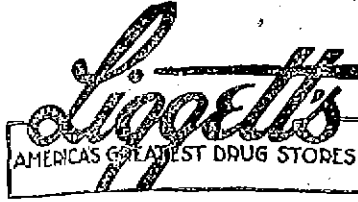

Members and friends are invited to attend an illustrated lecture on Quebec by Supreme Trustee John J. Hogan on Monday evening, June 23, in Odd Fellows Hall, followed by a musical program. Members can obtain tickets for their friends from R. T. Mower, Bradley building, Central street.

NEW MINISTER TO CUBA

Is Noted Son of Cuban Patriot

COLUMBIA, S. C., June 19.—William E. Gonzales, editor of the State, who was appointed minister to Cuba, is well equipped for that post. His father was the famous General Ambrosio Jose Gonzales, who was Cuban by birth and a journalist of that country. General Gonzales' life was a

stormy and eventful one. He took a prominent part in the uprising of Cubans against the Spanish in 1895 and since that time had been practically an exile in America. He engaged in the Lopez expedition and had a prominent part in other movements to free Cuba. He served with honor as a Confederate general. It was from the

"That's the sixth Studebaker we've passed—the only kind to invest in."

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that tells—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'He said—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the test in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

See our Dealer or write us.

general that his son received much of his wide information concerning Cuba. The new minister is one of the south's noted editors.

Kills the Germ That Makes the Trouble

The deadly dandruff germ causes 50 per cent. of baldness. SULPHOLAC destroys this germ, overcomes dandruff, eczema, itching, scaly scalp, dry and feverish conditions that stop all hair growth.

SULPHOLAC combines the benefits of sulphur, with a highly priced germ destroyer. These ingredients make it a skin remedy of extraordinary value.

Easy to work into the scalp, readily taken up by the skin, this velvety-smooth cream gets to the seat of the trouble. Even in stubborn, aggravated cases, SULPHOLAC brings the scalp back to health, keeps it clean, soft and moist, stops falling hair and stimulates a good, strong growth.

Enjoyed Field Day Events at Shore Resort Near Providence, R. I.—Norman Taber Easily Won Mile Run

PROVIDENCE, R. I., June 20.—Norman S. Taber of this city and Howard Drew of Springfield, both Olympic winners, were the stars in the annual field day games of the New England Association of Moose at a local shore resort yesterday afternoon. Taber was easily the winner in the mile run and drew captured the 100 yards dash with little more difficulty. The Moose, about 10,000 strong, went down the bay after a parade yesterday, had a Rhode Island shore dinner, witnessed the field sports and held their drills. The Newport police captured first prize in the drills, with Springfield, Mass., second.

THE FIRST RAILROAD

Baltimore & Ohio Charter
Granted in 1827

A question having arisen as to the exact date of the beginning of the Baltimore & Ohio railroad, it was thought worth while to consult an old newspaper file. Old news sometimes becomes new by age and there is no better history than that furnished by the contemporaneous accounts of newspapers. The charter of the Baltimore & Ohio railroad was granted by the legislature of Maryland in 1827, and the second one granted in the United States, and was the beginning of by far the greatest engineering enterprise that had yet been conceived in America. It was the first step in furtherance of Washington's favorite idea in binding the east and the west together by commercial lines. It had given the weight of its influence to the promotion of the Chesapeake & Ohio canal, but he did not dream that thirty years after his death a great railroad would cross the Allegheny mountains and connect the water with the Mississippi valley. The beginning of such an undertaking deserved to be properly celebrated and duly recorded, and so it was. It was a great event and it is fully described in Niles' Register of July 12, 1828. This paper was published in Baltimore, where the ceremony took place, and its account has the freshness of contemporary narrative.

The Register was a weekly and while the ceremony occurred on Friday, July 1, 1828, the report was not printed till Saturday, the 12th. It occupies several columns of the paper and has a one-line caption of "Fourth of July—Formation of a Railroad." Of course, the railroad meant the only one talked of. "The celebration of the Fourth of July and the ceremonies attending the commencement of the Baltimore & Ohio railroad," says the Register "brought to the town a great concourse of strangers." It estimates the crowd at fifty thousand and congratulates its readers that "with the exception of one or two lost children, we know of no accident that disturbed the festivity of the scene in this city." As the Fourth of July and the commencement of the railroad were to be celebrated together, the program covered a good deal of ground, including a street parade, speaking, reading, the Declaration of Independence, artillery salutes, laying of a foundation stone, etc. The principal orator of the day said: "We are commencing a new era in our history, for there is none present who doubts the great and beneficial influence which the intended road will have in promoting the agricultural manufactures and internal commerce of our country." A procession several squares in length, and including all the guilds of Baltimore, carried banners mixed with railroad streamers.

The stone cutters' guild furnished a large stone suitably inscribed, which was laid by the masons, assisted by Charles Carroll of Carrollton, the last surviving signer of the Declaration of Independence, then nearly ninety years old, who delivered a brief address. The stone was inscribed on two sides: "First stone of the Baltimore & Ohio Railroad company" and a cavity contained the charter of the company and other documents. At the completion of the stone-laying, the speakers and ladies presented Mr. Carroll a new coat which had been made while the procession also received as souvenirs the trowel he had used in laying the stone and the pick used in placing it, both made expressly for the occasion. The latter's guild presented him a new beaver hat, and the bookbinders a beautiful bound volume of the report of the engineers of the road. It was an auspicious opening of a notable enterprise and the Register informs us that "the day concluded with more decorum and quiet than we remember to have seen on any like occasion."

BATTLE IS WARMING

Suggestions in the Great Library Contest

It's only over a week ago since the big contest started on its journey to Sept. 4. Thirteen weeks are only a little speck on the map of time, and with this speck hangs the fate of many valiant contestants for the big library.

In the little speck flutters the emotions of thousands of voters who eagerly tremble in anticipation of victory for success in the big contest carries with it the preservation of a big bunch of pride and a glorious achievement. It appears that the winner cannot hope to land in the first place with a large majority. It appears to be a neck and neck race among the first 15 or 20 and no time about the lead is discouraging even to the tail enders.

For the dark horse has furnished his surprise many a time in the big book contest. It will require a supreme effort on the part of the winner to capture the prize. The battle has reached the hand to hand struggle point and you will see the weekly vote grow and multiply at an astonishing rate from now on.

That is to be reasonably expected, for all are distributing their energies among their foes; every inch of the ground is being carefully studied.

What a battle it will be. A battle of ballots; a battle for books. Unless you want to surrender when this day comes you will have to march every dime, every dollar and ten dollar purchase count from now on, for you see how close they are running, and a deaf ear to this admonition, evenness may be at the price of victory.

Factions are allied against factions.

BANISH FOOT MISERY

Soreness, Burning, Swelling
Disappear Over Night

Reliable druggists are telling a lot of 100 on money back plan to people who must have strong feet to do the day's work.

Put on 120 for weary, tender, perspiring, burning, aching, foul smelling feet. Get it to take out the agony from corns and bunions. It's always ready. Use this delightful ointment for any burn, eczema, rough or itching skin and for chafing. A jar for only 25 cents everywhere.

clubs against clubs; schools against schools, and all in a friendly warfare for good books. No effort will be spared to force the favored one to the top. It will, indeed be a proud achievement to be able on September 4 to shout the glad tidings to your valiant workers: "We win!"

The last day has already begun to creep over the horizon. We can see a number of serious, earnest representatives assisting in carefully tabulating the huge vote cast for the advent of this great day by directing your steps contest-ward when shopping. Brighten your home each day by the purchasing of Low-ell's leading paper, The Sun, and get the two vote coupon.

Every day shows a large number of Sun coupons. Look out that you embrace this important feature or you will be found wanting in the big wind-up. The Sun two vote coupon is the power behind the throne.

More Women Cops
NEWPORT, R. I., June 20.—Mayor William MacLeod last night appointed Minnie Smith and Janet Buchanan, patrol police of the city of Newport. Both women have been doing police duty at the Newport beach since last Sunday and have worn the badge of the beach association, but today they appeared with official police badges for the first time.

Savings Bank Life Insurance
In 1907 was effected the passage of the law establishing Savings Bank Life Insurance. In these five years

since the passage of the act Savings Bank Life Insurance has grown steadily until today there are four savings banks with insurance departments, namely: The Whittman Savings Bank of Whittman, the People's Savings Bank of Brockton, the Berkshire County Savings Bank of Pittsfield, and four-

teen other Savings Banks which are public agencies. More than 200 agencies have been established in factories, shops, and mills for the benefit of the employees, and this cooperation of business men has been most helpful. There are now more than 1700 policies in force with insurance to the amount of nearly \$2,000,000.

ST. JOSEPH'S COLLEGE

Public Awards Made to Graduates

The commencement exercises at St. Joseph's college in Merrimack street were very largely attended by parents and friends of the young graduates. The hall was filled to its capacity and those present were highly entertained for a varied musical and entertainment program which was carried out in a delightful manner, under the personal direction of Rev. Bro. Leon Hernandez, S. M., director of the school.

The graduates, fourteen in number, were presented school and diocesan diplomas by the pastor of the parish, Rev. Henri Watelle, O. M. I., who took occasion to congratulate the teachers and pupils for their good work during the closing year.

The following is a list of models awarded the graduates for various studies: Gold medal, donated by Rev. Henri Watelle, O. M. I., won by Arthur Laroche, who was first in religion; gold medal, donated by Joseph T. Monahan, won by Leonard Blanchard, first in department; gold medal, donated by Frank Ricard, won by William Ricard, first in English; gold medal, donated by Auguste Solares, won by Herve Perron, first in French; gold medal, donated by St. Joseph's college alumni, won by Antonio Berger, first in mathematics; gold medal, donated by J. B. Pelletier, won by Ernest Poirier, first in spelling; gold medal, donated by Catharine Council, U. S. J. Bro. A. A., won by Paul Choquette, first in history; gold medal, donated by St. Joseph's college alumni, won by Arthur Gagnon, first in mathematics; gold medal, donated by Albert Ducharme, won by Leo Giroux, second in French; silver medal, donated by St. Joseph's college alumni, won by Emilie Levesque, second in mathematics; silver medal, donated by Thos. J. Goyette, won by Achille Gaudin, first in drawing; silver medal, donated by St. Joseph's college alumni, won by Paul Chevalier, prize of honor; silver medal, donated by J. B. Pelletier, won by Leon L'Heureux, second in English; silver medal, donated by St. Joseph's college alumni, won by Victor Hamel, second in history.

Several other prizes consisting of fine volumes, donated by Rev. Armand Baron, O. M. I., and St. Joseph's college alumni, were also distributed to pupils of lower grades.

SWIMMING RACE JULY 4

"Podge" Murphy Issues Challenge

Frank "Podge" Murphy, if his wishes are carried out, will furnish one of the best of the Fourth of July sporting events for the people of this city. Mr. Murphy, who has been training for approaching swimming contests, issues a challenge to anyone who will accept for a race to take place on the Merrimack on July Fourth in connection with the regatta of the Lowell Motorboat Club. He states that it would be advisable to have the race start at the Tyngsboro bridge and the finish line in front of the Motorboat Club at Pawtucket street. This event would be a great added attraction for the members of the club on that day, and they will doubtless be all in their power to promote the race.

It seems that there are many local swimmers who are of the opinion that they can defeat Murphy, and this will give them an excellent chance of proving their statements in this regard.

STRAW HATS

— FOR —

Men, Boys and Children

- MEN'S and BOYS' CAPS, all styles. 25c to \$1.50

TALBOT'S

LOWELL'S HAT CORNER
American House Block Central Street

Murphy claims the city championship, and he is ready to defend it. "Podge" has been to see His Honor Mayor James E. O'Donnell about the matter, and the mayor agreed to make an appropriation of about \$30 or \$35 for prizes provided sufficient interest is shown and someone has the courage to accept the well-known swimmer's challenge. It may be that the Lowell Motorboat Club might find some aspirant to meet Murphy in a long distance swim. Answers to the challenge of "Podge" may be sent in to The Sun office.

THE PAROCHIAL SCHOOLS

Arrangements for the Closing Exercises

The closing exercises and presentation of diplomas to the graduates of the local parochial schools will take place for the most part within the next week. In some cases, elaborate programs are being prepared and will be given before audiences of parents and friends of the children, while others will simply award the diplomas and prizes at the high mass on Sunday in their respective parishes.

This latter will be the case in St. Patrick's school which will hold its exercises Sunday morning at the 11 o'clock high mass. Rev. Fr. Kerrigan will celebrate the mass and Rev. Joseph A. Curtin will preach a special sermon. In the absence of the pastor, Rt. Rev. Mr. William O'Brien, D. D., Rev. Fr. Callahan will present the diplomas to the graduates. The sanctuary choir will be seen for the first time this season, after having rendered excellent service under the capable direction of Brother Clement, its earnest and efficient leader.

At St. Michael's church on Sunday at the high mass, the diplomas will be presented to the graduates of the parochial school. This will constitute the graduation and there will be no further exercises. Special music by the choir will be heard at the mass, and Rev. Fr. Shaw will preach.

On Tuesday evening in the school hall with an elaborate program, carefully arranged, the closing exercises of the Immaculate Conception parish will be held. There will be musical selections, and other forms of entertainment of the high quality which has always characterized the affairs of this school.

St. Patrick's Boys' School

This evening in the Academy of Music, the pupils of St. Patrick's boys' school will give their first annual entertainment, under the direction of the Navarino Brothers, who have charge of the school. The program includes some musical selections that are sure to please and among other things a drama, "The People's Music." The brothers have worked hard in preparation for the affair and tonight's entertainment promises to be the best in years.

Inquiries at the Lake, tonight.

7272 QUALIFIED BANKS

Are Paying to the Government Two and One-half Per Cent. Interest on Postal Savings Funds

WASHINGTON, June 20.—At present 7272 qualified banks are paying to the government two and one-half per cent. interest on postal savings funds. Now and simplified regulations under which such banks must qualify as depositories for postal savings funds now are being sent out by the postoffice department.

The postal savings system is in operation in 12,520 different offices; the depositories number 250,000 and the deposits aggregate \$25,000,000.

HARVARD WON BOTH RACES TODAY

Easily Defeated Yale in Varsity
Four Oared and Freshman
Eight Oared Events

REGATTA COURSE, New London, New Haven combination worked the stroke up to 40 and it began to appear as though Yale would nip their rivals before the finish was reached.

Harvard's freshman eight had power in reserve, however, and also raised its stroke until both crews were racing at a 40 stroke clip. A quarter of a mile from the finish the pace proved too much for the Elis, who despite the high stroke drifted back until a scant length separated the two shells as they passed between the finish flags.

Both crews finished the hard race without signs of excessive physical exhaustion and held perfect stroke form until the end.

So far as could be judged from the average spectator's point of view there was very little difference between the so-called Wray stroke and the English stroke rowed by the Yale freshmen.

The four oared race was little more than a procession. Harvard took the lead at 5.10 when the referee's pistol sent the crews away and steadily increased it until at the finish of the two miles five lengths separated victors and vanquished. The official finishing times of the two fours indicates the difference in speed for Harvard crossed the line 11 minutes, 52 seconds, while Yale was over in 12 minutes, 11 seconds.

The struggle for honors between the first year crews was, however, a real race and although the Crimson won, the showing of the Eli youngsters was excellent. Both eights caught the water at the bridge at 10.32 and raced up river toward the two mile mark at 35 strokes to the minute. Even in the opening dash Harvard showed a little more finish and drive in its stroke and gradually moved into the lead until at the first half mile mark the Cambridge crew led by half a length rowing 25 strokes to the minute against Yale's 22.

Passing through the long lane of yachts to the mile mark both eights rowed steadily. Harvard dropped to a 36 mark but had increased her advantage to a full length at the mile.

The Blue youngsters started a spurt which set the Yale clan on river and short shouting, for jumping the stroke to 38 and then to 39, they gradually cut down the Crimson lead to a scant half length at the mile and a half mark. Still rowing smoothly the

HELLO GIRLS WRECK PROPERTY

Three Riot Calls Sent in at St. Louis—Striking Operatives Attack Strikebreakers

ST. LOUIS, Mo., June 20.—Three riot calls in connection with the local strike of the Bell Telephone Co.'s operators were sent in last night. Destruction of telephone property continued, and the company has offered rewards of \$250 for the arrest of each of the vandals.

Personal violence occurred in front of Tyler exchange about midnight. A crowd of 500 striking telephone girls and sympathizers attempted to prevent the strikebreakers from entering taxi-cabs. Eight policemen and the company's guards rushed the crowd. One of the strikers was knocked down and trampled. Later riot calls came from other parts of the city.

KEY WORKERS STILL AT LARGE

Several Thefts Reported in Highlands—Police Notified and Are Looking for Culprits

There is a key worker in town and he is working successfully despite the efforts of the police to capture him. His favorite field of activity seems to be the Highlands, and for the past few days several thefts have been reported in that district.

The cases of three families who were robbed in the same block in Liberty street were reported in yesterday's Sun, and today the writer learned that the same game had been worked in other places. One of the places robbed was the flat occupied by Mr. and Mrs. Carl H. Streeter, 28 Ware street, where it is said the culprit succeeded in gaining entrance into the flat which is situated on the third floor, and making good his escape with \$12 in cash. The thief worked his way into the house by means of keys.

A few days ago the flat occupied by M. T. James and family at 13 Westford street, which is also situated on the third floor, was ransacked by a robber, who got away with two gold watches, two gold chains, two gold rings and a certain amount of cash.

Every member of the family work during the day and the thief must have been aware of the fact, for he made his entrance in the early part of the afternoon. The lady who occupies the middle flat in the building heard footsteps in the early part of the afternoon, but she paid no attention to them for she thought one of the boys was coming home early. It seems the robber opened the door with a key and helped himself to all the pieces of jewelry he laid his hands on, as well as the cash. He ransacked every drawer of the sideboard, which he also opened with keys, and then going into the bed rooms he made a hasty search there, turning the contents of bureau and dresser drawers upside down.

The thief got away without causing any attraction and the theft was discovered at night when the family returned from work. The matter was reported to the police.

The way the key worker operates, it is said, is by ringing the door bell. He does that several times and if there is no response he unlocks the door and walks right in. This happened in another house in the Highlands. A man stood on the front steps and pushed the electric button several times. The woman of the house was busy at the time and it took her a little while to get around to the door, and just as she was reaching for the door knob, a well dressed man pushed the door open and walked in, at the same time slipping a bunch of keys into his pocket. He excused himself and asked if a certain party lived there, and when he was told he was at the wrong place, he quietly walked away.

BOY FREIGHT HOPERS

Continued

is in South Boston, he said, and he had been away from it since last Saturday night. He is a plain player and was first to Portland in search of a job for the summer months. He was disappointed, however, and coasted around until he finally landed in Nashua. With two companions, he started out with the best of intentions to get home and decided that the only thing for them to do was to hop a ride on a freight going through to Boston. Therefore they all piled on to the top of the first freight which pulled out of Nashua headed for Boston.

An accident occurred on the way, however, which brought the defendant into police court this morning. His companions insisted upon standing erect with the consequence that each of them received a crack in the head as the train passed under a bridge. The train slowed down and Steward hustled ahead to the conductor of the train and told him that the two boys were badly hurt. Both of the injured boys were then placed in the caboose of the freight and carried to Lowell and Steward accompanied them here. Neither then leave his companions he was ready to go to jail, he said. The two boys are now in St. John's hospital. Steward's case was placed on file with the understanding that he return to his parents with all due speed.

Women in Court

Mary F. Trainor, the woman arrested by Officer Pope of Dracut last night, pleaded guilty to the charge of drunkenness this morning. She has only recently been released from jail and Judge Enright imposed a fine of \$15 upon her and gave her three months time within which to pay it.

The other female defendant did not get off so lightly. Emily Perron was her name and the arresting officer informed the court that he had frequently seen her drunk of late and had warned her away from the South common repeatedly. She was sentenced to serve four months in jail.

Larceny Case Heard

The case of Alexander Cermenska, charged with the larceny of \$126 from his sweetheart, Annie Kozlowska, was continued until tomorrow. Attorney Farley appeared for the prosecution and Daniel J. Donahue represented the defendant.

Michael Murphy was charged with playing ball on Central street, a violation of the city ordinance, and pleaded guilty. He was fined \$10 and warned by the court not to repeat his offense.

Philip S. Riley, a man whom Officer Lightfoot took into custody last night, did not have a very clear perception of anything this morning and his case was continued until tomorrow. He is charged with drunkenness.

PASS 9 IN 11 BILL OVER FOSS VETO

Senate Today Concurred With House in Making Measure a Law—Carmen Elated

BOSTON, June 20.—Two hundred street railway employees in blue coats and silver buttons made the corridors of the state house resound with cheers today when the senate concurred with the house in passing over the governor's veto the bill forbidding street railway companies to require more than nine hours' work in eleven consecutive hours.

The bill was backed by the street railway unions in the state and opposed by the companies. During the various stages in the house and senate

AUTO DRIVER KILLED BOY

He is Convicted of Manslaughter

TRENTON, N. J., June 20.—The supreme court today affirmed the conviction of Daniel A. Dugan, Jr., of manslaughter in Essex county, White driving his automobile on Christmas day, 1911. Dugan ran down and killed Les Francis McDermott, a boy, who was crossing the street. Dugan's sentence of imprisonment at hard labor for not less than five nor more than ten years stands unless there is an appeal to the court of errors and appeals and the latter releases him.

Well Satisfied

Many of the tenants of the new Sun building say they would sooner think of going out of business than return to their former locations.

You May Safely Eat Acid Forming Fruits

At this season of the year people suffer many privations and deny themselves the fruits that others so much enjoy because they know that the uric acid which forms from most of the seasonable fruits is very bad for their rheumatism. But to these people

is a great blessing because it gets rid of the uric acid and enables them to eat whatever they like and feel no bad after effects. Try eating the fruit you like, and following it with a dose of Glyarcol. You will be delighted with the results. Fifty cents at your druggist.

IF IT'S A QUESTION OF BLUE SERGE SUITS, HERE'S THE ANSWER:

8040

THE STEIN-BLOCH UNMATCHABLE BLUE SERGE SUIT AT

\$20

"I want another blue serge suit like this. I bought it three years ago and it's good yet. It's a Stein-Bloch."

We've heard that from so many customers we're just beginning to appreciate how good the \$20.00 Stein-Bloch Serges really are.

There's nothing wonderful about the fabric—it's all pure worsted, of course, and it's a rich shade that's warranted permanent. But you can get all that from other makers at the same price.

It's the Stein-Bloch tailoring that makes it a wonder among serge suits at \$20—the expert and thorough hand work that creates and holds shape—that keeps a Stein-Bloch Serge Suit looking new long after the average suit has been discarded.

If you're thinking of a serge, come here and ask to see the \$20.00, the Stein-Bloch \$20, unmatched blue serge. We've a big stock of them—including special models for young men suitable for graduation.

We've a splendid serge at \$15, which we absolutely guarantee—and higher cost serges from Stein-Bloch—but we're enthralled over the Stein-Bloch \$20 serge we advocate it strongly.

Blue and black unfinished worsted suits for all June—double-breasted by Stein-Bloch and other clever clothes makers at \$15, \$20 and \$25.

NOTE: There's still many good tracks among these Stein-Bloch \$20, \$22.50 and \$25 costume suits at \$17.50.

KLOSED KROTCH ATHLETIC UNION SUITS

Embody the perfection of Summer Underwear—comfort. The Krotch is closed as in a pair of drawers. No edges or surplus material to irritate the skin. Front and rear openings separate. Can't gaze in the seat. Light, airy, roomy. Fine quality soft madras cloth.

Price \$1.00

exemplify the principles of our great and honored order.

"The Church"

The response to a toast, "The Church," was made by Rev. W. George Mullin of St. Peter's, chaplain of Lowell council. He opened his remarks with a greeting to the members and a fitting tribute to Mr. Thornton. Among other things, Father Mullin said: "The Catholic church rejoices, as you rejoice on an occasion like this, she finds that you have worked nobly for her cause and in her interests, and is duly appreciative. As our Knights must all be practical and active Catholics—we must erect a structure for the soul, which is far more important than that built for the body. The moral structure of the Knights of Columbus has been a grand success and it is most gratifying to the church on a night like this to see the results of your labors."

One of the most pleasing events of the entire evening occurred when Father Mullin presented the loving cup to Mr. Thornton from the council, saying: "I present you this loving cup, full of love, friendship, and kind feelings, and I hope that many times you may take this cup to your lips to drink of the friendship of the Knights of Columbus, who give it to you as a token of their appreciation and the esteem in which you are held by the council. Mr. Thornton was touched by these words and in reply said: "Brothers, from the bottom of my heart, I thank you."

Daniel J. Gallagher

The toastmaster introduced Andrew A. McCarthy, who rendered several solos, being forced to respond to encores.

The last speaker of the evening was District Deputy Daniel J. Gallagher, of Rochester, who responded to a toast, "Why I am a Knight." His address in part was as follows: "I have attended many inspiring occasions of the Knights of Columbus but in brilliancy and merit, this one is above even the envy of any council that I know. The reasons which led me in this organization are the same as those which hold you and which inspired you with the noble purpose to work for the body and for which we have pledged ourselves together with upwards of 25,000 men. The tallman of things is the Cross of the Revolution. This order is not limited by race, nor nationality, it has spread across the Canadian border, it has penetrated the far west, the north, the Philippines, everywhere in fact where the Catholic church has manifested itself."

This organization was established by more than the mere desire for friendly intercourse.

The plan which inspired to visit an army, the purpose which they seek to accomplish and the means by which these purposes are sought to be achieved, are matters of vital concern, not alone to the members of the order, but to all our fellow-citizens. The civic aspect of this organization is a matter of vital importance in view of the fact that the order of the Knights of Columbus is hostile to the cause of free government, and that its members are bound by an oath to attack, to overthrow, to subvert the institutions of this government. It is not only a matter of civic duty, but it is a matter of self-defense. For if anything derogatory be said of us it is called a slur on the flag. If we are called traitors, we are called traitors. For our faults the sooner we are corrected, the better. If false, the criticism is a compliment, for it shows conclusively that those whose malice impels them to attack us are compelled to meet the ground of their criticism.

Therefore we believe the critic is sometimes a benefactor, sometimes a foe. In this instance a flatterer, but never a source of serious injury.

Our order is dedicated to the amelioration of society, not to its destruction.

It aims to improve the individual man wherever it can find him, and influence him. It encourages education wherever and whenever it can find the means. It has given half a million dollars to the Catholic university at Washington, and through its subordinate councils, it has given thousands upon thousands to various schools and colleges, libraries, academies and seminaries throughout this nation. It has expended millions of treasure to relieve the want, and assuage the sorrow of thousands of widows and orphans.

It has rushed with open heart and open purse to the relief of every calamity which involved life and safety of human beings, as in the California earthquake, the Ohio flood and many other lesser fatalities.

It has drawn magnificently upon its resources to assist in the maintenance of hospitals, infirmaries, churches, refuges, orphanages, convicts and clergies all over this country.

It has done all this, and yet it could do no more, but hopeful that as the generations pass its capacity for larger contributions to the welfare of humanity may keep closer pace with the need for such bounty.

It is to the extension of this grand human service in this community that Lowell council has so splendidly dedicated itself.

In some localities, where fortune has been largely bestowed her favors, as in your good city, the order will work out its destiny on a grand scale; in other places the good work will be done necessarily on a smaller scale, but wherever a council is established, and really to the development of it, with that zeal which is the fruit of love for humanity, there will Christianity have a shrine; there will patriotism have a citadel; there will the genius of American citizenship reside in happiness and peace.

The festivities were closed by the singing of "My Country, 'Tis of Thee," by the entire gathering.

The committee in charge consisted of William F. Thornton, G. K. chairman; Joseph P. Boake, D. G. K.; Peter E. Craig, Daniel J. O'Brien, John A. Quinn, Fred L. Rooney and William F. Cawley.

MANSON SET ON FIRE

In Birmingham, England, by Suffragettes

BIRMINGHAM, Eng., June 19.—A large unoccupied mansion at Solihull, near here, was set on fire by a "squad" of militant suffragettes today. A suffragette placed a bomb in the kitchen, which exploded, setting the fire. The fire was extinguished by the fire department. A second placard bore the words "Votes for Women" with still another addressed to Sir Walter Phipps, the judge who recently sentenced six suffragette leaders to imprisonment for obstructing traffic. The placard also bore the words "They were not arrested."

RULING REVERSED

Full Bench of Supreme Court Reverses Ruling in Favor of Plaintiff

and Sargent Lumber company was reversed yesterday by the full bench of the supreme court, thus giving the victory to the plaintiff.

The case was tried here in June, 1912, the plaintiff seeking to recover for injuries caused by the giving way of a railing in the defendant's box shop in Middlesex street. At the close of the plaintiff's evidence, the court directed a verdict for the defendant, on the ground that there was no evidence of negligence on the part of defendant; and reported the case to the full bench, under the stipulation that if his ruling was found to be wrong, judgment be entered for the plaintiff in the sum of \$1000.

A GIFT TO NEW BEDFORD

Statue of "The Whaleman" Unveiled Today

NEW BEDFORD, June 20.—A heroic statue in bronze, by Bela L. Pratt of "The Whaleman," the gift of Hon. William W. Crapo to the city of New Bedford, was unveiled here today at 11 o'clock, when appropriate exercises were held and the statue was formally accepted on behalf of the city by the mayor.

It was unveiled by Captain George Baker, the dean of the living whaling masters.

There were numerous invited guests from neighboring cities and towns, and there were addresses by several prominent citizens.

Mr. Crapo himself made a brief address, in which he told of the energy and caring and hardihood of the old-time whaler of New Bedford, and expressed the hope that their old story of courage and perseverance would always be remembered in this community.

Bronze Plate of Maine

WASHINGTON, June 20.—The bronze plate placed on the mainmast of the battleship Maine by the Daughters of the American Revolution, of Havana, Cuba, is to be restored to the historic old ship when it is erected in Arlington national cemetery to mark the graves of the unknown dead of the ill-fated battleship. The Havana chapter of the Daughters won the consent of the navy department that the order be given.

Chippendale, No. Billerica, tonight.

Don Marche.

The ready-to-wear sale at the Don Marche is one of the big special attractions. The special decorations are of flags and banners flying, and it is surely a great attraction. There are 3000 banners arranged inside of the store as well as a big banner 24 feet long hanging to the breeze with the inscription on it "Ready-to-Wear Sale," and every lady is getting in line for the big sale.

PIMPLES AND SORT OF RASH

First Between Fingers. Spread Rapidly to Palms of Hands, Lower Limbs and Soles of Feet. Healed Through Use of Cuticura Soap and Cuticura Ointment.

Donham Ave., Needham, Mass.—"My trouble showed its presence first between the fingers. It developed in the form of peeling off of the skin. Then it spread rapidly to the palms of my hands, and next on my lower limbs and soles of my feet. On my lower limbs pimples and a sort of rash developed, which led at times to so great irritation as to make me unthinkingly seek relief by scratching, only to result in the apparent spreading of the trouble. My flesh in the affected parts became hot and dry. The discomfort on my hands was unpleasantly noticeable. Refreshing sleep under such conditions was wholly impossible, and a nervous condition followed. I was compelled to wear bandages on my feet to relieve the irritating effect of my shoes."

"Various remedies were tried but none of them seemed to give any definite benefit until I resorted to Cuticura Soap and Ointment. Improvement began at once and the gradual disappearance of the patches on my hands with the accompanying itching and burning resulted. My limbs and feet yielded more slowly to the treatment, but eventually they also were healed through the use of Cuticura Soap and Ointment." (Signed) A. A. Cambridge, May 18, 1912.

Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

AM. SOLDIERS UNRULY

Charges Against Men on Mexican Border

WASHINGTON, June 20.—Charges that American soldiers on the Mexican border are as much outlaws as the roving bands across the line, will be laid before Secretary of War Garrison today by J. J. Kilpatrick, a merchant of Candelaria, Texas. Mr. Kilpatrick's son is postmaster at that place and the post office is situated in the elder Kilpatrick's store. Armed with a letter of introduction from Rep. Oscar Underwood, majority leader of the house, Mr. Kilpatrick is prepared to assert to the secretary that the American soldiers are unruly and rioting among themselves and that they are failing to afford protection to Americans. Candelaria is a border town of about 500 inhabitants, virtually all of whom are Mexicans. Mr. Kilpatrick and members of his family in fact are said to be the only Americans now in the place.

Approve Marconi Contract
CHRISTIANA, Norway, June 20.—The committee of the Norwegian parliament today unanimously recommended approval of the contract arranged between the Marconi company and the late Norwegian government providing for a wireless service between Norway and America if certain modifications can be obtained. Under the contract the Norwegian government is to spend \$50,000 in the erection of a station at Stavanger, which will operate a station at Boston.

141 Garment Ready for Race
Poughkeepsie, N. Y., June 20.—The 141 garment of Cornell, Wisconsin, Columbia, Syracuse and Washington in the training camps along the Poughkeepsie course have practically finished their weeks of training and are ready for the contests tomorrow afternoon. There is confidence in every camp and every coach is looking for his crew to give all there is in them to make victory possible.

CASE TO SUPREME COURT

Labor Leaders' Appeal Is Granted

WASHINGTON, June 20.—Chief Justice White yesterday granted a writ of error and appeal to the supreme court for Samuel Gompers, John Mitchell and Frank Morrison, labor leaders convicted of contempt of court in the Bucks store and range case. The appeal will be heard after October.

Miners, with the Ingot
Elected Officers
The election of officers at the Pawlucetville Social club was held last night with the following result: President, Octave Champagne; vice-president, Frank McKenna; secretary, William Sawyer; assistant secretary, Dolphus Robert; treasurer, Fred Theriault; assistant treasurer, A. F. Dragon, and sergeant-at-arms, Edward Chouinard.

LITTLE VAGRANT BOY

Was Placed in Charge of Officer Petrie

Albert Guette, 16 years of age, who was arrested in this city last week for being a vagrant, and whose case had been continued till this morning in the juvenile session of the police court, was again arraigned before Judge Enright this morning, and his case was quickly disposed of when Patrolman Dave Petrie, who made the arrest, told the court he had secured good employment for the little fellow, and was willing to take him in his care. The court then placed the boy on probation for six months, and turned him over to Patrolman Petrie. As it was announced exclusively to the Sun June 11, the boy was apprehended by Patrolman Petrie on the banks of the canal near the Boot mill, where he was sleeping. For fear the boy would fall into the water and drown, the police officer awakened him and after learning his story thought it best to take him to the station and Albert was taken in on a charge of being a vagrant. Patrolman Petrie became interested in the boy and after learning he had been tramping since he was about 10

PELKY TRIAL RESUMED

Pugilist Arraigned on Manslaughter Charge

CALGARY, Alberta, June 20.—Testimony of persons active in the promotion of the prize fight which resulted in the death of Luther McCarty in the Burns arena here May 24 was continued when the hearing of Arthur Pelky, who is charged with manslaughter, was resumed today. Six witnesses remained to testify for the crown while several medical experts were ready to appear in behalf of the defense in the effort to show that McCarty was not killed by a blow to the jaw as contended.

CITY PLANNING

The old adage, "It takes make perfect," and perfection is not a thing, but a very apt application to the dreams of those who believe that the perfect city of the future will be brought about by means of co-operation committees all working together for the ideal conditions that are included in the doctrines of those who preach city planning. Many of their plans seem trifling, but they are trifling as are the minor cogwheels and minute parts that make up the vast machine. Each item is unimportant in itself, but each is necessary to the working of the whole.

These various phases of the question of city planning are outlined in an article by George Brewster Gallup in the "Boston Character of Commerce" news. He outlines the necessity for the modern movement which has been caused by modern conditions so that life shall be better and safer, employment more certain and secure, and the rewards of labor freed from unnecessary tax and toll. Further on he says: "It seems to me a perfect city is not too much to expect in these wonderful days, and that it would bring great activity in business, and help to promote peace and good order."

Within the scope of city planning experts are: Harbors, transportation, terminals, warehouses, streets, homes, factories, playgrounds, parks, schoolhouses, civic centers and amusements. Concerning them the authority quoted above says: "All these things the workingman sees that he must demand, but knows when he stops to reason that he cannot get them merely by having his wages increased, even though he received all the profits of the industry in which he works. These are co-operative jobs and must be gained by the whole community working, planning, pulling together. He does not hope to see this come about all at once, but thinks that systematic plans could be drawn up for improvements extending over a long period of time even for ten or twenty years, part of which are to be borne by each individual until the perfect city is a reality."

He professes to be very sanguine as to the direct results of this mode of city planning. He says: "I am certain this kind of work would cut down the cost of crime, poverty, sickness, strikes, failures, loss of life, and children going to the bad. This may sound overdrawn to most, but all will agree with him that a systematic course of comprehensive city planning would result in greater efficiency in the conduct of municipal business, and a decrease in 'fooling, blundering, botching, waste and graft.'"

He purports to speak for the man in the street when he says: "I have confidence enough in the honest men of my city to believe that in committees of many organizations, all pulling together, this work of planning the city as it ought to be could be done honestly and, little by little, without running too far into debt." Of course, the great problem would be the preliminary plans and the getting of general approval for them, and of this Mr. Gallup speaks again from the viewpoint of the man in the street: "Yes, I think I can understand well enough what city planning by engineers and along scientific lines means, and I believe you could get rich and poor to work together for it, if some body who was fit for the job would make the plan, and then you get a regular Panama canal board of honest engineers to take charge and carry it out."

Reduced to practice this city planning is the inevitable result of the general cry for greater system in public affairs. It is doubtful if it would do all that is being claimed for it, but it is sincerely adopted it would at least prevent the waste that now too often attends petty politics, short-sighted action and the intrusion of "political" or private interests to the detriment of the public service.

RESTRICTION ON MARRIAGE

Every year the legislature gives a portion of its time to the consideration of the grave subject of how to force bachelors to get married and to that other equally perplexing problem, the restriction of the right of marriage to those only who are in a healthy physical condition. The legislators are eugenically inclined, but they are at a loss to know first, how to determine those who are physically unfit to be married and then to tell just what the effect of such interference would be, whether good or bad. Some reformers would have a rigorous law placed on the statute books to prevent the victims of certain diseases from getting married. It is right that men or women who have contracted incurable diseases, or some of a different kind, should not marry; but if such a law were enforced it is alleged by physicians that the number of marriages would be greatly reduced and that those who fell under the prohibition would then do more harm to society than if they were married. This matter of restricting marriage to those whom the doctors will declare "physically fit" is one on which it is well to go slow.

The legislature might do some good if it imposed restrictions to prevent hasty or secret marriages, which in the majority of cases result in divorce or else lives of the worst kind of unhappiness.

ELECTRIC FANS FOR THE SICK

At a time when in certain quarters nearly all public service corporations are being assailed as enemies of the people, it may be reassuring to their critics to find the Lowell Electric Light Corporation announcing that it will supply electric fans wherever this is at all feasible in any case of sickness among those who are unable to pay for this service. This is certainly a most generous and philanthropic offer and one which may result in saving many lives if applied where the sick poor are confined in close, ill ventilated quarters and where a breath of cool air is better than all the medicine the doctors can prescribe. The electric fan has heretofore been regarded as a luxury enjoyed only by the wealthy and for that reason this offer to supply its use free to the sick poor is most commendable. The fan in such cases is better than flowers, better even than ice. It is an antidote to the heat of summer and one that will be especially helpful to the medical practitioner in saving the lives of patients suffering from the effects of hot weather.

This example set by the Lowell Electric Light Company is one worth of emulation by the electric lighting companies of other cities.

DISCREDITING THE MILLS

The strike in Ipswich, which in many of its features duplicates the famous strike in Lawrence, has had many aspects that, though not novel, are most regrettable, whether we regard the question from the point of view of the employers or the strikers. Not the least of these has been the deliberate effort to discredit the mills and the town by false testimony. Some of the strikers testified under oath that they received a rate of pay which was less than that paid to the men who were not on strike, and who, confronted with the disparity in wages, they gave a further away a considerable part of their time in mischief. These things are often carried on in a very clever way. While it is true that many mill employees received a very low scale of wages, the Ipswich example has shown that that averages based on the testimony of the strikers or the labor agitators whose chief aim is the discredit of the manufacturers and the discredit of the town, must be taken cautiously. Too often, unfortunately, the aim of shop dependent on his industry for his wages. Instead of making any consideration for the fact that they can only discredit the employers.

PUTNAM & SON CO.

166 Central Street.

Don't Get Left on This Suit Sale of Ours. It's the Biggest Thing Ever

Right at the beginning of summer when you want a suit—and with the whole season ahead in which to wear it—Make the most of this opportunity and get a new strictly up-to-the-minute suit for practically half what you would ordinarily pay.

The manufacturers lose, we do not.

They were stuck with quantities of suits cancelled on account of the tailors' strike and late delivery. We've bought hundreds of the best of these suits from the best makers for about half what they expected to get for them. We'll sell you on the same basis.

STRICTLY ALL WOOL HAND TAILORED SUITS

Made to sell for \$15.00, \$17.00, \$18.00 and \$20.00, all in this sale for **\$11.50**

Men's and Young Men's Suits, sizes 33 to 46, in regular stout and slim sizes. Handsome, stylish Suits, three smart models in the newest colorings of the year—cheviots, cassimeres, homespun and dark silk mixtures, would sell regularly for \$15, \$17, \$18 and \$20. All in this sale **\$11.50**

MEN'S AND YOUNG MEN'S FINEST SUITS

Made to sell for \$20.00, \$22.00, \$23.00, \$25.00 and \$28.00. All in this sale **\$16.50**

These lots are the smartest suits a man can wish for—To make the sale more interesting we have added to our purchase several lots of Rogers-Peets regular and vestless suits—the finest in America. English and American models, soft roll or conservative sacks. Every suit hand finished throughout, and representing the highest class fabrics and newest choicest colorings that the best mills have produced—Size 33 to 46 regular, stout and long sizes—Made to sell for \$22.00, \$23.00, \$25.00 and \$28.00, in this sale for **\$16.50**

Live Bits of Sport

Manager Pieper has apparently made his choice between Courtney and Cargio for the short stop position in favor of the former. Cargio has been loaned to New Bedford although still the property of the Lawrence club. The Lawrence fans will miss "Chie's" little bull dog at all of the home games. This last remark, however, does not reflect upon Mr. Cargio in the least.

McGaffey is joked upon down Brockton way as the sensation of New England baseball this year. This youngster can hit the ball a mile and always meets it on the nose. He is also a clever fielder and a mighty fast man on the bases and there is no reason why he should not climb up the baseball ladder.

Manager Flaherty of Lynn would not allow his left fielder, Porter, to run Maloney of Brockton the other day when the two clubs met. It was proposed that each team take a trip around the bases and that their times be compared after the exhibition. Flaherty, however, refused to allow his player to travel the circuit but expressed himself as perfectly willing to let on a fifty yard straightaway race between the two. The race may possibly be pulled off at a later date after the youngster, Porter, has had a little more experience in taking the cushions.

Bill Young of Harvard whom many consider as the fastest catcher that Harvard ever turned out, has decided that he will not enter the professional baseball ranks. Young has had several flattering offers tendered him but thinks that he will go into business instead.

Dean and Fuldage make a great exchange pair for Brockton. When the latter goes stale behind the bat Gus simply hands him the first baseman's mitt and takes up the backstop duty for a few days. This is surely an economical method and has produced no bad results up to date.

The Harvard-Yale boat race this afternoon will furnish excitement enough for the thousands of spectators who will watch the annual aquatic struggle between the two universities. Harvard now rules a slight favorite over their blue-jerseyed rivals but it is certain that the two boats will not be far apart when they cross the finish line. It will be interesting to see how Yale's newly inaugurated English stroke will work out against Harvard's American system.

The Bunting baseball team have challenged the Burkes for a game on the Fourth for a side bet and purse. Manager Coughlin snapped up the proposition only ten minutes. The game will be played at Spaulding park in conjunction with the other lists of sport which are to be held there on that date.

Both Boston teams are climbing along up the ladder. Of course the Red Sox, after winning the pennant last season, were expected to show something this year, but the lowly Braves are not nearly as lowly as was at first supposed. Stallings is considered by many who are in the know, to be one of the shrewdest men in the game today. It is a fact that he did wonders for the Boston Nationals since first taking charge of them.

Lowell has ample time in which to rise to the top and grab the league lead, but now is the time in which to

get the baseball machine oiled for the strenuous times of the next two months. The team which can play fairly good ball now and which will reach its top speed a month from the finish is the team which stands the best chance of collecting the pennant.

Willie Rieble, lightweight champion of the world, is the latest fighter to have trouble with his manager. Rieble allows that he has fired Billy Nolan for good and all, but it would not be surprising to see the champion back at Nolan's ranch inside of a week. Rieble says that the California cattleman has trimmed him properly and that he will never have another chance, but the same thing has happened before. Nolan should worry when he doubts that Rieble tied up hard and fast.

The Lowell police have put a strong baseball team into the field this year and stand at the head of the state police league. It is surprising that they do not draw a larger attendance at their home games, for the club is certainly deserving of support. Not enough credit can be given Umpire Ed Shea for handling out conscientious decisions to eighteen husky cops. It is no fit job for a nervous individual.

Lowell high will play their big game of the season tomorrow when they meet Lawrence high at Spaulding park. Lawrence has a better record for this season's work but the local team has improved wonderfully in the past few weeks and should be on an even footing with Lawrence when they cross bats tomorrow. Time was when the high school games drew a large crowd instead of the mere handful that is seen at Spaulding park this year.

AMATEUR BASEBALL

The Young Tigers challenge any team in the city under nine or ten years of age. Send challenges to Walter Connor, 6 Oak street. The lineup is as follows:

William Connor, p; Edward Thivins, c; Edward Welch, 1b; Arthur Black, 2b; Arthur Brown, 3b; George Kelley, rf; Roger Connor, lf; Terry Higgins, ss; Harold Reno, cf; Thomas Clark, 1f; Walter Connor, umpire.

LAWRENCE RAISES FLAG AND WINS

Lowell Beaten by Score of 9 to 2

—Pitcher Adams was Hit Hard

—Reiger Makes Good

Lowell lost her fourth game this week yesterday afternoon when Lawrence outbatted the local team and won out by the score of 9 to 2. Lowell was outclassed from the first inning when the down river club scored two runs.

Adams started the game for Lowell but was hit hard and retired in favor of Reiger, a recruit. Reiger pitched good ball and held the Lawrence team to two hits during the latter four innings of the game.

Lawrence got two runs in the first inning and duplicated their performance in the second. The fourth session saw four Lawrence men cross the plate after hitting Adams' curves to all corners of the park.

The connected for two of the six hits which Pitcher Martin allowed Lowell. Stage also was there with his club, sending the ball over the left field fence in the second inning. Carlstrom, O'Connell and Martin each got two hits and O'Connell, the fast center fielder, scored three runs. Martin was invincible.

Yesterday was the day set for the pennant raising at the Lawrence grounds and many of the big leaguers were in attendance. Hugh Jennings was in the procession which marched around the field before losing the New England league pennant to the breezes. The score:

20 KILLED, 217 WOUNDED

Battle Between Italians and Arabs

ROME, June 20.—In a battle yesterday between Italian troops and Tripolitan Arabs at El Agheila, 10 Italian officers and 19 soldiers were killed and 217 men were wounded. The Arab loss is not known.

ST. LOUIS SCHOOL

Large Gathering at the Graduating Exercises, Last Night—Diplomas Presented

There was a large gathering at the commencement exercises held at St. Louis' parochial school in Bolivar street last evening. A delightful entertainment was carried out to the satisfaction of the large audience, and diplomas were presented to twelve graduates, this part of the program being carried out by the pastor of the church, Rev. J. N. Jacques.

The graduates were: Lilla Rousquet, Eva Fraser, Marguerite Delorme, Adrienne Barrette, Laura Marotte, Alice Lapointe, Onida Lussier, Alma Spillard and Marie Anna Asselin, and Messrs. Sylvio Barrette, Raymond Garneau and Wilmer Demant.

Several costly prizes consisting of gold and silver medals and volumes, were awarded the brightest and more advanced pupils of the school, which is under the direction of the Sisters of the Assumption.

CORONER RESUMES WRECK INQUIRY

Investigating Stamford Railroad Crash—New Haven Manager Blames Union for Wreck

STAMFORD, Conn., June 20.—Coroner John J. Phelan of Fairfield county this afternoon resumed his investigation into the wreck of the Springfield express on the New Haven road in this city on June 12. The coroner has already examined a score or more of witnesses. He halted his inquiry in order to confer with the joint inquiry by the interstate commerce commission and the Connecticut public utilities commission which closed yesterday. Before the inquiry the coroner said he would probably call on some high officials of the road to testify. He also said he intended to go carefully into the details of the various test runs made by engine 1335 with the equipment of the train that was in the wreck.

New Haven Blames Union
BRIDGEPORT, June 20.—What was described as the growing menace of the unions, through their power to enforce working conditions on their employees, became the feature in the closing hours yesterday of the interstate commerce commission's investigation into the cause of the Stamford wreck of the Boston express on the New Haven road a week ago, in which six persons met death. The attack on the unions was

launched by C. L. Bardo, general manager of the road. He had listened to condemnation by experts from the Pennsylvania railroad, the Lackawanna road and the Westinghouse Air Brake company of railroad methods under his personal supervision.

When Mr. Bardo had ended his attack and had expressed a hope that the wreck at Stamford would teach the unions to let railroad managers run the roads, a defender of the unions arose. This man was Fred S. Evans, general chairman of the Union of Locomotive Engineers employed on the New Haven line. He had conducted on the part of the men the negotiations with Mr. Bardo, representing the company.

The chief point at issue between the union and the road was the spare board, by which the railroad executives were forced to accept for any given run the man whose name in rotation reached the top of the board. That it was asserted, gave the executives no choice as to their engineers, except the right of picking men to be promoted into the engineering service from the supply of experienced firemen.

Mr. Bardo argued that the union had used force and a threat to strike to have the spare board system installed. He held that he gave in against his judgment for fear of a general tie-up of the lines if he offended the engineers.

Mr. Evans stated that never before had trouble come up that could be blamed to the process of picking engineers in order of the seniority of their names on the spare board. He added that the rule was adopted with the full consent of both sides, and that no threat was used in obtaining it.

100,000 PENNIES
Future Benefit Presented \$100 in Pennies—Fine Gathering at Camp Fleur de Lys

Over Bernard, the well known grocer at the corner of Salem and Adams streets was tendered a fine reception, yesterday afternoon by his fellow brethren of Club Fleur de Lys and a number of other friends, in honor of his marriage which will be performed Sunday.

The affair took place at the well appointed camp of the club on the shores of Long Pond and was attended by about 100 guests. Mr. Bernard was induced to go to the camp by one of his employees, and when he arrived, he was greeted by a large number of friends, who for a few moments made the very uncomfortable for him.

Later in the afternoon, Mr. Napoleon Sylvester, in behalf of the members of the club and other friends presented the guest of the afternoon, a potato bag filled with pennies. Mr. Bernard was entirely taken by surprise and feared to open the bag, thinking it might conceal an infernal machine or something of the kind. Finally someone volunteered to help him and the shining coins were spilled on the floor.

DR. HALLOCK'S
ELVITA PILLS
60 YEARS OF CURES
\$1 BOX FREE

A Great Nerve Remedy and Blood-Attractive Tonic for Man or Woman
Are you all run down? Are you discouraged? Are you melancholy? Have you weak kidneys, with pains in back and legs? Are you threatened with paralysis? Are you always tired, worried, blue—and despondent? Then send for a box of ELVITA PILLS. For nervous weakness, nervous debility, nervous exhaustion, nervous dyspepsia, and weakness of all kinds and from whatever cause, stops all wasting. A blood producer and a body builder, gives strength, vitality. A most wonderful invigorator. A single package proves their great qualities. Makes men powerful, gives strength, courage and reserve nerve power. Used in private practice for 60 years. \$1 per box. A regular \$1 box free, sent sealed in plain package on receipt of 10c cents to pay postage.
DR. HALLOCK'S ELVITA PILLS CAPSULES for all bladder and kidney complaints. \$1 per box.
DR. HALLOCK'S FAMOUS ELVITA PILLS "LIFE GIVING REMEDIES" are for sale at all reliable druggists, or sent by mail in plain sealed package on receipt of price. OUR MEDICAL BOOK on blood and nervous complaints should be read by every man. Sent sealed free.

Every hat regardless of its former price. This includes hats as high as \$10.75. Naturally the early buyer gets first choice

A. P. MANAGER AT LOBBY INQUIRY

Melville E. Stone Tells of News
Filed Over Wires About Beet
Sugar Industry

WASHINGTON, June 19.—The hearing of the senate lobby investigating committee today was taken up with the testimony of Melville E. Stone, general manager of the Associated Press, regarding certain news matter filed over the Associated Press wires about the beet sugar industry.

Mr. Stone referred to a letter received by him from C. C. Hamlin, a beet sugar man of Colorado Springs, in which Mr. Hamlin declared that the beet sugar interests had not received from the Associated Press the same amount of attention as was accorded the cane sugar interests.

In testifying, Mr. Stone stated that his intention was only to show that the Associated Press was impartial in its dissemination of news.

Mr. Hamlin's letter was: "I am writing you as chairman of the United States Beet Sugar Industry, an organization which includes practically all of the beet sugar interests of this country and if anything further is necessary to give that which I have to say credit I would refer you to any of the papers in Denver as well as to Senator Guggenheim, and Senators Clark and Warren of Wyoming. Also to Mr. Chester Morley of Denver, president of the Great Western Sugar Co., the largest beet sugar producer in the United States with whom you are personally acquainted."

"I might add I am a member of the Associated Press, representing the Herald-Telegraph of this city."

"Publicity is the last thing I wish to ask personally but in justice to the great industry which I represent I feel justified in taking up with you in person a matter which to me is one of the gravest importance. On October 27, Mr. John Arbuckle of Arbuckle Bros. gave out a statement which was printed in full in every Associated Press newspaper of the United States concerning the sugar situation. A copy of this statement is attached hereto. The matters contained in this statement were of such great importance and some of the misrepresentations so gross that I did not feel that these statements should go unchallenged. I took the matter up with the lo-

cal representative of the Associated Press, who followed it through the ordinary channels and was assured that the Associated Press would handle six hundred and fifty words representing the beet sugar men's position on these questions. This statement I prepared, and you will find a copy hereto attached. This is from the Denver Republican, the Colorado paper having handled it in full. The manner in which it was handled will be disclosed by the attached clipping from the Washington Post of Oct. 16.

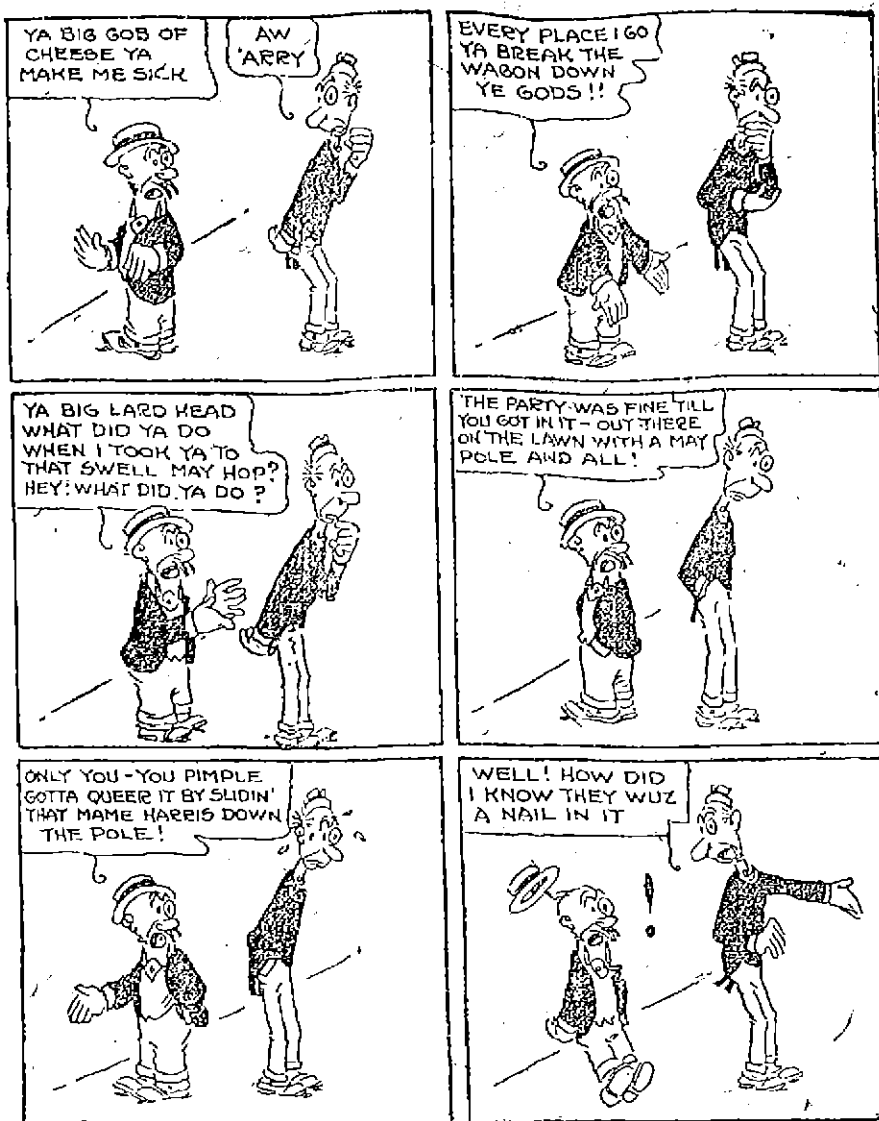

"Your long experience in newspaper work will cause you to see immediately that we would be much better satisfied if the Associated Press refused to handle it entirely rather than have it published in this abbreviated and wholly unsatisfactory manner."

"Of course I understand the Associated Press is in no sense partisan and aims to be wholly fair to all of the great interests of the country and all that the beet sugar interests ask is that they receive the same treatment at the hands of your association as is accorded to certain industries. In New York who are pushing the free sugar propaganda with the avowed purpose of at least putting a stop to the growth of the beet sugar industry."

"We certainly have no desire to burden the Associated Press with matter put out for the purpose of boosting our industry but when attacked feel that we should be given as much publicity as is given to our opponents. At least we would like to know what our status is so far as your association is concerned. Of course there may be something in the character of the statement given out by me which would prevent its acceptance in full and if so you will be doing me a distinct favor by advising me in what respect this is true. Trusting you will give this serious consideration and thanking you in advance for anything you may be able to do in the direction of according justice to so large an industry, I am

"Very truly yours,

"C. C. Hamlin."

He's No Mind Reader

MATRIMONIAL

A very pretty wedding was solemnized Wednesday morning at the immaculate Conception church when two popular young people, Cornelius Murphy, of Savannah, Ga., formerly of Lowell, and Miss Cecelia Tenney of this city, were united in the bonds of matrimony. The ceremony was performed by Rev. Lawrence F. Tighe, O. M. I. The bride was becomingly gowned in white satin trimmed with Irish point lace. Her veil was caught up with a handsome diamond ornament, a gift of the groom. She carried a shower bouquet of lilies of the valley. Miss Margaret Tenney, a sister of the bride, acted as bridesmaid. She, too, was charming in a gown of pink tulle and carried a bouquet. Mr. Thomas Murphy, brother of the groom, acted as best man. The happy couple repaired to the home of the bride's parents, where a wedding breakfast was served.

The ushers were Messrs. Frank Lincoln, Paul Hanley and Raymond Clark. There were guests present from Boston, Roxbury, Winchester, Tilton, N. H. Mr. and Mrs. Murphy later left for Savannah, Ga., where they will make their future home.

TRACY—SLAVIN

Mr. James H. Tracy and Miss Margaret Slavin were married Tuesday afternoon by Rev. Fr. Tighe, O. M. I., at the parochial residence of the immaculate Conception church. The bride was attended by her niece, Miss Mary M. Dooley, and the groom was

attended by his brother, Mr. George Tracy.

BAKER—CURRIER

Wednesday night the marriage of Dr. C. Stoyke Baker and Miss Grace Hortense Currier took place at the Highland Methodist church, the officiating clergyman being Rev. Henry W. McLean. The double ring service was used and the bride was given away by her father, W. S. Currier. The best man was Malcolm H. Currier, while the maid of honor was Miss M. Hortense Hart of Smith's college. Immediately after the wedding a reception was held at the home of the bride's parents, 1073 Middlesex street. The ushers were Dr. Ralph C. Stewart, Dr. Archibald Gardner, Dr. Nathan Pulifer, all of Lowell and Mr. Robert Odell of Somerville. There were friends and relatives present from Providence, R. I., Newburyport, Lynn and Boston. The couple will reside at 1073 Middlesex street.

The gift of the bride to the maid of honor was a friendship pin and the gifts of the groom to the best man, ushers, organist and violinist were coral stick pins.

The couple left in an automobile at about 8.30 and later started on their honeymoon which will include Albany, New York and other cities.

Judge Norwood Dead

SAVANNAH, Ga., June 20.—Judge Thomas N. Norwood, United States senator in the 45th and 50th congresses, died at his home here last night. He was 83 years old.

LIVELY FIRE IN BOSTON

Threatening Blaze Broke Out Today

BOSTON, June 19.—Flames and smoke coming from the windows on the fourth floor in the rear of the five-story stone building numbered 44 Summer street, near the corner of Arch street, attracted the attention of workmen in the subway excavation there shortly after 6 this morning, and one of them ran to box 49, opposite the end of Hawley street, and sent in an alarm at about 6.15 a. m.

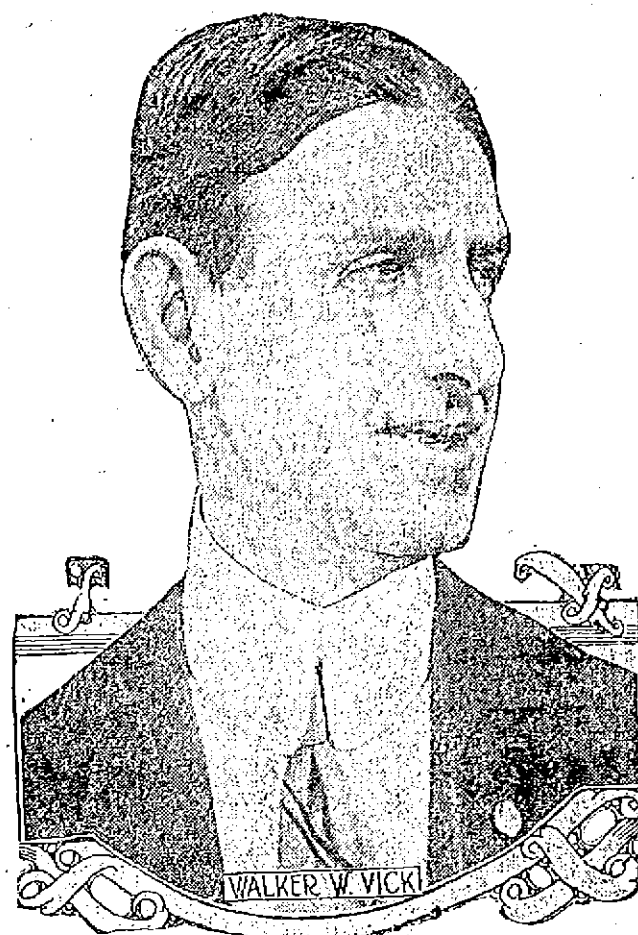

By the time the firemen arrived the fire had gained much headway and was racing down through the elevator well and making its way in through the third and fifth floors.

The third, fourth and fifth floors of the building are occupied by Sullivan Brothers, tailors, of which firm Brig. Gen. John J. Sullivan, once colonel of the 9th regiment, M. V. M., is the senior member. The cause of the fire was not definitely determined this morning, but it was suspected that it might have been the result of spontaneous combustion, owing to the fact that painters have been working in the building and may have left some oil soaked cloths about, which caused the fire.

A LITTLE NONSENSE

WALKER W. VICK; REWARDED FOR LIVE WIRE SUPPORT OF PRESIDENT

WASHINGTON, June 20.—The ap- democratic national committee and politeness of Walker W. Vick of Burlington, N. J., as customs receiver at Santo Domingo is very favorably received. Mr. Vick gained a wide reputation for his business efficiency through the way in which he handled the funds of the democratic national committee. The post to which he has been appointed is one of the most important in the gift of the administration, because all the fiscal affairs of Santo Domingo come under the supervision of the receiver general. He will have charge of ten custom houses, the Haitian border interests and the \$20,000,000 bond issue floated recently. This office carries a salary of \$6,500 a year. It is provided for by treaty arrangements between the United States and Santo Domingo, and the president of the United States has the right to name the collector. Mr. Vick will be required to live in Santo Domingo. Mr. Vick is assistant secretary of the

1,490,000,000 Pounds of Sugar from the three territories, a decrease of 245,000,000 pounds from the same months last year. Because of lower price the imports this year are valued at \$40,552,000, which is \$13,667,000 below last year. The average price for the products from all three sources disclosed a decrease. The amount saved to the consumers of the United States totals nearly \$20,000,000.

Resinol

Heals itching skins

Resinol Ointment, with Resinol Soap, stops itching instantly, quickly and easily heals the most distressing cases of eczema, rash or other tormenting skin or scalp eruption, and clears away pimples, blackheads, redness, roughness and dandruff, when other treatments have proven only a waste of time and money.

HORSE TRADER FOOLED

Gave Horse and Bonus for Stolen Animal

DR. KEENE OF FITCHBURG REPORTED LOSS

Local Police Soon Found Horse Which Was Traded to Mr. Wiggin of Derry, N. H.

The local police yesterday located a valuable horse which was stolen from Dr. A. C. Keene of Fitchburg Wednesday afternoon. The recovery of the stolen animal came about through the efforts of Inspector Walsh, who was detailed on the case, and Officer Ganley.

Immediately upon being notified by the Fitchburg police of the theft the inspector was sent out on the quest of the missing animal and inside of an hour, with the help of Officer Ganley, had located the horse. The stolen equine was standing in a stall in the equine of John F. Donlon, located at 50 Franklin street, and had been there for several hours.

It was learned that a man by the name of Henry Wiggin of East Derry, N. H., had left the horse at the stable and steps were taken at once to get in touch with Mr. Wiggin. Mr. Wiggin informed Inspector Walsh that as he was going through Pelham Centre a man had accosted him and wanted to trade horses. Mr. Wiggin is a horse trader and as he is always open to a good inducement a bargain was struck at the spot by which the thief received Mr. Wiggin's horse and money to boot. The police are now on the trail of the man who sold the horse to Mr. Wiggin.

WOMAN ARRESTED

Officer Foye Brought Her From Belle Grove to the Lowell Station Yesterday Afternoon

Officer Foye of Dancourt brought a "lady" prisoner in on an electric from Belle Grove yesterday and a couple of fellows in Prescott street, who did not know Mr. Foye was an officer, was about to go to the woman's rescue believing she was kidnapped, or something of that kind, when a kindly breeze tossed the officer's coat so as to disclose the badge and the men who would have interfered, sidestepped. The woman was not a stranger to the police. She greeted the man at the looking glass. Officer J. J. with a "How do do, Johnnie" and then proceeded to offer excuses for her condition. She said that the officer held her hand on the way in from Belle Grove, "and you know, Johnnie," she said, "that I am not in the habit of holding hands."

Officer Foye said that the woman had been in the company of a man at Belle Grove during the forenoon and that persons who had witnessed their actions and considered them suspicious had telephoned to him to come and arrest them. The man in the case, however, had made his escape before the officer arrived and the officer had to take the escaped one's place for the time being. The woman was considerably under the influence of liquor and did not offer any argument when told that she was being booked for drunkenness.

LOWELL POLICE WON

Can Swing Bats as Well as Billies—Score 12-3—May Win State Baseball Championship of the League

The Lowell Police baseball team went down to Quincy yesterday and succeeded in beating the cops of that city by the score of 12 to 3 in a one-sided contest. The win for the locals puts them in a fair way to win the state baseball championship of the league.

ON POISON DEATH BED

Girl Took Bichloride of Mercury

BOSTON, June 19.—Facing the possibility of a certain death from bichloride of

mercury which she took with her, who died at Marion, Mass., after a brief illness last Wednesday night, a girl, aged 19, was found lying on the floor of her room, with her head under a bed. She was found by her mother, who called the police. The girl was found with her head under a bed, and her body was found in a pool of blood. The girl was found with her head under a bed, and her body was found in a pool of blood. The girl was found with her head under a bed, and her body was found in a pool of blood.

run over by 14 cars. The girl was found with her head under a bed, and her body was found in a pool of blood. The girl was found with her head under a bed, and her body was found in a pool of blood. The girl was found with her head under a bed, and her body was found in a pool of blood.

RUN OVER BY 14 CARS

Jumps Up Laughingly to Greet Playmates

GLOUCESTER, June 20.—When a cry of "I'm not hurt a bit!" 12-year-

old "Bobbie" Mountain yesterday afternoon amazed a group of pale-faced playmates by arising unharmed from the railroad track after 14 freight cars had passed over him. "Bobbie" had been playing "hide and seek" and had successfully eluded the "seeker" by hiding under a long string of "empties" that stood on a siding. All but "Bobbie" had been "found" when the cars suddenly began to move. His companions stood horrified in which he had been lying and greeted them.

where a moment before he had been seen crouching between the rails. So frightened were the boys that they did not see "Bobbie" with unusual presence of mind, throw himself flat on the ground and in this way avoid the downward protruding trucks as they passed over him. With visions of a mangled "Bobbie" the youthful hide-and-seekers pressed forward as the end car rolled slowly past and were startled when their playmate jumped up from the cinders in which he had been lying and greeted them.

Instruction in Matters of Sex
CHICAGO, June 20.—Instruction in matters of sex for high school pupils was authorized yesterday by the board of education and Ella Flagg Young, superintendent of schools and a number of physicians well versed in the problems of hygiene and physiology will be secured for a lecture course. The superintendent stated that the elementary schools need such instruction but did not believe that the time is due when that phase of the question should be taken up.

10,000 DOLLARS CASH

Spot Cash Buys the Stock of Worcester's Largest Commission Woolen House, S. Morrill Co., 67 to 85 Winter St., Worcester, Mass.

In a terrific, rip-roaring smashup of standard prices and values, I today hurl upon a n unwilling market the \$10,000 woolen stock of the Worcester wholesale commission house of S. Morrill Co., 67 to 85 Winter street, Worcester, Mass. This is one of the finest and most complete stocks of woolsens in this city today.

You may not want a suit now, but you will order a suit from this stock if I make the values good enough and the prices low enough—you know that. I never saw the time people didn't have money to buy genuine bargains, no matter how tough general conditions might be. I particularly never saw the time that fancy qualities didn't produce sensational, spontaneous activity in proportion to the extent of accepted belief—the amount of real sacrifice. The sacrifice I announce today is not one of inferior or even average merchandise procured to meet or match a low price. I appeal to you today more by the strength of quality than by force of low prices. Low prices happen to be an accompaniment of quality in these goods, but I ask you to buy the goods because of quality first and price afterward.

To the people of Lowell, I offer uncondition ally a large portion of this beautiful stock of

Standish Worsteds, Sheriff's Worsteds, Serges and Tweeds

48 FULL PIECES OF BLUE SERGES in this lot, some light, but most of them medium for fall wear. Made to order summer suit \$10.00; fall weight \$12.50. These serges are \$25.00 to \$30.00 values.

Make your own selection, tell me how you like your clothes to be cut and made, and I will supply the cloth, the linings, the tailoring and deliver same to you upon satisfactory fitting for \$10.00 and \$12.50.

The history of the ages must be accepted on the words of other men. I don't ask you to accept words. I ask you only to believe your eyes, to trust your sense of touch or feeling, to rely on your own judgment, in short to look at these values and if they appeal to you, let me have your order for a suit. I will deliver it to you in four days, a week, two weeks, any time for your convenience.

Suit to Order

OPEN EVENINGS TILL 9

PINGREE FREED OF MURDER CHARGE

Lack of Certainty as to Source of the Fatal Bullet—Still Held on Charge of Rioting

IPSWICH, June 20.—Carroll L. Pingree and his wife and Nathaniel Hermann were discharged by Judge Sayward on a complaint alleging murder arising out of the riot on June 16 in connection with the labor trouble here. Dist. Atty Harry C. Atwill representing the government, and said that owing to the lack of absolute certainty whether the bullet which had caused the death of Nicoletta Paudelopoulou had been fired by a striker or a policeman he did not feel inclined to press the charge of murder.

The defendants are still held, how-

ever, in \$1200 each on the charge of rioting.

Judge George A. Schofield of Ipswich, who has been holding an inquest into the death of the Greek woman, Paudelopoulou, closed the inquiry yesterday morning, but did not announce any decision. He has examined a large number of witnesses and his findings will be made speedily.

At a big meeting of the I. W. W. strikers last night on the grounds of the Greek Orthodox church, Carroll L. Pingree and Nathaniel Hermann advised the strikers to stick together

and not be induced to return to work. Both referred to the period of their imprisonment as a "vacation."

Hermann announced that he was about to leave Ipswich in order to make a tour of Rhode Island and Connecticut soliciting funds for the aid of the Ipswich strikers.

It is reported that "Big Bill" Haywood and Carlo Tresca will be here next Monday.

Word has been received here that warrants have been issued for the arrest of Joseph Murphy of Lawrence, R. J. McMillan of Beverly, James J. McVey of Haverhill and L. K. Griskias, speakers at the big meeting here last Sunday.

The comfort and pleasure of having a clean, light, airy, sanitary office for your patrons, as well as yourself, makes work easy in the New Sun building.

Roger W. Peaslee, a popular employee of the Highland Steam Laundry, was agreeably surprised at his home, 14 Columbus avenue, last night, on the occasion of his birthday anniversary. The host of the evening was presented several valuable gifts, and the presentation was followed by a varied musical program. Refreshments were also served.

AMERICAN HORSES WIN

At International Horse Show at Olympia

LONDON, June 20.—At the international horse show at Olympia there was a slightly better attendance today. Judge W. H. Moore of New York had to content himself with second prize in class 13 for novice tandems not exceeding 15 hands, in which he was represented by Best and Raeburn.

J. Sumner Draper of Boston obtained second prize with Nimbus in class ten for novice single harness horses over 15 and not exceeding 15 1-2 hands.

and the hundreds who availed themselves of the opportunity to study the splendid work done by this institution were more than repaid for their attendance, because not only did they see convincing evidence of the excellence of the work being turned out, all around them, but they saw the pupils themselves busily engaged in their various occupations. Quite a few of the

completed specimens were on exhibition, but the visitors seemed to take greater interest in the specimens in process of construction, and the eager boys were only too glad to explain the different processes of the work and the various uses of the finished articles. Mr. Thomas F. Fisher, principal of the school, was kept on the alert answering questions, and the teachers in the

various departments seemed glad of the opportunity to show the public the high proficiency attained by the pupils in the short time of the school's existence.

Don't forget the Iroquois. If you want help at home or in your business, try The Sun "Want" column.

LAWRENCE, June 20.—Joseph Murphy, a well known industrial worker of the World leader and socialist, was arrested here today on a warrant for the Ipswich authorities charged with being a dangerous and disorderly person.

LAWRENCE MAN KILLED

Fell From a Viaduct at Cincinnati

CINCINNATI, O., June 20.—A man giving his name as Charles Cassidy of Lawrence, Mass., and his occupation as a telegraph operator died at the city hospital here early today as the result of a fall from a viaduct at Mitchell avenue and the canal yesterday. He sustained a compound fracture of both legs, a fractured skull and multiple bruises, but lived several hours after being found. The coroner has ordered a post-mortem and is investigating the case although the police are of the opinion that the fall was an accident.

HIGHEST PRICES IN 30 YEARS

Wholesale Prices of Commodities
in United States Advanced
Sharply Last Year

WASHINGTON, June 20.—Wholesale prices of commodities in the United States last year were higher than at any time during the past 30 years, the United States bureau of labor statistics announces. During the year wholesale prices advanced sharply, the most important feature being the marked increase in the prices of farm products, food, fuel, and lighting, and metals and implements.

Fuel and lighting showed the greatest increase over 1911, the average being 24 per cent, while coal increased 16.2 per cent and kerosene 15.2 per cent. Food as a group increased 12 per cent, the most pronounced increase being in corn meal, 27.5 per cent, and canned tomatoes 27.1 per cent.

Farm products increased 5.7 per cent, the principal increase being in sheep, 24.4 per cent, and cattle 23.4 per cent.

Metals and implements increased 5.6 per cent, the greatest advances being copper, 31.5 per cent, and spelter, 29.9 per cent.

House furnishings disclosed increases from 2.3 to 16.9 per cent, while drugs and chemicals advanced in price 2.2 per cent.

Clothes and clothing increased only 2 per cent, hats and shoes 15.3 per cent, carpets 9.2 per cent, paint 6.2 per cent, and leather 5 per cent.

Lumber and building materials comprised the only group showing any decrease, the decline being 2.1 per cent.

PLOT TO FREE CONVICTS

Guard at Bridgewater
Finds Lock Broken

MIDDLEBURY, June 20.—Discovery of a broken lock on the main gate and a ladder concealed within the grounds of the state prison for the criminally insane at Bridgewater yesterday, is believed to have been made just in time to frustrate an attempt at jail delivery. A double guard was thrown about the institution last night, as the prison officials are confident that outsiders attempted to aid in the escape of one or more of the prisoners.

In making his rounds yesterday Officer Folsom discovered that the lock on the main gate had been broken and that an iron bar had been removed. He immediately reported the fact and further investigation disclosed the

BABY CHAFED, SORE
HEALED IN THREE DAYS
WITH COMFORT POWDER.

Mrs. F. C. Hudson of Riverhead, N. Y., says: "I find Comfort Powder far superior to any talcum powder I ever used. It entirely healed my baby's chafed and irritated skin in three days." The superior medication of Comfort Powder makes it unequalled for chafing and all skin soreness or irritation of infants and adults alike. Be sure you get the genuine with the signature of E. S. Sykes on box.

Lawrence and Haverhill

The woman of to-morrow must have plenty of good, pure, red blood today. The foundation of good or bad health is laid during her girlhood days. No girl should allow herself to become pale, bloodless and weak, and thus lay the foundation for a lifetime of ill health and misery. Let every girl ask herself today if her blood is as pure and rich as it should be. Pale cheeks, lips and gums, shortness of breath on going up stairs or on slight exertion, palpitation of the heart, sleeplessness, lack of appetite and ambition and an all-tired feeling are some of the signs of bad blood. The more of them you have the more advanced is the bloodlessness and the greater the need of building up your blood.

Dr. Williams' Pink Pills
for Pale People

do not simply provide the elements that the blood lacks; their good influence is more far-reaching. The new blood goes everywhere just the same as the water, impure blood did, but unlike it, carries health, nourishment and strength to every part of the body. As the blood improves the general health improves. The good results are soon felt throughout the body. Every bloodless girl or woman should send for the free booklet "Plain Talks to Women" and "Building Up the Blood."

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or will be sent, postpaid, upon receipt of price by the

Dr. Williams Medicine Company,
Schenectady, N. Y.

essential. They represent the very latest ideas in school architecture; they are usually attractive to look at; they are up to the minute in hygienic arrangements; yet they are within the means of the smallest communities.

The buildings were designed by Dr. F. B. Dresslar, specialist in school hygiene of the bureau of education, and then worked over by two well-known firms of school architects, Cooper & Bailey, of Boston, and W.

VENDOME CHOCOLATES

This box of chocolates we unhesitatingly pronounce to be as good as it is possible to make for anyone, and at any price. In making this statement we do so as a result of comparison with all the best chocolates. The assortment in a pound box consists of thirty-six different kinds, each one carefully selected by expert judges of fine confectionery. The coating is of one of the choicest and richest chocolates obtainable, the centres are filled with the choicest of nuts, caramels, nougat, fruits, and in a variety of tasty combinations. No matter how high prices you have been paying for fine chocolates you cannot obtain better than these. All we ask is a trial of them. If you are a judge of choice confectionery we are sure you will be pleased with them.

DELICIOUS
CALIFORNIA
ORANGE JUICE
5c

B. Hiner, of St. Louis. The models show all the details, within and without, and they are constructed to scale. Full directions accompany them.

It is believed that these models will be of great assistance to school authorities in small rural communities who can not afford to engage a school architect, yet are ambitious to have their schoolhouse up-to-date in every particular. With one of these models to work from, Dr. Dresslar asserts, any carpenter will be able to build a school-house for his district that will meet every modern requirement.

Ambition
Pills

FOR NERVOUS PEOPLE

At last they're here and here to stay. The first time ever offered to the people of Lowell the famous Wendell's Ambition Pills—the great nerve tonic that will put vigor, vim and vitality into nervous, tired out, all-in, exhausted people in a few days.

Anyone can buy a box for only 50c. The Riker-Jaynes company is authorized by the maker to refund the purchase price if anyone is dissatisfied.

The pills praise them for general debility, nervous prostration, mental depression and nervousness caused by over-indulgence in alcohol, tobacco or excess of any kind.

As a brain food or any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for nervous trembling and neuralgia they are simply splendid. Fifty cents at Riker-Jaynes. Mail orders filled, charges prepaid by Wendell Pharmaceutical Co., Syracuse, N. Y.

REV. RAYMOND G. CLAPP

Installed as Pastor of the
First Trinitarian Church

EXERCISES HELD AT CHURCH
LAST EVENING

Rev. Mr. Newcomb of First Church Extended Hand of Fellowship to New Pastor

Rev. Raymond Gilmore Clapp was formally installed as pastor of the First Trinitarian church last night.

A council made up of churches of the Andover association met in the afternoon, and organized by electing Rev. A. C. Ferrin, moderator and Rev. C. S. Bodwell of Danvers, scribe.

After the business was over, supper was served in the lower rooms. Deacon O. A. Brigham was master of ceremonies, and there were remarks by Rev. Henry McLean, Rev. E. Victor Bigelow, Rev. J. M. Craig and Rev. N. W. Matthews.

The installation services opened at 7:30 o'clock. There was a short musical program and after the reading by the scribe of the minutes of the council, the prayer of invocation was made by Rev. A. C. Ferrin.

Rev. C. A. Lincoln read the scripture lesson. The sermon was preached by Rev. Oscar E. Maurer, D. D., of New Haven, Conn. Frederick B. Richards of Boston gave the prayer of ordination, the charge to the pastor was by Prof. William Walker, D. D., of Yale Divinity school; the charge to the people was by Rev. Rodney W. Roundy of Keene, N. H. Rev. Edward H. Newcomb of the First church gave the right hand of fellowship, and Rev. Charles T. Billings extended to the new pastor a welcome to the city. Rev. Raymond G. Clapp pronounced the benediction.

In giving the charge to the pastor,

Prof. Walker said:

A man may be a good physician or a lawyer of keeness and success, or a successful man of business, and yet be lacking in some respects, in character; but for the minister, the prime question is character. It is not so much what he does, as what he is. There is the question regarding his fitness for the Christian ministry. He also charged the pastor to be a man of study—to study books and people, and to study, also, the great questions of the times in which we live.

Rev. R. W. Roundy, charging the people, exhorted them to have regard for their pastor—thoughtful regard; but even more than that, for his sake and for the sake of the work to be undertaken, to ever have a high regard and a high place for the work, the service, the vision, the power of the church, which is the chief institution that stands for the solution of the problems of our day.

In extending the right hand of fellowship, Rev. E. H. Newcomb referred to the fact that the two churches—the First and the Trinitarian—were

once one church; and said that it is not their province to criticize their predecessors, but for each to do his duty in his own field. He extended the hand of fellowship in behalf of the church to which he ministers, in behalf of the Andover association and in behalf of the community.

Rev. Charles T. Billings welcomed Mr. Clapp to the Ministers' union, to the Federation of Churches and to the city.

Theatre Voyons

The Theatre Voyons shows today exclusively in Lowell Pathe's Weekly and Biographs. The Biograph leader is "Death's Marathon," featuring Miss Blanche Sweet, Walter Miller and Henry Whitall, three of their best players. It is a most dramatic subject, staged with great care and one that holds every bit of attention from beginning to end. "The Switch Tower," tells of a little lad's courage and grit in a novel way and Pathe's Weekly covers every event of importance in pictures.

AMERICA'S BIG CITIES EXTEND WARM WELCOME TO BRAZILIAN MINISTER

Dr. LAURO MULLER, BRAZILIAN MINISTER, AND DUDLEY FIELD MALONE, PRESIDENT WILSON'S REPRESENTATIVE.

NEW YORK, June 19.—Dr. Lauro Muller, minister of foreign affairs of Brazil, who is now on a tour of this country with other Brazilians, was given a cordial welcome here. Among those who make up the entourage of the ambassador are Dr. Helio Lobo, Captain Antonio Sampaio, Euclides Hermes da Fonseca, military aid and son of the president of the Brazilian republic; Dr. de Aguiar, Leopoldo Moreira, Alberto de Ipanema Moreira, naval aid, and Captain Thelma Costa, commander of the Dreadnaught Minas Geraes, on which the visitors arrived at Norfolk June 19 on the first leg of their journey. Dudley Field Malone, assistant secretary of state, is accompanying the party as the official representative of President Wilson. The formal reception for the South American guests here began when Mayor Gaynor, the distinguished guest while he is in this country.

turned later at city hall, and then followed a tour of the city in automobiles and a luncheon, at which the party were the guests of the American Manufacturers' Export association at the Hotel Plaza. The first day's activities ended with a dinner with the Pan-American society at the Knickerbocker. The visitors then planned to go to West Point to inspect the Military academy, making the trip up the Hudson river in a torpedo destroyer. After a banquet given by the New York chamber of commerce the party's plans called for a visit to Boston. The Brazilian minister is repaying the visit of Ethel Root to South America when he was secretary of state. An elaborate program of official functions formal reception for the South American guests here began when Mayor Gaynor, the distinguished guest while he is in this country.

IMPERATOR, WORLD'S OCEAN MARVEL, REACHES THE PORT OF NEW YORK

NEW YORK, June 20.—The 59,000-ton Hamburg-American liner Emperor, which arrived here yesterday, was visited by thousands after her arrival at the pier, the biggest steamship afloat from her maiden voyage from Ham-

burg. The Emperor averaged twenty-two knots an hour, and her time was announced as 6 days 9 hours and 55 minutes from Cherbourg breakwater to Ambrose Channel lightship. The total distance of 5,153 miles from Hamburg was divided into daily runs ranging from 229 to 356, made on Friday, the 13th, notwithstanding it was a day of strong gales and heavy seas. No attempt was made to speed the vessel, but during her fastest going she proved very steady, according to reports from shipboard. Captain Hans Ruser, her commander, said he was delighted with her behavior. The Emperor is 919 feet long. To accommodate this length an extension of 100 feet has been built out into the North river from two of the Hamburg-American piers on the Hoboken side. Her unusual height also has called for some changes in the pier construction, and passengers landed from the promenade deck by a stairway built through the roof of the pier. The Emperor, which is some 5,000 tons larger than the Olympic, will be an attraction in this port until she starts again for Hamburg June 25. There is something to see on each of the nine decks, which are lettered from A to I. The upper, or sun, deck, known aboard ship as A deck, is ninety feet above the water. It has a great promenade and one of the most ornate smoking rooms ever built in a transatlantic liner. Although many of the Emperor's eighty-three lifeboats are kept upon this deck, there is an abundance of room for deck sports of all kinds. Every device known in steamship construction has been used in making the Emperor unsinkable. She has thirty-six water tight compartments, several of which could be flooded without affecting the floating capacity of the vessel. Her quadruple turbine engines, representing 62,000 horsepower, are sufficient to develop an average speed of 22.5 knots. In the illustration the comparative size of a man and the ship is indicated by the small figure in the white square at the water's edge at the bow of the vessel.

NEW ENGLAND TELEPHONE
AND TELEGRAPH COMPANY

THE MUNICIPAL SALOON URGES LONGER SKIRTS

Rochester Wants Less
Woman and More Cloth

ROCHESTER, Pa., June 20.—Local femininity is in an uproar of excitement because of the forthcoming proclamation from Burgess Crago and the morals efficiency commission on women's dress. Length of skirts, scantiness of waists, lowness of necks and thickness of hose will be prescribed in the edict. Burgess Crago and the commission think they know a thing or two when they see it, and they are determined to see it no longer. Nor any shorter, either.

In future there is to be more air and less scenery.

Police yesterday received instructions to warn all women appearing in slashed skirts, form draped costumes, hide-and-seek waists and other modes frowned on by the commission to return home and change their dresses. Failure to comply with the regulations of the expected edict is to be punished with arrests and fines.

The action of the burrass and the commission was authorized at the council meeting, at which speakers ascribed to the scantiness of women's dress the present "deplorable moral condition of the city." The council delegated to Burgess Crago and the commission the job of determining just what was "immoral" and what was "indecent." Several women who were warned by policemen yesterday denounced the action of the council as despotism. But there was no talk of taking the matter any higher up. In a day or two all women will be expected to know just how far they may go in either direction.

Chippendale, No. Billerica, tonight.

REVERE ASSESSOR FOUND GUILTY

Chairman Segee is Convicted of Forgery of Public Record—The Town Tax List Falsified

BOSTON, June 20.—Samuel A. Segee, chairman of the Board of Assessors of Revere, was convicted this morning on the charge of forging public records, the tax lists of the town. The jury, which has been hearing the case for a week returned a sealed verdict last night, which was opened by Clerk Manning.

Asst. Dist. Atty. Lavelle, the prosecuting officer, immediately demanded that the bail of the defendant be increased to \$5000. Judge Brown granted the request. The increased bail was not at once forthcoming, and the defendant was committed to the custody of the court officers for the time being.

The charge against Mr. Segee was an unusual one. He was indicted in 13 counts on the charge of forgery of public records, in that he altered the tax lists of the town to the benefit of himself. The allegation of the government was that if he did not receive benefit himself, some of his friends did. The verdict of the jury this morning found him guilty of five counts in the indictment.

The verdict of guilty in five counts is explained on the ground that all the rest of the 13 counts in the original indictment were withdrawn yesterday by Asst. Dist. Atty. Lavelle. He said that the counts which he withdrew practically reiterated the charges which were contained in the remaining five counts.

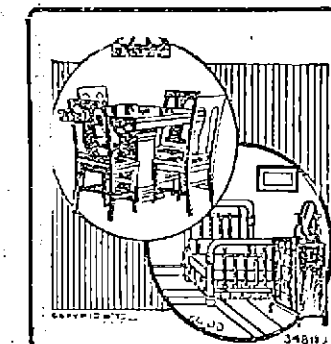

The five counts on which the defendant was found guilty referred to entries in the valuation tax book of the town, in which it was charged that the defendant had transferred taxes on real estate, in which he had an interest, to the personal tax list and to the names of persons who could not be found.

DEMOCRATIC CAUCUS ON TARIFF

All Schedules and Administrative Sections of Bill Submitted—Income Tax Feature Held Back

WASHINGTON, June 20.—Democratic senators caucused today on the tariff bill as revised by the majority of the finance committee. All schedules and administrative sections were submitted. Only the income tax feature was held back for revision. The committee expects to meet Sunday to complete that work.

Chairman Simmons indicated he expected opposition in the caucus to the sugar and wool program but believed

those schedules would not be changed. The amendment permitting the president to proclaim special rates when foreign nations discriminate against the United States provides that he shall exercise this authority on certain articles, as follows:

Fish, fresh, smoked and dried, pickled or otherwise prepared, one cent per pound; on wheat, ten cents per bushel; on wheat flour, five cents per barrel; on coffee, three cents per pound; on tea, ten cents per pound.

On the following articles a duty not to exceed one and one-fourth times that specified:

Earthen, stone and china ware; lemons, cheese, wines of all kinds, malt liquors, knitted goods, silk dresses and piece goods; leather gloves; laces and embroideries of whatever material composed, and articles made wholly or in part of same; toys, jewelry and precious, semi-precious and imitation precious stones, suitable for use in the manufacture of jewelry.

On the following, in addition to the duties as provided:

Sugar in tank bottoms, syrup of cane juice and concentrated molasses, testing by the polariscope not above 75 degrees; 15 one-hundredths cents per pound and for every additional degree by the polariscope, test additional one one-hundredth cent per pound; on molasses two cents per gallon.

FUNERALS

McKINNON—The funeral of Robert H. McKinnon took place yesterday afternoon from his home in Somerville. The body was forwarded to Lowell, and burial took place in the family lot in the Edison cemetery. The local arrangements were in charge of Undertakers Young & Blake.

WEBSTER—The funeral of Mrs. Octavia A. Webster took place yesterday afternoon from her residence, 222 West London street. The services were conducted by Rev. Theodore D. Frost, D.D., pastor of the Worthen Street Baptist church. Appropriate selections were sung by Miss Vivian M. Cowen. The bearers were Frank E. Brannan, Fred W. Ireland and Herbert H. and Perry Platt. Burial was in the family lot in the Edison cemetery. The funeral arrangements were in charge of William H. Peen, under the direction of Undertaker George W. Healey.

WATSON—The funeral of Mrs. Mary J. Watson took place from the rooms of Undertakers J. B. Currier Co. yesterday afternoon. The services were conducted by Rev. J. M. Craig, pastor of the First Presbyterian church, and the bearers were Richard Bottomley, Adam Dalgleish, Robert Watson and Ernest Gunther. The committal services were read by Rev. J. M. Craig, and burial was in the family lot in the Edison cemetery, in charge of Undertakers J. B. Currier Co.

DAVIS—The funeral of Miss Sophia Davis took place from the Old Ladies' Home yesterday afternoon. The services were conducted by Rev. C. H. Skinner, pastor of the Grace Universalist church. The body was sent to Lynn, this morning, for burial, by Undertakers J. B. Currier Co.

McMAHON—The funeral of Margaret McMahon, the child who was accidentally drowned Monday, by falling into a well, took place yesterday afternoon from the home of her parents, 41 Fruit street, and was largely attended. Among the bearers were pieces by the following: Family, grandfather and grandmother, Mr. and Mrs. Joseph Moran; sons, Mrs. Murphy, Mrs. Culnan and Miss Annie McMahon, neighbors; brothers and sisters, Mr. and Mrs. Michael Droney, the Casey family, Edna and Lizzie Sullivan, Ernest Wessner, Anna Lawrence, the Schuchala family, Carl Wessner, Alice Wessner, and Hattie Schuchala. Margaret Savard, present at the funeral were many friends from Passbody and Lawrence. Undertakers M. H. McDonough Sons in charge.

DONAHUE—The funeral of Patrick Donahue took place this morning from his late home, 81 Common street, at 11 and was largely attended. St. Patrick's church held mass of requiem was celebrated at 9 o'clock by Rev. Joseph Curran. The choir under the direction of Mr. Michael Johnson and the Gregorian mass, Miss Alice Norton and Mr. Andrew McCarthy sustaining the solos. Among the floral tributes was a large wreath from the daughter. The bearers were John Flynn, Patrick Gaffney, Thomas O'Brien and John Regan. Interment was in St. Patrick's cemetery. Rev. Joseph Curran read the committal prayers. Undertaker Peter H. Savage had charge of the funeral arrangements.

DEATHS

TEAGUE—Mrs. Mary A. Teague, widow of the late Patrick Teague, and a very well known resident of Lowell, died last night at her summer home, 44 Central avenue, Juniper Point, Salem, Mass. She resided in Lowell at 180 Mammoth road and was a devoted member of St. Columba's church. She is survived by her sons, Dr. Edward, Frank, Walter O., Daniel H., George W., and Arthur J., and by three daughters, Mrs. George S. Harris of West Point, Georgia, and Margaret A. and Gertrude E. of Lowell. The body will be brought to this city for burial.

FUNERAL NOTICE

DEXTER—The funeral of the late Henry C. Dexter, will take place Saturday afternoon at 2 o'clock from his residence, 1000 East Merrimack street, at which hour the services will be conducted. Friends are invited without further notice. Burial private. Undertaker George W. Healey has charge of the funeral arrangements.

in St. Patrick's cemetery, where the committal prayers were recited by Rev. W. George Mullin. Undertaker James H. McDermott had charge.

SULLIVAN—The funeral of the late Mrs. Ida Sullivan, a well known resident of this city, took place this morning at 9 o'clock from her home, 3 Year 31 North street. The cortege proceeded to St. Peter's church where at 9:45 o'clock a high mass of requiem was celebrated by Rev. W. George Mullin. The choir sang the Gregorian mass, the solos being sustained by Mrs. Gertrude E. Kleber and Mr. James E. Donnelly. Mrs. John W. McKennedy presided at the organ.

The bearers were Messrs. Albert Anderson, William Sheehan, Daniel Frail and Joseph Cannon. Among the beautiful floral tributes were a magnificent cross on base with ribbon inscribed "At Rest," from employees of the Merrimack cloth room and several

Peter Morrison, William Morrison, Mr. and Mrs. James Morrison of New York, Rose Carroll, Margaret Carroll, Michael Carroll, Thomas Conney and family, Mr. Landry. Burial took place in the family lot in St. Patrick's cemetery, where the committal prayers were read at the grave by Rev. John F. Burns. Funeral arrangements were in charge of Undertaker John F. Rogers.

CORR—The funeral of James B. Corr took place this morning from his home, in Graham street, No. 111, at 9 o'clock. A high mass of requiem was celebrated at St. Andrew's church at 9 o'clock the celebrant being Rev. Fr. Cornell, O. M. I. The choir was under the direction of Miss Mary organist. The bearers were John J. Kelley, Arthur F. Suttle, Dudley E. Corlies, John Fielding. The procession from the Lowell parish of St. Andrew's was as follows: Thomas F. Corlies, John Sheedy, Marcel Herbert and Charles F. McGrath. Burial took place

phy and Mr. Andrew McCarthy sustaining the solos. Among the floral tributes was a large wreath from the daughter. The bearers were John Flynn, Patrick Gaffney, Thomas O'Brien and John Regan. Interment was in St. Patrick's cemetery. Rev. Joseph Curran read the committal prayers. Undertaker Peter H. Savage had charge of the funeral arrangements.

MORRISON—The funeral of John Morrison took place this morning from his home, 112 Chapel street. High mass of requiem was celebrated at nine o'clock at St. Peter's church by Rev. John F. Burns. The choir was under the direction of James E. Donnelly. Mr. J. W. McKennedy presiding at the organ. The bearers were James McGowan, Frank Macreute, Martin Hayden, James F. Morrison, Joseph Dugan and James Haddon. Among the floral tributes were pieces by the following:

others. The interment was in the family lot in St. Patrick's cemetery, where the committal prayers were recited by Rev. W. George Mullin. Undertaker James H. McDermott had charge.

NEW MINISTER TO CUBA

Is Noted Son of Cuban Patriot

COLUMBIA, S. C., June 12.—William E. Gonzales, editor of the State, who was appointed minister to Cuba, is well equipped for that post. His father was the famous General Ambrosio Jose Gonzales, who was Cuban by birth and a journalist of that country. General Gonzales' life was a

WILLIAM E. GONZALES

stormy and eventful one. He took a prominent part in the uprising of Cubans against the Spanish in 1845 and since that time had been practically an exile in America. He engaged in the Lopez expedition and had a prominent part in other movements to free Cuba. He served with honor as a Confederate general. It was from the

"That's the sixth Studebaker we've passed—the only kind to invest in."

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the test in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

See our Dealer or write us.

general that his son received much of his wide information concerning Cuba. The new minister is one of the south's noted editors.

Kills the Germ That Makes the Trouble

The deadly dandruff germ causes 90 per cent. of baldness. SULPHOLAC destroys this germ, overcomes dandruff, eczema, itching, scalp, dry and feverish conditions that stop all hair growth.

SULPHOLAC combines the benefits of sulphur with a highly prized germ destroyer. These ingredients make it a skin remedy of extraordinary value.

Easy to work into the scalp, readily taken up by the skin, this velvety-smooth cream gets to the seat of the trouble. Even in stubborn, aggravated cases, SULPHOLAC brings the scalp back to health, keeps it clean, soft and moist, stops falling hair and stimulates a good strong growth.

10,000 MOOSE
Enjoyed Field Day Events at Shore Resort Near Providence, R. I.—Norman Taber Easily Won Mile Run

PROVIDENCE, R. I., June 20.—Norman S. Taber of this city and Howard Drew of Springfield, both Olympic runners, were the stars in the annual field games of the New England Association of Moose at a local shore resort yesterday afternoon. Taber was easily the winner in the mile run and drew captured the 100 yards dash with little more difficulty. The Moose, about 10,000 strong, went down the bay after a parade yesterday, had a Rhode Island shore dinner, witnessed the field sports and held their drills. The Newport lodge captured first prize in the drills, with Springfield, Mass. second.

THE FIRST RAILROAD

Baltimore & Ohio Charter Granted in 1827

A question having arisen as to the exact date of the beginning of the Baltimore & Ohio railroad, it was thought worth while to consult an old newspaper file. Old news sometimes becomes new by age and there is no better history than that furnished by the contemporaneous accounts of newspapers. The charter of the Baltimore & Ohio railroad, granted by the legislature of Maryland in 1827, was the second one granted in the United States, and was the beginning of by far the greatest engineering enterprise that had yet been conceived in America. It was the first step in furtherance of Washington's favorite idea in binding the east and the west together by commercial ties. He had given the weight of his influence to the promotion of the Chesapeake & Ohio canal, but he did not dream that thirty years after his death a steam railroad would cross the Allegheny mountains and connect the water with the Mississippi valley. The magnitude of such an undertaking deserved to be properly celebrated and duly recorded, and so it was. It was a great event and it is fittingly described in Niles' Register of July 12, 1828. This paper was published in Baltimore, where the ceremony took place, and its account has the freshness of contemporary narrative.

"The Register was a weekly and while the ceremony occurred on Friday, July 4, 1828, the report was not printed till Saturday, the 12th. It occupies several columns of the paper and has a one-line caption of 'Fourth of July—Formation of the Railroad.' Of course 'this' railroad meant the only one talked of. 'The celebration of the Fourth of July and the ceremonies attending the commencement of the Baltimore & Ohio railroad,' says the Register 'brought to the town a great concourse of strangers.' It estimates the crowd at fifty thousand and congratulates its readers that 'with the exception of one or two lost children, we know of no accident that disturbed the festivity of the scene in the city.' As the Fourth of July and the commencement of the railroad were to be celebrated together, the program covered a good deal of ground, including a street parade, speaking, reading the Declaration of Independence, military salutes, laying of a foundation stone, etc. The principal orator of the day said: 'We are commencing a new era in our history, for there is none present who doubts the great and beneficial influence which the intended road will have in promoting the agricultural manufactures and internal commerce of our country.' A procession in excess of squares in length, and including all the galleys of Baltimore, carried banners mixed with railroad streamers.

The stone cutters' guild furnished a large stone suitably inscribed, which was laid by the masons, assisted by Charles Carroll of Carrollton, the last surviving signer of the Declaration of Independence, then nearly ninety years old, who delivered a brief address. The stone was inscribed on two sides: 'First stone of the Baltimore & Ohio Railroad company,' and a cavity contained the charter of the company and other documents. At the completion of the stone-laying, the weavers and tailors presented Mr. Carroll a new coat which he had made while the process also received as souvenirs the trowel he had used in laying the stone and the pick used in placing it, both made expressly for the occasion. The latter's guild presented him a new beaver hat, and the bookbinders a beautiful bound volume of the report of the engineers of the road, just for the anniversary opening of a notable enterprise and the Register informs us that 'the day concluded with more decorum and quiet than we remember to have seen on any like occasion.'

BATTLE IS WARMING

Suggestions in the Great Library Contest

It's only over a week ago since the big contest started on its journey to Sept. 4. Thirteen weeks are only a little speck on the map of time, and with this speck hangs the fate of many a library. In the little speck flutters the emblems of thousands of voters who fairly tremble in anticipation of victory for success in the big contest comes with it the preservation of a big bunch of pride and a glorious achievement.

It appears that the winner cannot hope to land in the first place with a large majority. It appears to be a neck and neck race among the first 15 or 20 and at no time should the lead be discouraging a man to the tail enders, for the dark horse may dash out his surprise at any time in the big book contest. It will require a supreme effort on the part of the winner to capture the prize. The battle has reached the hand to hand struggle point and you will see the weekly vote grow and multiply at an astonishing rate from now on.

There is to be no reasonable expectation for all are distributing their energies among their forces; every inch of the ground is being carefully studied. What a battle it will be. A battle of bullets, a battle for books. Unless you want to surrender when this day comes you will have to make every dime, every dollar and ten dollar purchase count from now on. For you see how close they are running, and a deaf ear to this admonition, even once may be at the price of victory.

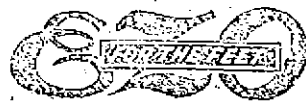

Factions are all against factions.

BANISH FOOT MISERY

Soreness, Burning, Swelling Disappear Over Night

Reliable druggists are selling a lot of E-Z-O on money back plan to those who must have strong feet to do the day's work.

ST. JOSEPH'S COLLEGE

Public Awards Made to Graduates

The commencement exercises at St. Joseph's college in Merrimack street were very largely attended by parents and friends of the young graduates. The hall was filled to its capacity and these present were highly entertained for a varied musical and entertainment program which was carried out in a delightful manner, under the personal direction of Rev. Bro. Leon Berardin, S. M., director of the school.

The graduates, fourteen in number, were presented school and diocesan diplomas by the pastor of the parish, Rev. Henri Watelle, O. M. I., who took occasion to congratulate the teachers and pupils for their good work during the closing year.

The following is a list of medals awarded the graduates for various studies: Gold medal, donated by Rev. Henri Watelle, O. M. I., won by Arthur Lorette, who was first in religious gold medal, donated by Joseph F. Menzies, won by Leonard Blanchard, first in deportment; gold medal donated by Frank Ricard, won by Wilmer Ricard, first in English; gold medal, donated by Auguste Sollassol, won by Herve Peron, first in French; gold medal, donated by St. Joseph's college alumni, won by Antonio Berger, first in mathematics; gold medal donated by J. B. Pelcualt, won by Ernest Poirier, first in spelling; gold medal, donated by Carillon council, W. St. J. Bte. d'A., won by Paul Choquette, first in history; gold medal donated by St. Joseph's college alumni, won by Arthur Gagnon, first in mathematics; gold medal, donated by Albert Ducharme, won by Leo Giroux, second in French; silver medal donated by St. Joseph's college alumni, won by Emile Lemire, second in mathematics; silver medal, donated by Thos. J. Goyette, won by Achille Gaudin, first in drawing; silver medal, donated by St. Joseph's college alumni, won by Paul Chevalier, prize of honor; silver medal, donated by J. B. Pelcualt, won by Leon L'Heureux, second in English; silver medal, donated by St. Joseph's college alumni, won by Victor Hamel, second in history.

Several other prizes consisting of fine volumes, donated by Rev. Armand Baron, O. M. I., and St. Joseph's college alumni, were also distributed to pupils of lower grades.

SWIMMING RACE JULY 4

"Podge" Murphy Issues Challenge

Frank "Podge" Murphy, if his wishes are carried out, will furnish one of the best of the Fourth of July sporting events for the people of this city. Mr. Murphy, who has been training for approaching swimming contests, issues a challenge to anyone who will accept for a race to take place on the Merrimack on July Fourth in company with the regatta of the Lowell Motorboat Club. He states that it would be advisable to have the race start at the Tyngsboro bridge and the finish line in front of the Motorboat Club at Pawtucket street. This event would be a great added attraction for the members of the club on the day, and they will doubtless do all in their power to promote the race.

It seems that there are many local swimmers who are of the opinion that they can defeat Murphy, and this will give them an excellent chance of proving their statements in this regard.

STRAW HATS

FOR

Men, Boys and Children

BOYS' and CHILDREN'S STRAWS. 25c to \$1.50

MEN'S and BOYS' CAPS, all styles. 25c to \$1.50

TALBOT'S

LOWELL'S HAT CORNER

American House Block Central Street

Murphy claims the city championship, and he is ready to defend it. "Podge" has been to see His Honor Mayor James E. O'Donnell about the matter, and the mayor agreed to make an appropriation of about \$20 or \$35 for prizes provided sufficient interest is shown and someone has the courage to accept the well-known swimmer's challenge. It may be that the Lowell Motorboat Club might find some aspirant to meet Murphy in a long-distance swim. Answers to the challenge of "Podge" may be sent in to The Sun office.

THE PAROCHIAL SCHOOLS

Arrangements for the Closing Exercises

The closing exercises and presentation of diplomas to the graduates of the local parochial schools will take place for the most part within the next week. In some cases, elaborate programs are being prepared and will be given before audiences of parents and friends of the children, while others will simply award the diplomas and prizes at the high mass on Sunday in their respective parishes.

This latter will be the case in St. Patrick's school which will hold its exercises Sunday morning at the 11 o'clock high mass. Rev. Fr. Kerrigan will celebrate the mass and Rev. Joseph A. Gault will preach a special sermon. In the absence of the pastor, Rev. Fr. Callahan will present the diplomas to the graduates. The sanctuary choir will be seen for the last time this season, after having rendered excellent service under the capable direction of Brother Clement, its earnest and diligent leader.

At St. Michael's church on Sunday at the high mass, the diplomas will be presented to the graduates of the parochial school. This will constitute the graduation and there will be no further exercises. Special music by the choir will be heard at the mass, and Rev. Fr. Shaw will preach.

On Tuesday evening in the school hall, with an elaborate program, carefully arranged, the closing exercises of the Immaculate Conception parish will be held. There will be musical selections, and other forms of entertainment of the high quality which has always characterized the affairs of this school.

St. Patrick's Boys' School
This evening in the Academy of Music, the pupils of St. Patrick's boys' school will give their 31st annual entertainment, under the direction of the St. Michael's Brothers, who have charge of the school. The program includes some musical selections that are sure to please and among other things a drama, "The People's Money." The Brothers have worked hard in preparation for the affair and tonight's entertainment promises to be the best in years.

Requis at the Lake, tonight.

7272 QUALIFIED BANKS

Are Paying to the Government Two and One-half Per Cent. Interest on Postal Savings Funds
WASHINGTON, June 20.—At present 7272 qualified banks are paying to the government two and one-half per cent. interest on postal savings funds. New and simplified regulations under which such banks must qualify as depositories for postal savings funds have been sent out by the Treasury department.
The postal savings system is in operation in 12,520 different offices; the depositories number 556,660 and the deposits aggregate \$35,093,000.

HARVARD WON BOTH RACES TODAY

Easily Defeated Yale in Varsity
Four Oared and Freshman
Eight Oared Events

REGATTA COURSE, New London, June 20.—Rowing true to form and the confidence placed in them by students and alumni, Harvard won both preliminary races in the annual regatta with Yale here this morning. The disagreeable weather conditions appeared to have no effect upon the Crimson oarsmen, for in both varsity four oared and freshman eight races they led their Eli rivals from start to finish. It rained steadily during the entire forenoon but the Thames was almost without a ripple.

The four oared race was little more than a procession. Harvard took the lead at 9:40 when the referee's pistol sent the crews away and steadily increased it until at the finish of the two miles five lengths separated victors and vanquished. The official finishing times of the two fours indicates the difference in speed for Harvard crossed the line 11 minutes, 52 seconds, while Yale was over in 12 minutes, 11 seconds.

The struggle for honors between the first year crews was, however, a real race and although the Crimson won, the showing of the Eli youngsters was excellent. Both eights caught the water at the bridge at 10:32 and raced up river toward the two mile mark at 35 strokes to the minute. Even in the opening dash Harvard showed a little more finish and drive in its stroke and gradually nosed into the lead until at the first half mile mark the Cambridge crew led by half a length rowing 35 strokes to the minute against Yale's 32.

Passing through the long lane of yachts to the mile mark both eights rowed steadily. Harvard dropped to a 36 mark but had increased her advantage to a full length at the mile.

The Blue youngsters started a spurt which set the Yale clan on crier and short shouting, for, jumping the stroke to 35 and then to 38, they gradually cut down the Crimson lead to a scant half length at the mile and a half mark. Still rowing smoothly the

New Haven combination worked the stroke up to 49 and it began to appear as though Yale would nip their rivals before the finish was reached.

Harvard's freshman eight had power in reserve, however, and also raised its stroke until both crews were racing at a 40 stroke clip. A quarter of a mile from the finish the pace proved too much for the Elis, who despite the high stroke drifted back until a scant length separated the two shells as they passed between the finish flags.

Both crews finished the hard race without signs of excessive physical exhaustion and held perfect stroke form until the end.

So far as could be judged from the average spectator's point of view there was very little difference between the so-called Wray stroke and the English stroke rowed by the Yale freshmen.

You May Safely Eat
Acid Forming Fruits

At this season of the year people suffer many privations and deny themselves the fruits that others so much enjoy because they know that the uric acid which forms from most of the seasonable fruits is a very bad for their rheumatism. But to these people

is a great blessing because it gets rid of the uric acid and enables them to eat whatever they like and feel no bad after effects. Try eating the fruit you like, and following it with a dose or two of Glycol. You will be delighted with the results. Fifty cents at your druggists.

HELLO 'GIRLS' WRECK PROPERTY

Three Riot Calls Sent in at St. Louis—Striking Operatives Attack Strikebreakers

ST. LOUIS, Mo., June 20.—Three riot calls in connection with the local strike of the Bell Telephone Co.'s operators were sent in last night. Destruction of telephone property continued, and the company has offered rewards of \$250 for the arrest of each of the vandals.

Personal violence occurred in front

of Tyler exchange about midnight. A crowd of 500 striking telephone girls and sympathizers attempted to prevent the strikebreakers from entering the exchange. Eight policemen and the company's guards rushed the crowd. One of the strikers was knocked down and trampled. Later riot calls came from other parts of the city.

KEY WORKERS STILL AT LARGE

Several Thefts Reported in Highlands—Police Notified and Are Looking for Culprits

There is a key worker in town and he is working successfully despite the efforts of the police to capture him. His favorite field of activity seems to be the Highlands, and for the past few days several thefts have been reported in that district.

The cases of three families who were robbed in the same block in Liberty street were reported in yesterday's Sun, and today the writer learned that the same game had been worked in other places. One of the places robbed was the flat occupied by Mr. and Mrs. Carl H. Streeter, 28 Ware street, where it is said the culprit succeeded in gaining entrance into the flat which is situated on the third floor, and making good his escape with \$12 in cash. The thief worked his way into the house by

means of keys.

A few days ago the flat occupied by M. T. James and family at 18 Westford street, which is also situated on the third floor, was ransacked by a robber, who got away with two gold watches, two gold chains, two gold rings and a certain amount of cash.

Every member of the family work during the day and the thief must have been aware of the fact, for he made his entrance in the early part of the afternoon. The lady who occupies the middle flat in the building heard footsteps in the early part of the afternoon, but she paid no attention to them for she thought one of the boys was coming home early. It seems the robber opened the door with a key and helped himself to all the pieces of jewelry he laid his hands on, as well as the cash. He ransacked every drawer of the sideboard, which he also opened with keys, and then going into the bed rooms he made a hasty search there, turning the contents of bureau and dresser drawers upside down.

The thief got away without causing any attraction and the theft was discovered at night when the family returned from work. The matter was reported to the police.

The way the key worker operates, it is said, is by ringing the door bell. He does that several times and if there is no response he unlocks the door and walks right in. This happened in another house in the Highlands. A man stood on the front steps and pushed the electric button several times. The woman of the house was busy at the time and it took her a little while to get around to the door, and just as she was reaching for the door knob, a well dressed man pushed the door open and walked in, at the same time slipping a bunch of keys into his pocket. He excused himself and asked if a certain party lived there, and when he was told he was at the wrong place, he quietly walked away.

BOY FREIGHT HOPPERS

Continued

is in South Boston, he said, and he had been away from it since last Saturday night. He is a piano player and went first to Portland in search of a job for the summer months. He was disappointed, however, and coasted around until he finally landed in Nashua. With two companions, he started out with the best of intentions to get home and decided that the only thing for them to do was to hop a ride on a freight going through to Boston. Therefore they all piled on to the top of the first freight which pulled out of Nashua headed for Boston.

An accident occurred on the way, however, which brought the defendant into police court this morning. His companions insisted upon standing erect with the consequence that each of them received a crack in the head as the train passed under a bridge. The train slowed down and Steward hustled ahead to the conductor of the train and told him that the two boys were badly hurt. Both of the injured boys were then placed in the caboose of the freight and carried to Lowell. Steward accompanied them here. Rather than leave his companions he was ready to go to jail, he said. The two boys are now in St. John's hospital. Steward's case was placed on file with the understanding that he return to his parents with all due speed.

Women In Court

Mary F. Trainor, the woman arrested by Officer Foye of Dracut last night, pleaded guilty to the charge of drunkenness this morning. She has only recently been released from jail and Judge Enright imposed a fine of \$15 upon her and gave her three months time within which to pay it.

The other female defendant did not get off so lightly. Emily Perron was her name and the arresting officer informed the court that he had frequently seen her drunk of late and had warned her away from the South common repeatedly. She was sentenced to serve four months in jail.

Larceny Case Heard

The case of Alexander Cermenska, charged with the larceny of \$120 from the sweetheart, Annie Koslowska, was continued until tomorrow. Attorney Farley appeared for the prosecution and Daniel J. Donahue represented the defendant.

Michael Murphy was charged with playing ball on Central street, a violation of the city ordinance, and pleaded guilty. He was fined \$10 and warned by the court not to repeat his offense.

Philip S. Riley, a man whom Officer Leighton took into custody last night, did not have a very clear conception of anything this morning and his case was continued until tomorrow. He is charged with drunkenness.

PASS 9 IN 11 BILL OVER FOSS VETO

Senate Today Concurred With House in Making Measure a Law—Carmen Elated

BOSTON, June 20.—Two hundred street railway employees in blue coats and silver buttons made the corridors of the state house resound with cheers today when the senate concurred with the house in passing over the governor's veto the bill forbidding street railway companies to require more than nine hours' work in eleven consecutive hours.

The bill was backed by the street railway unions in the state and opposed by the companies. During the various stages in the house and senate

the galleries were crowded with uniformed men, and when the senate made the measure a law today by a vote of 26 to 11 the cheers of the men interrupted the proceedings. The galleries were finally cleared and the men marched to their headquarters for further celebration.

LARGE AIRY ROOMS TO LET, IN quiet neighborhood. 20 blocks st. BARBER WANTED AT ONCE. GOOD pay; good hours; steady work. J. E. Sullivan, Liberty sq.

AUTO DRIVER KILLED BOY

He is Convicted of Manslaughter

TRENTON, N. J., June 20.—The supreme court today affirmed the conviction of Daniel A. Dugan, Jr., of manslaughter in Essex county. While driving his automobile on Christmas day, 1911, Dugan ran down and killed Leo Francis McDermott, a boy, who was crossing the street. Dugan's sentence of imprisonment at hard labor for not less than five nor more than ten years stands unless there is an appeal to the court of errors and appeals and the latter releases him.

Well Satisfied
Many of the tenants of the new Sun building say they would sooner think of going out of business than return to their former locations.

It's a Shame to Do It

Our stock is the finest that we have ever had at this time of year. Our business, this spring, is the best that we ever had, BUT the merchants all around us are advertising all sorts of sales; to protect our customers, and to give them every advantage that they could possibly get at the other stores, we have taken all of our \$15.00 and \$18.00 fancy suits, and part of our \$20.00 and \$22.50 lines and marked them **\$13.13**

These suits at their original prices were exceptional values. Today they are the prices that ordinarily exist at the last of July.

Every suit as advertised.

K. OF C. NEW HOME OPENED

Continued

ther back over the platform was a large painting of Columbus.

The D. L. Page company catered and the bounteous feast was highly enjoyed.

Mr. Thornton

After a number of musical selections by the orchestra, Grand Knight William F. Thornton arose and greeted the gathering. "Brother Knights," he said, "I congratulate Lowell council on the large gathering this evening. It is a source of gratification to me to see before me such a representative body of men. Knights of Columbus, I extend to all a cordial welcome to our new home." He then spoke for a moment regarding the new building, and ended by introducing John R. Martin as toastmaster of the evening.

Mr. Martin added his greetings to those of Mr. Thornton, and during the evening, highly pleased his hearers with humorous anecdotes between two speeches.

The Mayor's Address

Charles E. McCarthy, Jr., rendered vocal solos in a commendable manner after which the toastmaster introduced his Honor Mayor James E. O'Donnell as the first speaker. Among other things the mayor said:

"Each member of Lowell council, K. of C., upon viewing tonight this beautiful structure dedicated to his use and comfort, should consider himself fortunate to hold membership in this organization, and should take a renewed and deep interest in its future welfare. Where in all New England can any society or lodge boast of a centrally located and elaborately appointed city home with a charming country seat only eight miles away? Lowell council has accomplished great things for its members within the past decade, through the untiring efforts of zealous and loyal workers in the council, and the wise and careful business administration of the past grand knights.

"We start forth in our new home under the leadership of a brother who when only in the ranks, was noted among his fellows for his devotion to the cause of the council, and who gave freely of his time and thought in the advancement of its interests. Let us all give him our hearty and practical cooperation and make the administration of Grand Knight Thornton, the first in our new home, the biggest, busiest and best in the annals of the council."

"As mayor of Lowell, I give my great pleasure to extend to you the congratulations and best wishes of the community. One by one the different societies of the city have acquired their

own homes, each a credit to the city, and to the organizations maintaining them. None can boast of a cooler or better located home than this, which we are assembled this evening."

State Deputy Louis Watson

Commissioner James E. Donnelly then entertained with several solos, being recalled to respond to a toast when he rendered his famous Scotch songs. The next to be introduced was State Deputy of Massachusetts, Louis Watson, of Boston. In response to a toast, "The Order," Mr. Watson said in part:

It is a source of real pleasure for me to be here tonight assisting in the

WILLIAM F. THORNTON, Grand Knight

you the greetings, the well wishes, and the kindly considerations of more than 25,000 loyal and true knights of the Old Bay State of Massachusetts. Lowell council is tonight the exposure of all eyes, and rightfully it should be for the example which it has set will, no doubt, be an incentive for other councils to emulate. The record you have made, so far as I know, has seldom been equalled. That in such a remarkably short space of time, the project of a building could be launched, the money necessary to build operations collected, and the building erect-

ed and ready for occupancy, all within the space of six months, is indeed a most remarkable achievement, and one of which your grand knight, the officers and members of your council should be justly proud. It is therefore, a source of much pride for me as state deputy of your order to extend to your worthy grand knight, to the officers and to your brother members, my most sincere congratulations and most cordial good wishes. This building is indeed, but an evidence of what it is possible to accomplish with united effort. It is a monument to the present generation of the Knights of Columbus of Lowell council, so that in after years you can point with pride and pleasure to it, as concrete evidence of the zeal and energy of the Knights of Columbus of Lowell. I fear that because of the beautiful surroundings, which are now upon the stage, the next and last appearance of the splendid appointments, these things, together with the general hospitality so manifest on the part of all, which is but characteristic of the Lowell knights, that we may perhaps forget the many, many hours of labor and sacrifice, as well as sleepless nights, experienced by those upon whom the building has rested, the responsibilities and the burden, never weary to bring everything to the successful conclusion in which we stand everything tonight. Let us hope and pray that now because your home is ready for you, that you will not relax in our efforts, but on the other hand you will be spurred on to even greater endeavor. This best way to accomplish these things is not alone in attending the meetings of your council, but in each and every member doing his share to help in the next step of progress for your council.

The K. of C. are men who are imbued with religious motives and patriotic devotion. They never fall in their duty to their country, and their church will never be dishonored by lack of loyalty. They stand willing and ready to unite with their fellow-citizens in all things which tend to make their country prosperous, and will willingly shed their blood in the defense of their country. This knightly stimulates and strengthens them in the cause of humanity. It encourages them to be true to the faith implanted in their hearts by God, and inspires them to deeds of valor in that hour when the fair name of Columbia is on the line of the battle.

Therefore K. of C. which you are not expected to defend your church with the sword, as did the knights of old, you are nevertheless expected to go forth with the sword of truth, and endeavor by your clean, pure words to show to the world the practical teachings of your church and to

STEIN-BLOCH Smart Clothes

IF IT'S A QUESTION OF BLUE SERGE SUITS, HERE'S THE ANSWER:

8040

THE STEIN-BLOCH UNMATCHABLE BLUE SERGE SUIT AT

\$20

"I want another blue serge suit like this. I bought it three years ago and it's good yet. It's a Stein-Bloch."

We've heard that from so many customers we're just beginning to appreciate how good the \$20.00 Stein-Bloch Serges really are.

There's nothing wonderful about the fabric—it's all pure worsted, of course, and it's a rich shade that's warranted permanent, but you can get all that from other makers at the same price.

It's the Stein-Bloch tailoring that makes it a wonder among serge suits at \$20—the expert and thorough hand work that creates and holds shape—that keeps a Stein-Bloch Serge Suit looking new long after the average suit has been discarded.

If you're thinking of a serge, come here and ask to see lot 8040, the Stein-Bloch \$20, unmatched blue serge. We've a big stock of them—including special models for young men suitable for graduation.

We've a splendid serge at \$15, which we absolutely guarantee—and higher cost serges from Stein-Bloch—but we're so enthused over the Stein-Bloch \$20 serge we advocate it strongly.

Blue and black unfinished worsted suits for all June occasions—tailored by Stein-Bloch and other clever clothes makers at \$15, \$20 and \$25.

NOTE: There's still many good trades among these Stein-Bloch \$20, \$22.50 and \$25 mixture suits at \$17.50.

KLOSED KROTCH ATHLETIC UNION SUITS

Embody the perfection of Summer Underwear comfort. The Krotch is closed as in a pair of drawers. No edges or surplus material to irritate the skin. Front and rear openings separate. Can't gape in the seat. Light, airy, roomy. Fine quality soft madras cloth.

Price \$1.00

exemplify the principles of our great and honored order.

"The Church"

The response to a toast, "The Church," was made by Rev. W. George Mullin of St. Peter's, chaplain of Lowell council. He opened his remarks with a greeting to the members and a fitting tribute to Mr. Thornton. Among other things Father Mullin said: "The Catholic church rejoices, as you rejoice on an occasion like this, she finds that you have worked nobly for her cause and in her interests, and she is duly appreciative. We as Catholics must all be practical and active Catholics—we must erect a structure for the soul, which is far more important than that which builds for the body. The moral structure of the knights of Columbus has been a grand success and it is most gratifying to the church on a night like this to see the results of your labors."

One of the most pleasing events of the entire evening occurred when Father Mullin presented the loving cup to Mr. Thornton from the council, saying: "I present you this loving cup, full of love, friendship, and kindest feelings, and I hope that many times you may take this cup to your lips to drink of the friendship of the knights of Columbus, who give it to you as a token of their appreciation and the esteem in which you are held by them." Mr. Thornton was touched by these words and in reply said: "Brothers, from the bottom of my heart, I thank you."

Daniel J. Gallagher

The toastmaster introduced Andrew A. McCarthy, who rendered several solos, being forced to respond to eulogies.

The last speaker of the evening was District Deputy Daniel J. Gallagher, of Dorchester, who responded to a toast, "Why I am a Knight." His address in part was as follows: "I have attended many inspiring occasions of the Knights of Columbus but in brilliancy and merit, this one is above even the envy of any council that I know. The reasons which hold me to this organization are the same as those which hold you and which inspired you with the noble purpose to work for the city and for which we have pledged ourselves together with upwards of 25,000 men. The tallman of fitness is the cross of the knight, not the cross of the state, nor nationality, it has spread across the Canadian border, it has penetrated the far west, the north, the Philippines, everywhere in fact where the Catholic church has manifested itself."

This organization was actuated by more than the mere desire for friendly intercourse.

The aims which inspire so vast an army, the purposes which they seek to accomplish and the means by which those purposes are sought to be achieved, are matters of vital moment, not only to the order, but to the world. The aims of this organization become a matter of added importance in view of certain dangers, systematically circulated throughout the country, to the effect that the order of the Knights of Columbus is hostile to the cause of free government, and that its members are bent on an only to attack, to undermine, to subvert the foundations of this government. Ordinarily we are not easily aroused to resentment by criticism. In fact our faith and our philosophy tend to make us grateful rather than resentful for criticism directed against us. For if anything derogatory be said of us, it is either true or false. If true, the criticism is a benefit; for the more we learn our faults the sooner we may correct them. If false, the criticism is a compliment; for it shows conclusively that those whose malice impels them to assail us, are compelled to invent the ground of their criticism.

Therefore we believe the critic is sometimes a benefactor, sometimes (as in this instance) a flatterer, but never a source of serious injury.

Our order is dedicated to the amelioration of society, not to its destruction.

It aims to improve the individual man wherever it can find him, and influence him. It encourages education wherever and whenever it can find the means. It has given half a million dollars to the Catholic university at Washington, and through its numerous chapters, it has given thousands upon thousands to various schools and colleges, libraries, academies and seminaries throughout this nation. It has expended millions of treasure to relieve the want and assuage the sorrows of thousands of widows and orphans.

It has rushed with open heart and open purse to the aid of every great calamity which involved life and safety of human beings, as in the California earthquake, the Ohio flood and many other lesser fatalities.

It has drawn magnificently upon its resources to assist in the maintenance of hospitals, infirmaries, churches, refuges, orphanages, convalescent and soldiers all over this country.

It has done all this regretting that it could do no more, but hopeful that as the generations pass its capacity for larger contributions to the welfare of humanity may keep closer pace with the need for such bounty.

It is to the extension of this grand human service in this community that Lowell council has so splendidly dedicated itself.

In some localities, where Fortune has liberally bestowed her favors, as in your good city, the order will work out its destiny on a grand scale; in other places the good work will be done necessarily on a smaller scale. But wherever a council is established, and men rally to the development of it with that zeal which is the fruit of love for humanity, there will Christ-like have a shrine; there will patriotism have a citadel; there will the genius of American citizenship reside in happiness and peace.

The festivities were closed by the singing of "My Country 'Tis of Thee" by the entire gathering.

The committee in charge consisted of William F. Thornton, G. K. chairman; Joseph F. Roarko, D. G. K.; Peter R. Carls, Daniel J. O'Brien, John A. Quinn, Fred L. Rooney and William F. Cawley.

MANSION SET ON FIRE

In Birmingham, England,

by Suffragettes

BIRMINGHAM, Eng., June 20.—A large unoccupied mansion at Solihull, near here, was set on fire by an "arson squad" of militant suffragettes today. A suffragette placed a bomb in the vicinity, demanding the release of the women suffering imprisonment for the "cause." A second placard bore the words "Votes for Women" while still another addressed to Sir Walter Phillips, the judge who recently sentenced six suffragists to imprisonment for conspiracy read "Judge not, that ye be not judged." There were no arrests.

RULING REVERSED

Full Bench of Supreme Court Reverses Ruling in Favor of Plaintiff.

The ruling of Judge Stevens in the case of Ernest Perry against the Davis

& Sargent Lumber company was reversed yesterday by the full bench of the supreme court, thus giving the victory to the plaintiff.

The case was tried here in June, 1912, the plaintiff seeking to recover for injuries caused by the giving way of a railing in the defendant's box shop in Middlesex street. At the close of the plaintiff's evidence, the court directed a verdict for the defendant, on the ground that there was no evidence of negligence on the part of defendant, and reported the case to the full bench, under the stipulation that if his ruling was found to be wrong, judgment be entered for the plaintiff in the sum of \$1000.

A GIFT TO NEW BEDFORD

Statue of "The Whaleman" Unveiled Today

NEW BEDFORD, June 20.—A heroic statue in bronze, by Bela L. Pratt of "The Whaleman," the gift of Hon. William W. Crapo to the city of New Bedford, was unveiled here today at 11 o'clock, when appropriate exercises were held and the statue was formally accepted on behalf of the city by the mayor.

It was unveiled by Captain George Baker, the dean of the living whaling masters. There were numerous invited guests from neighboring cities and towns, and there were addresses by several prominent citizens. Mr. Crapo himself made a brief address, in which he told of the energy and daring and hardihood of the old-time whalers out of New Bedford, and expressed the hope that their old story of courage and perseverance would always be remembered in this community.

Bronze Plate of Maine. WASHINGTON, June 20.—The bronze plate placed on the mainmast of the battleship Maine by the Daughters of the American Revolution of Havana, Cuba, is to be restored to the historic old spar when it is erected in Arlington national cemetery to mark the graves of the unknown dead of the ill-fated battleship. The Havana chapter of the Daughters won the consent of the navy department that the order be given.

Chippendale, No. Billerica, tonight.

Don Marche.

The ready-to-wear sale at the Don Marche is one of the big special sale attractions. The special decorations are of flags and banners flying, and it is surely a great attraction. There are 2500 banners arranged inside of the store as well as a big banner 24 feet long flying to the breeze with the inscription on it "Ready-to-Wear Sale," and every lady is getting in line for the big sale.

PIMPLES AND SORT OF RASH

First Between Fingers. Spread Rapidly to Palms of Hands, Healed Limbs and Soles of Feet. Lower Through Use of Cuticura Soap and Cuticura Ointment.

Dorham Ave., Needham, Mass.—"My troubles showed its presence first between the fingers. It developed in the form of peeling off of the skin. Then it spread rapidly to the palms of my hands, and next on my lower limbs and soles of my feet. On my lower limbs pimpled and a sort of rash developed, which led at times to so great irritation as to make me unthinkingly seek relief by scratching, only to result in the appearance spreading of the trouble. My flesh in the affected parts became hot and dry. The disfigurement on my hands was unpleasantly noticeable. Refreshing sleep under such conditions was wholly impossible. I was compelled to wear bandages on my feet to relieve the irritating effect of my shoes.

"Various remedies were tried but none of them seemed to give any definite benefit until I resorted to Cuticura Soap and Ointment. Improvement began at once and the gradual disappearance of the patches on my hands with the accompanying itching and burning resulted. My limbs and feet yielded more slowly to treatment, but eventually they also were healed through the use of Cuticura Soap and Ointment." (Signed) A. A. Cambridge, May 18, 1912.

Cuticura Soap (5c) and Cuticura Ointment (50c) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 24-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

43 Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

AM. SOLDIERS UNRULY

Charges Against Men on Mexican Border

WASHINGTON, June 20.—Charges that American soldiers on the Mexican border are as much outlaws as the roving bands across the line, will be laid before Secretary of War Garrison today by J. J. Kilpatrick, a merchant of Candelaria, Texas. Mr. Kilpatrick's son is postmaster at that place and the post office is situated in the elder Kilpatrick's store. Armed with a letter of introduction from Rep. Oscar Lindbergh, majority leader of the house, Mr. Kilpatrick is prepared to assert to the secretary that the American soldiers are unruly and rioting among themselves and that they are failing to afford protection to Americans. Candelaria is a border town of about 300 inhabitants, virtually all of whom are Mexicans. Mr. Kilpatrick and members of his family in fact are said to be the only Americans now in the place.

Approve Marconi Contract
CHRISTIANA, Norway, June 20.—The committee of the Norwegian parliament today unanimously recommended approval of the contract arranged between the Marconi company and the late Norwegian government providing for a wireless service between Norway and America if certain modifications can be obtained. Under the contract the Norwegian government is to spend \$560,000 in the erection of a station at Stavanger, which will operate a station at Boston.

CASE TO SUPREME COURT

Labor Leaders' Appeal Is Granted

WASHINGTON, June 20.—Chief Justice White yesterday granted a writ of error and appeal to the supreme court for Samuel Gompers, John Mitchell and Frank Morrison, labor leaders convicted of contempt of court in the Rocks stove and range case. The appeal will be heard after October.

Miner's with the Iroquois.
Elected Officers

The election of officers at the Pawtucketville Social club was held last night with the following result: President, Octave Champagne; Vice-President, Frank McKenna; Secretary, Wilbur Sawyer; assistant sec'y, Dolphus Robert; treasurer, Fred Theriault; assistant treasurer, A. F. Dragon, and sergeant-at-arms, Edouard Chouinard.
Diner, Food and Drug Session
MOBILE, Ala., June 20.—James H. Walls of Idaho was chosen president of the American Dairy, Food and Drug Officials here last night, the convention closing its session to meet next year at Kineo, on Moosehead lake, Maine.

LITTLE VAGRANT BOY

Was Placed in Charge of Officer Petrie

Albert Gouette, 15 years of age, who was arrested in this city last week for being a vagrant, and whose case had been continued till this morning in the juvenile session of the police court, was again arraigned before Judge Enright this morning, and his case was quickly disposed of when Patrolman Dave Petrie, who made the arrest, told the court he had secured good employment for the little fellow, and was willing to take him in his care. The court then placed the boy on probation for six months, and turned him over to Patrolman Petrie.
As it was announced exclusively in the Sun June 14, the boy was apprehended by Patrolman Petrie on the banks of the canal near the Boot mill where he was enjoying a sleep. For fear the boy would roll into the water and drown, the police officer awakened him and after learning his story thought it best to take him to the station and Albert was taken in on a charge of being a vagrant.
Patrolman Petrie became interested in the boy and after learning he had been tramping since he was about 10

years of age, and also that he did not have a relative or friend to cheer or advise him, he made up his mind to take care of him and he has thus far. He secured good employment for him, where he will learn a good trade, which after four years will bring him about \$15 or \$20 a week. He also secured a good home for him and when the case was called this morning, the officer told the court what his intentions were and he was given the custody of Albert, who was very much pleased when he heard the news.
At the conclusion of the trial the boy was taken into a clothing store and a good suit of clothes as well as shoes and cap were purchased for him. This noon he partook of a good dinner with his benefactor and tomorrow morning he will start work.
The boy was seen by the writer and with tears in his eyes told of the kindness of the big policeman who took him in his care. He said Patrolman Petrie called to see him at the Lowell jail several times during the week and each time he brought goodies for him. He said he is overwhelmed with joy at the thought that he is going to sleep in a good bed and enjoy the luxuries of a home once more.
The officer intends to keep a close watch on the boy so as to keep him from falling into his old habits.
World's Christian Citizens' Congress
INDIANAPOLIS, June 20.—Former Vice President Fairbanks left here today to attend the second World's Christian Citizens' congress at Portland, Ore., beginning June 22.

PELKY TRIAL RESUMED

Pugilist Arraigned on Manslaughter Charge

CALGARY, Alberta, June 20.—Testimony of persons active in the promotion of the prize fight which resulted in the death of Luther McCarty in the Burns arena here May 24 was continued when the hearing of Arthur Pelky, who is charged with manslaughter, was resumed today. Six witnesses remained to testify for the crown while several medical experts were ready to appear in behalf of the defence in the effort to show that McCarty was not killed by a blow to the jaw as contended.
IN NATIONAL HOUSE IN 1851
Major Ancona, 89 Years Old, Died at Reading, Pa., Today—He Was a Democrat
READING, Pa., June 20.—Major Sidenham W. Ancona, 89 years old, believed to have been the last surviving member who served in the national house of representatives in 1851, died here today. He was a democrat and served in the 27th, 35th and 39th congress.

Sons of Veterans
The regular meeting of Admiral Farragut camp will be held in Memorial hall, Merrimack street, this evening, at 7 o'clock. At 8.30 a large oil painting of the battle of Gettysburg will be on exhibition and fully explained by Comrade John Kenney, of Milford, N. H., assisted by Comrade Hovey of Post 185, Lowell.

CITY PLANNING

The old adage, "trifles make perfection, and perfection is no trifle," has a very apt application to the dreams of those who believe that the perfect city of the future will be brought about by means of co-operative committees all working together for the ideal conditions that are included in the doctrines of those who preach city planning. Many of their plans seem trifling, but they are trifling as are the minor cog-wheels and minute parts that make up the vast machine. Each item is unimportant in itself, but each is necessary to the working of the whole.

These various phases of the question of city planning are outlined in an article by George Brewster Gallup in the "Boston Chamber of Commerce News." He outlines the necessity for the modern movement which has been caused by modern conditions "so that life shall be better and safer, employment more certain and secure, and the rewards of labor freed from unnecessary tax and toll." Further on he says: "It seems to me a perfect city is not too much to expect in these wonderful days, and that it would bring great activity in business, and help to promote peace and good order."

Within the scope of city planning experts are: Harbors, transportation, terminals, warehouses, streets, homes, factories, playgrounds, parks, school-houses, civic centers and amusements. Concerning them the authority quoted above says: "All these things the workingman sees that he must demand, but knows when he stops to reason that he cannot get them merely by having his wages increased, even though he received all the profits of the industry in which he works. These are co-operative jobs and must be gained by the whole community working, planning, pulling together. He does not hope to see this come about all at once, but thinks that systematic plans could be drawn up for improvements extending over a long period of time even for ten or twenty years, part of which are to be borne by each individual until the perfect city is a reality."

He professes to be very sanguine as to the direct results of this mode of city planning. He says: "I am certain this kind of work would cut down the cost of crime, poverty, sickness, strikes, failures, loss of life, and children going to the bad. This may sound overdrawn to most, but all will agree with him that a systematic course of comprehensive city planning would result in greater efficiency in the conduct of municipal business, and a decrease in 'boobing, blundering, botching, waste and graft.'"

He purposes to speak for the man in the street when he says: "I have confidence enough in the honest men of my city to believe that in committees of many organizations, all pulling together, this work of planning the city as it ought to be could be done honestly and, little by little, without running too far into debt." Of course, the great problem would be the preliminary plans and the getting of general approval for them, and of this Mr. Gallup speaks, again from the viewpoint of the man in the street: "Yes, I think I can understand well enough what city planning by engineers and along scientific lines means, and I believe you could get rich and poor to work together for it, if somebody who was fit for the job would make the plan, and then you get a regular Panama canal board of honest engineers to take charge and carry it out."

Reduced to practice this city planning is the inevitable result of the general cry for greater system in public affairs. It is doubtful if it would all that is claimed for it, but it would prevent the waste that now too often attends petty policies, short-sighted action and the intrusion of personal or private interests to the detriment of the public service.

THE INDUSTRIAL SCHOOL

If there are any people in this city who doubt the value of vocational training, it is to be hoped that they will visit the Lowell Industrial school tomorrow, if they have not already done so, because here they will find the result of such training at its best. The year's work has been drawn to an end, and on all sides may be seen the result of industry and intelligence, not in clever trifles or theoretical examples of ingenuity but in the everyday things that men are doing all around them in the mills, the factories, the workshops.

On visiting the Industrial school in person one is immediately impressed with the seriousness that is evidenced on all sides. Here are boys that in the grammar schools or high school fritter away a considerable part of their time in mischief. There they are often careless and inattentive. They play pranks on one another; they make pictures on the marks of their books; they whisper their stunts on the floor. Here all their animal spirits are being utilized and trained to grow in the right direction. Each one works at his bench, his lathe or his model, as though he were an employer, in reality employed in a commercial way, dependent on his industry for his wages. Instead of abstract geometry they have the actual results of

set square, ruler and compass. Instead of the problems about areas and distances that have the concrete mathematics that are involved in all good workmanship. They are helped prepared for the real tasks of existence; when they enter the machine shop or factory they only graduate to a higher grade.

To many who are not of a mechanical turn of mind or whose technical training has been neglected, much in the work of the boys will escape passing notice. Because of the fact that the buildings were not adapted for the purpose, and in many places falling to decay, the best efforts of the pupils were directed at making them suitable for the school work. They pulled down partitions, plastered, put up polishes and brackets, built lockers, did the electric wiring, in short re-made the interior of the buildings. Considering the vast difficulties they had to face, their work has been remarkable, and it is a proof of what is possible under adequate conditions.

We ought to be proud of our Industrial school and hope for its future success. It solves a serious problem for the parents who do not contemplate giving their children an advanced education and who do not like to send them to work until they have prepared themselves for something definite. The latest of our educational institutions, the Industrial school is one of the most progressive.

RESTRICTION ON MARRIAGE

Every year the legislature gives a portion of its time to the consideration of the grave subject of how to force bachelors to get married and to that other equally perplexing problem, the restriction of the right of marriage to those only who are in a healthy physical condition. The legislators are everlastingly inclined; but they are at a loss to know first, how to determine those who are physically unfit to be married and then to tell just what the effect of such interference would be, whether good or bad. Some reformers would have a rigorous law placed on the statute books to prevent the victims of certain diseases from getting married. It is right that men or women who have contracted incurable diseases, or some of a different kind, should not marry; but if such a law were enforced it is alleged by physicians that the number of marriages would be greatly reduced and that those who fell under the prohibition would then do more harm to society than if they were married. This matter of restricting marriage to those whom the doctors will declare "physically fit" is one on which it is well to go slow.

The legislature might do some good if it imposed restrictions to prevent hasty or secret marriages, which in the majority of cases result in divorce or else lives of the worst kind of unhappiness.

ELECTRIC FANS FOR THE SICK

At a time when in certain quarters nearly all public service corporations are being assailed as enemies of the people, it may be reassuring to their critics to find the Lowell Electric Light Corporation announcing that it will supply electric fans wherever this is at all feasible in any case of sickness among those who are unable to pay for this service. This is certainly a most generous and philanthropic offer and one which may result in saving many lives if applied where the sick poor are confined in close, ill ventilated quarters and where a breath of cool air is better than all the medicine the doctors can prescribe. The electric fan has heretofore been regarded as a luxury enjoyed only by the wealthy and for that reason this offer to supply its uses free to the sick poor is most commendable. The fan in such cases is better than flowers, better even than ice. It is an antidote to the heat of summer and one that will be especially helpful to the medical practitioner in saving the lives of patients suffering from the effects of hot weather.

This example set by the Lowell Electric Light company is one worthy of emulation by the electric lighting companies of other cities.

DISCREDITING THE MILLS

The strike in Ipswich, which in many of its features duplicates the famous strike in Lawrence, has had many aspects that, though not unusual, were most regrettable, whether we regard the question from the point of view of the employers or the striking employees. Not the least of these has been the deliberate effort to discredit the mills and the town by false testimony. Some of the strikers testified under oath that they received a ridiculously low wage, but later it transpired that they understated the amount, and when confronted with the disparity in figures, they gave a feeble and inadequate excuse that put their malicious purpose beyond the shadow of a doubt.

While it is true that many mill employees received a very low scale of wages, the Ipswich example has shown us that averages based on the testimony of the strikers or the labor agitators whose chief aim is the discrediting of the manufacturers and his model dwelling as though he was an employer, must be taken cautiously, in reality employed in a commercial way, dependent on his industry for his wages. Instead of abstract geometry they have the actual results of

Seen and Heard

A West Highlander had dwelt long in Glasgow, but was finally summoned to the bedside of his dying father. When he arrived the old man was fast nearing his end. For a while he remained unconscious of his son's presence. Then at last the old man's eyes opened and he began to murmur. The son bent eagerly to listen.

"Murder!" whispered the parent. "Jackie Morrison owes me 5 shillings." "Ay, man, ay," said the son eagerly. "And Donald More owes me 7 shillings." "Ay," assented the son.

"And Hamish McCraw owes me 10 shillings." "Sensible as the last," muttered the delighted heir. "Sensible as the last."

Once more the voice from the bed took up the tale. "And, Donald, I owe Calum Beg two pounds!"

Donald shook his head sadly. "Wanderin' again, wanderin' again," he sighed. "It's a pity," said the son.

During a conversation in Washington the other evening the topic turned to those ecclesiastical, which admitted of Congressman Henry G. Danforth, of New York, of an incident that occurred in his state, relates the Saturday Evening Post.

A new preacher, the congressman said had been called to one of the churches, and while on his way to this service one Sabbath evening he met a young man whom he had seen on one or two previous occasions.

"Isn't this Mr. Harkins?" asked the dominie, stopping the young man and extending his hand. "I am the new preacher who has just come to town." "Yes, sir," replied the young man, returning the handshake. "I am Mr. Harkins."

"I have seen you several times," pleasantly continued the pastor, "but until now I haven't had the pleasure of making your acquaintance. I presume that you are accustomed to divine worship every Sunday evening?"

"Oh, yes, sir," was the smiling response of the young man. "I am on my way to see her now."

After completing his engagement with the Drama Players of this city some weeks ago, Mr. J. Anthony Smythe, one of Lowell's best actors, has been given the position of leading man of the Temple stock company in Hamilton, Ontario. By several of the New York critics, this company is classed as one of the ablest of its kind on this side of the Atlantic.

Not alone is this company of the most talented actors and actresses from among the best known stock companies of the United States and Canada, it plays in the most elaborate and picturesque manner, and it draws its audiences from one of the most thriving cities in the Dominion, if not in America. Hamilton is appropriately called the "City of Castles," for its industries are of enormous magnitude and its shipping, both by rail and water, probably the largest at any of the ports along the Great Lakes.

Not alone is this city a commercial center, but it is, too, a community which is known throughout the Dominion as a center of taste, culture and refinement. The city is surrounded, it is certain, Mr. Smythe will be in his element and will there carry off

REST AND HEALTH TO MOTHER AND CHILD.

Mrs. Wessmore's Southern Syrup has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS for their CHILDREN. WHILE FEEDING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, CURES COLIC, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Wessmore's Southern Syrup," and take no other kind. Twenty-five cents a bottle.

CARBOL

Real Cleanliness

—is more than the absence of visible dirt—it is also the absence of germs.

Plain soapy water is a good dirt remover, but there is nothing antiseptic about it.

If you habitually put Carbopol in your cleaning water (a table-spoonful to the gallon) you will have a still more effective cleaner than soapy water, as Carbopol dissolves all grease—and is a cleanser that kills all germs.

THE CAMEL'S COMPLAINT

Canary birds feed on sugar and seed, Carrots have no takers to lunch; But no one supposes they tell me the noodles Have chicken and cream for their lunch.

But there's never a question About my digestion— Anything does for me!

Cats, you're aware, can repose in a chair; Chickens can roost upon rails; Puppies are able to sleep in a stable, And oysters can slumber in pails.

But no one supposes A poor camel does— Any place does for me!

Lambs are inclosed where it's never exposed, Cows are constructed for hens; Kittens are treated to houses well heated.

And pigs are protected by pens, But a camel comes handy Wherever it's handy— Anywhere does for me!

People would laugh if you rode a giraffe, Or mounted the back of an ox; It's no joke to ride on a rabbit, Or try to bestride a fox.

But as for a camel, he's ridden by families— Any load does for me!

A snake is as round as a hole in the ground, And weasels are wavy and sleek; And no abductor could ever be straighter.

Than lizards that live in a creek, But a camel's all lumpy, And numps and humps Any shape does for me!

EDITORIAL COMMENT

Gents or Men?

Newburyport, Herald: A correspondent wants to know why someone does not explain to numerous restaurant-keepers that the word "men" would occupy less space than that unsightly abbreviation "gents" and be far more appropriate to modern standards of taste? Ladies and gentlemen are not ashamed to be called women and men.

Making Laws

Fall River Globe: This year's legislature is credited with breaking all previous records in the number of laws it has made although there seems to be considerable question as to the merit of many of them, which are being circulated as specimens of half-baked legislation, when they are not pronounced to be absolutely worthless. Certain of these acts, it can confidently be said, were practically dead letters before they were passed and are destined to be honored more in the breach than in the observance because of non-enforcement. On the whole, however, the legislature has shown more attention to be paid to the quality rather than the quantity of the product of the legislative gift.

The Treaty with England

Providence Tribune: Senator Chamberlain's attitude toward the British arbitration treaty is an offense to sound national morality. His opposition to renewing it is based on a desire to let directly smother the question of exemption from tolls at Panama is not to be submitted to arbitration. But if that question is one which does not affect the vital inter-

Don't Get Left on This Suit Sale of Ours. It's the Biggest Thing Ever

Right at the beginning of summer when you want a suit—and with the whole season ahead in which to wear it—Make the most of this opportunity and get a new strictly up-to-the-minute suit for practically half what you would ordinarily pay.

The manufacturers lose, we do not.

They were stuck with quantities of suits cancelled on account of the tailors' strike and late delivery. We've bought hundreds of the best of these suits from the best makers for about half what they expected to get for them. We'll sell to you on the same basis.

STRICTLY ALL WOOL HAND TAILORED SUITS

Made to sell for \$15.00, \$17.00, \$18.00 and \$20.00, all in this sale for **\$11.50**

Men's and Young Men's Suits, sizes 33 to 46, in regular stout and slim sizes. Handsome, stylish Suits, three smart models in the newest colorings of the year—cheviots, cassimeres, homespun and dark silk mixtures, would sell regularly for \$15, \$17, \$18 and \$20. All in this sale. **\$11.50**

MEN'S AND YOUNG MEN'S FINEST SUITS

Made to sell for \$20.00, \$22.00, \$23.00, \$25.00 and \$28.00. All in this sale. **\$16.50**

These lots are the smartest suits a man can wish for—To make the sale more interesting we have added to our purchase several lots of Rogers-Peets regular and vestless suits—the finest in America. English and American models, soft roll or conservative sacks. Every suit hand finished throughout, and representing the highest class fabrics and newest choicest colorings that the best mills have produced—Size 33 to 46 regular, stout and long sizes—Made to sell for \$22.00, \$23.00, \$25.00 and \$28.00, in this sale for **\$16.50**

ests, the independence or the honor of the United States it is the very sort of thing that the treaty is intended to cover; if it is not such a question it would not be arbitrable under the treaty.

Smoke
Chicago is entering on a campaign for the abatement of the smoke nuisance in that city. The city council is considering the advisability of requiring all the railroads in the city to abate the smoke nuisance in their terminals. It was thought that it might reasonably be ordered that by July 1, 1913, smoke engines should be done away with within the city limits. To those who know Chicago, and know how smoke from locomotives penetrates to every part of the city, and makes living uncomfortable everywhere, this action will seem better rather than hasty. With so many railroads entering the city, the situation has become intolerable to many people, and very bad from the standpoint of health.

Engenic Marriages
Brookline Enterprise: The "marriage only of the fit" has struck a snag in Oregon. A new law prescribed an examination of the blood as a precaution against tuberculosis and other diseases. But the law fixed a low fee for the physician making the examination, and the doctors have rebelled. They say that \$15 or \$20 would be the proper price for such an examination, and everybody in Oregon has awakened at once to the fact that if, on top of all other marriage expenses, the examination is to cost that amount

of money a good many poor couples at least are not going to test. It is not regarded as good policy for the state to take ground that interferes with marriage, and Oregon sees where a mistake has been made somewhere, and a rather serious one. Perhaps the same difficulty would be met in a similar law in other states.

Free Postage
Newport News: It may be all right to send campaign literature through the mails free because senators and representatives will frank the documents of their respective parties, but when it comes to the free transportation of literature which is not that of a party but of a group of men who are trying to influence congress to legislate money into their pockets it would seem time to offer a word of protest. It is rather singular that one of the most experienced and most fastidious of the senators should have lent his frank to an association engaged in fighting the proposed reduction and removal of the sugar duties.

Practical and Utilitarian
Burlington Free Press: In this prac-

CASTORIA

For Infants and Children.
The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Fitch*

ical and utilitarian age we have little time to "consider the lilies, how they grow." We need the ground they cumber to grow corn or alfalfa. Beautiful trees are in the way and they break the straight lines or the angular perspectives of our streets. Therefore the woodman spares not the tree, and the transported "monarchs of the forest" are laid low. Beautiful birds of plumage are of no consequence when aggregates are needed for the alleged adornment of military's headgear, and they are incontinently and needlessly sacrificed.

Railroad Knowledge
Woonsocket Call: If railroad accidents are lamentable they are not the more so because they teach the public new things about railroading. This tuition is necessary, for railroads are now recognized as institutions actually under public management. The old idea that a railroad was private property and its affairs were nobody's business but the stockholders, has passed away forever. Therefore it is the people's business to learn all they can about the practical side of railroading. It is not an abstract subject, but requires only observation to master many of its details.

Chippendale, No. 801, tonight.

If you want help at home or in your business, try The Sun "Want" column.

Live Bits of Sport

Manager Pieper has apparently made his choice between Courtney and Cargle for the short-stop position in favor of the former. Cargle has been loaned to New Bedford although still the property of the Lawrence club. The Lawrence fans will miss "Chic's" little bull dog at all of the home games. This last remark, however, does not reflect upon Mr. Cargle in the least.

McGaffey is looked upon down Brockton way as the sensation of New England baseball this year. This youngster can hit the ball a mile and always meets it on the nose. He is also a clever fielder and a mighty fast man on the bases and there is no reason why he should not climb up the baseball ladder.

Manager Flaherty of Lynn would not allow his left fielder, Porter, to run Maloney of Brockton the other day when the two clubs met. It was supposed that each man took a trip around the bases and that their times be compared after the exhibition. Flaherty, however, refused to allow his player to travel the circuit but expressed himself as perfectly willing to bet on a fifty yard straightaway race between the two. The race may possibly be pulled off at a later date after the youngster, Porter, has had a little more experience in taking the cushions.

Bill Young of Harvard whom many consider as the fastest catcher that Harvard ever turned out, has decided that he will not enter the professional baseball ranks. Young has had several flattering offers tendered him but thinks that he will go into business instead.

Dawn and Rutledge make a great exchange pair for Brockton. When the latter goes state behind the bat Gus simply hands him the first baseman's mit and takes up the backstop duty for a few days. This is surely an economical method and has produced no bad results up to date.

The Harvard-Yale boat race this afternoon will furnish excitement enough for the thousands of spectators who will watch the annual aquatic struggle between the two universities. Harvard now rules a slight favorite over their blue-jerseyed rivals but it is certain that the two boats will not be far apart when they cross the finish line. It will be interesting to see how Yale's newly inaugurated English stroke will work out against Harvard's American system.

The Bunting baseball team have challenged the Durbes for a game on the fourth for a side bet and purse. Manager Coughlin snapped up the proposition only too eagerly. The game will be played at Spaulding park in conjunction with the other lists of sport which are to be held there on that date.

Both Boston teams are climbing along up the ladder. Of course the Red Sox, after winning the pennant last season, were expected to show something this year, but the Lowell Braves are not nearly as lowly as was at first supposed. Stallone is considered by many who are in the know, to be one of the shrewdest men in the game today. It is a fact that he did wonders for the Boston Nationals since first taking charge of them.

Lowell has ample time in which to rise to the top and grab the league lead, but now is the time in which to

get the baseball machine oiled for the strenuous times of the next two months. The team which can play fairly good ball now and which will reach its top speed a month from the finish is the team which stands the best chance of collecting the pennant.

Willie Ritchie, lightweight champion of the world, is the latest fighter to have trouble with his manager. Ritchie allows that he has fired Billy Nolan for good and all, but it would not be surprising to see the champion back at Nolan's ranch inside of a week. Ritchie says that the California gentleman has treated him properly and that he will never have another chance, but the same thing has happened before. Nolan should worry when he doubts his Ritchie tied up hard and fast.

The Lowell police have put a strong baseball team into the field this year and stand at the head of the state police league. It is surprising that they do not draw a larger attendance at their home games, for the club is certainly deserving of support. Not enough credit can be given Umpire Ed Shea for handling out conscientious decisions to eighteen husky cops. It is no fit job for a nervous individual!

Lowell high will play their big game of the season tomorrow when they meet Lawrence high at Spaulding park. Lawrence has a better record for this season's work but the local team has improved wonderfully in the last few weeks and should be on an even footing with Lawrence when they cross bats tomorrow. Time was when the high school games drew a large crowd instead of the mere handful that is seen at Spaulding park this year.

AMATEUR BASEBALL

The Young Tigers challenge any team in the city under nine or ten years of age. Send challenges to Wm. Connor, 6 Oak street. The lineup is as follows:

William Connor, p; Edward Tivins, c; Edward Welch, 1b; Arthur Black, 2b; Arthur Brown, 3b; George Kelley, rf; Arthur Connor, lf; Terry Higgins, ss; Harold Egan, cf; Thomas Clark, 1b; Walter Connor, umpire.

LAWRENCE RAISES FLAG AND WINS

Lowell Beaten by Score of 9 to 2
—Pitcher Adams was Hit Hard
—Reiger Makes Good

Lowell lost her fourth game this week yesterday afternoon when Lawrence outbatted the local team and won out by the score of 9 to 2. Lowell was outclassed from the first inning when the down river club scored two runs.

Adams started the game for Lowell but was hit hard and retired in favor of Reiger, a recruit. Reiger pitched good ball and held the Lawrence team to two hits during the latter four innings of the game.

Lawrence got two runs in the first inning and duplicated their performance in the second. The fourth session saw four Lawrence men cross the plate after hitting Adams' curves to all corners of the park.

Dec connected for two of the six hits which Pitcher Martin allowed Lowell. Magee also was there, with his club, sending the ball over the left field fence in the second inning. Carlstrom, O'Connell and Martin each got two hits and O'Connell, the fast center fielder, scored three runs. Martin was invincible.

Yesterday was the day set for the pennant raising at the Lawrence grounds and many of the big leaguers were in attendance. Hugh Jennings was in the procession which marched around the field before losing the New England league pennant to the breezes. The score:

20 KILLED, 217 WOUNDED

Battle Between Italians and Arabs

ROME, June 20.—In a battle yesterday between Italian troops and Tripolitan Arabs at Etang, one Italian officer and 19 soldiers were killed and five officers and 217 men were wounded. The Arab loss is not known.

ST. LOUIS SCHOOL

Large Gathering at the Graduating Exercises Last Night—Diplomas Presented

There was a large gathering at the commencement exercises held at St. Louis' parochial school in Boisvert street last evening. A delightful entertainment was carried out to the satisfaction of the large audience, and diplomas were presented to twelve graduates, this part of the program being carried out by the pastor of the church, Rev. J. N. Jacques.

The graduates were: Lila Bousquet, Eva Fraser, Marguerite Delorme, Adrienne Barrette, Laura Marcolle, Alice Lapointe, Onida Lusier, Alma Souard and Marie Anna Asselin, and Messrs. Sylvio Barrette, Raymond Gerneau and Wilmer Deaux.

Several costly prizes consisting of gold and silver medals and volumes, were awarded the brightest and more advanced pupils of the school, which is under the direction of the Sisters of the Assumption.

CORONER RESUMES WRECK INQUIRY

Investigating Stamford Railroad Crash—New Haven Manager Blames Union for Wreck

STAMFORD, Conn., June 20.—Coroner John J. Phelan of Fairfield county this afternoon resumed his investigation into the wreck of the Springfield express on the New Haven road in this city on June 12. The coroner has already examined a score or more of witnesses. He halted his inquiry in order to conflict with the joint inquiry by the interstate commerce commission and the Connecticut public utilities commission which closed yesterday. Before the inquiry the coroner said he would probably call on some high officials of the road to testify. He also said he intended to go carefully into the details of the various test runs made by engine 1339 with the equipment of the train that was in the wreck.

New Haven Blames Union
REPORT, June 20.—What was described as the growing menace of the unions, through their power to enforce working conditions on their employees, became the feature in the closing hours yesterday of the interstate commerce commission's investigation into the cause of the Stamford wreck of the Boston express on the New Haven road a week ago, in which six persons met death. The attack on the unions was

launched by C. L. Bardo, general manager of the road. He had listened to condemnation by experts from the Pennsylvania railroad, the Lackawanna road and the Westinghouse Air Brake company of railroad methods under his personal supervision.

When Mr. Bardo had ended his attack and had expressed a hope that the wreck at Stamford would teach the unions to let railroad managers run the roads, a defender of the unions arose. This man was Fred S. Evans, general chairman of the Union of Locomotive Engineers employed on the New Haven line. He had conducted on the part of the men the negotiations with Mr. Bardo, representing the company.

The chief point at issue between the union and the road was the spare board, by which the railroad executives were forced to accept for any given run the man whose name in rotation reached the top of the board. That, it was asserted, gave the executives no choice as to their engineers, except the right of picking men to be promoted into the engineering service from the supply of experienced firemen.

Mr. Bardo argued that the union had used force and a threat to strike to have the spare board system installed. He held that he gave in against his judgment for fear of a general tie-up of the lines if he offended the engineers.

Mr. Evans stated that never before had trouble come up that could be blamed in the process of picking engineers in order of the seniority of their names on the spare board. He added that the rule was adopted with the full consent of both sides, and that no threat was used in obtaining it.

100,000 PENNIES

Future Benefit Presented \$100 to Pen-nies—Fine Gathering at Camp Fleur de Lys

Ormer Bernard, the well known grocer at the corner of Salem and Adams streets was tendered a fine reception, yesterday afternoon by his fellow brethren of Club Fleur de Lys and a number of other friends, in honor of his marriage which will be performed Sunday.

The affair took place at the well appointed camp of the club on the shores of Long Pond and was attended by about 100 guests. Mr. Bernard was induced to go to the camp by one of his employees, and when he arrived, he was greeted by a large number of friends, who for a few moments made it very uncomfortable for him.

Later in the afternoon, Mr. Napoleon Sylvester, in behalf of the members of the club and other friends presented the guest of the afternoon, a potato bag filled with pennies. Mr. Bernard was entirely taken by surprise and feared to open the bag, thinking it might conceal an infernal machine or something of the kind. Finally someone volunteered to help him and the shining coins were spilled on the floor.

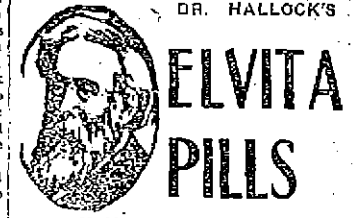

The bag contained just \$100 in bright

pennies, and its weight was such that Mr. Bernard was forced to hire a rig to take the bag to the cars. A very pleasant afternoon followed, the guests partaking of a dainty repast, this being followed by an elaborate musical program. It was late when the guests departed, extending their best wishes to the future benedict.

TAXI DRIVERS ON STRIKE

200 Quit Work at Buffalo, New York

BUFFALO, N. Y., June 20.—Two hundred taxicab drivers went on strike at midnight for increases in wages, uniform hours and two days off each month. After the strike-order was issued, not a taxicab or baggage truck turned a wheel. The men recently were organized into a union and tried to reach an agreement with the employers.

DR. HALLOCK'S
ELVITA
PILLS

60 YEARS OF CURES

\$1 BOX FREE

A Great Nerve Remedy and Reconstitutive Tonic for Man or Woman
Are you all run down? Are you discouraged? Are you melancholy? Are you weak kidneys, with pains in back and legs? Are you threatened with paralysis? Are you always tired—worried—blue—depressed? TRIMMED HATS—To Close Out at Two Prices.....\$1.98 and \$4.98

Every hat regardless of its former price. This includes hats as high as \$10.75. Naturally the early buyer gets first choice

AT SUPERIOR COURT

Case of Elliot vs. City of Lowell Still on

The case of Thomas H. Elliott vs. City of Lowell was on trial at the superior court this morning. The case, which was started yesterday, is to have the jury assess damages alleged by plaintiff to have accrued to him because of the seizure of some land at the corner of London and Main streets by the city. Lawyer Hogan represents Mr. Elliott and J. Joseph Hennessy, Esq., appears for the city. Real estate and land experts were heard on the stand this morning, including Messrs. Bowers and Abel R. Campbell.

Verdict for Defendant

In the case of Percy vs. B. & M. railroad, an accident suit for \$20,000, the jury late yesterday afternoon returned a verdict for the defense, after a hard legal battle in which the company was represented by Messrs. Trull & Wier.

INJURED AT RACE TRACK

Harold Hewitt, Who Was Knocked Down By August Belmont's Horse, Shows Slight Improvement

ASCOT, England, June 20.—There was a slight improvement today in the condition of Harold Hewitt, who suffered yesterday afternoon with the race for the Ascot Gold Cup and was knocked down by August Belmont's horse Tracery.

Firemen Promoted

Two call men, George McDermott and Joseph H. Rogers have been promoted temporarily to the positions of permanent firemen. These appointments to the regular force are due to the rather unusual number of firemen who are out on account of illness. At one house three of the five men are out and the two men appointed temporarily will act as substitutes in case of sickness.

Nothing Like It

If you are a lawyer, physician or dentist why "hide your light under a bushel," so to speak, in a dark, gloomy antiquated office while the New Sun building affords such splendid accommodations at about the same cost.

GIRLS FAINT IN MILLS

Continued

they could not blame the operatives for feeling that way about it, inasmuch as a sore arm might mean a week or ten days of idleness, but the doctors had their duty to perform and they went through with it. In one of the mills it was stated, two girls fainted while being vaccinated.

The board of health appreciates, too, that this is a bad time of the year for vaccination in the mills. In a few weeks' time the mills will be shutting down for the summer holidays and the average operative cannot afford to lose any time when a vacation, with out pay, stages him in the face, but the operatives will have to blame it upon the disease and not upon the board of health.

District Attorney's Auditors

The auditors or accountants in the employ of the district attorney held the first in the common council chamber today and just for that, Mr. Olson, representing the Massachusetts Highway commission, had to use the school committee room for his examination of applicants for chauffeurs' licenses. Sixteen applicants took the examination and the city hall was surrounded with automobiles and trucks, good, bad and indifferent.

July Fourth Program

Mayor O'Donnell is still open to suggestions for the Fourth of July program. This municipal council has appropriated \$1000 for a "safe and sane" celebration and it's up to the mayor. The council voted the money and told the mayor to go as far as he liked, but to be sure and stop when he reached the \$1000 mark. The mayor will not countenance any fireworks display. He doesn't believe in the literal cremation of money and he allows that a dollar on the ground is worth two in smoke. He has arranged for a motor boat race including a four-mile handicap, six-mile handicap, ten-mile open. Canoes—one mile, double, one-half, single and 400 yards (open). In this race the spectators are requested to keep a close eye on the men in the canoes and when they are seen to tip, please yell: "Goin' down." It is claimed that this is really necessary for the success of the undertaking. There will be suitable prizes for all races and there may be a swimming race, too, in which Frank (Pudge) Murphy will defy both atlas and directory. Mr. Murphy is introducing two new swimming stunts which he calls the turkey trot and hen gallop. He has already given several exhibitions at the Y. M. C. A.

The mayor has not quite decided as to band concerts. He stated today that there would be a band concert on the North common in the afternoon, the South common at night, the Highlands, Highland Club lawn, in the evening, and the Chelmsford Street hospital in the evening. There will be no band concert in West Concordville. The concert there last year attracted about 50 people and the mayor says so small an attendance did not warrant the expense.

Lucy Larcom Park

In less than an hour after the money had been appropriated for Lucy Larcom park, and the mayor had given the word, the park department was on the job and the park is looking very inviting at the present time. The grass has been scythed, mowed, slicked, trimmed and tilled and one can tell by the way it looks that it is feeling awfully funny. The little blades of grass left along the edge of the park are being sharpened this afternoon and the roses at the extreme end of the park are being taught to blush like high school girls. The settlers are resting as comfortably as could be expected under the circumstances.

Gorham Street Sewer
The people up Gorham street way are of the opinion that the sewer work in that street is not being done with an eye to the expedition of the mobility of the city's business and the comfort of the people being the street. Only one gang is being worked and the men who complain are of the opinion that three gangs should be employed. This is up to Commissioner Donnelly and he wasn't at his office this morning.

Park Department Busy

It was stated, with all seriousness, at city hall this morning that the park department is busy—counting money. The sale of lots for "fakir things" on the South common July 4 is going on at the office of the superintendent at city hall and if you are looking for other than a burning lot ask for Mr. Kernan. If you feel as if you needed a burial lot, see Mr. Cummings, and if you declare yourself as in sympathy with the rest of the lot owners he will sell you a lot in the Edison cemetery. For lots on the South common, Supt. Kernan has already taken in over \$500. He sold the lots from plans in his office. Instead of holding the sale on the common as was the practice heretofore, Mr. Kernan's plan of office sale is much better. It cuts out all wrangling over bids and the sales are made in less than half the time.

1,000,000 Pounds of Sugar

WASHINGTON, June 20.—Much less sugar and at lower prices is being shipped into the United States from the Philippines, Hawaii and Porto Rico this year than last, the bureau of foreign and domestic commerce has disclosed. A report issued today shows that during the first ten months of the present fiscal year only 1,000,000 pounds of sugar, came from these territories, a decrease of 24,000,000 pounds from the same months last year. Because of lower price the imports this year are valued at \$45,553,000, which is \$15,652,000 below last year. The average price for the products from all three sources disclosed a decrease. The amount saved to the consumers of the United States totals nearly \$20,000,000.

Storm in Florida

JACKSONVILLE, Fla., June 20.—Reports from all parts of the state today show no additional loss of life as a result of Wednesday's storm, which centered near Tallahassee, where a negro was killed.

Chippendale, No. Billerica, tonight.

Julius Norwood Dead

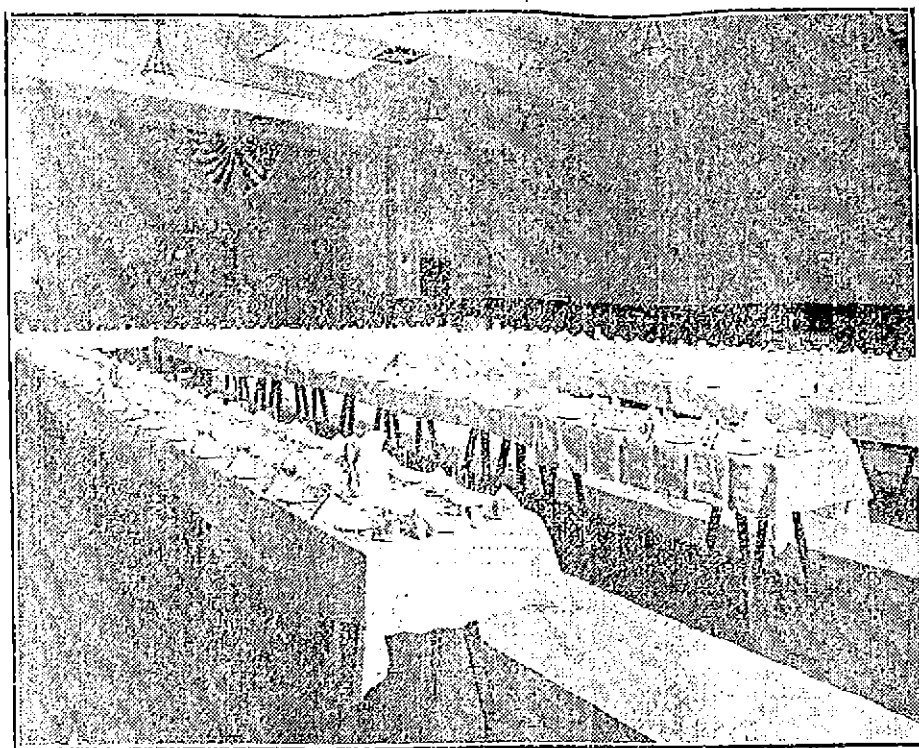

SAVANNAH, Ga., June 20.—Judge Thomas N. Norwood, United States senator in the 49th and 50th congresses, died at his home here last night. He was 73 years old.

Pres. Wilson to Attend Wedding

WASHINGTON, June 20.—President Wilson and some members of the cabinet will go to Baltimore tomorrow to attend the wedding of Secretary McAdoo's son, Francis McAdoo, to Miss Ethel Preston McCormick of Baltimore.

KNIGHTS OF COLUMBUS NEW HOME OPENED WITH

BANQUET—PRESENTATION TO WM. F. THORNTON

VIEW OF THE BANQUET HALL LOOKING TOWARDS THE STAGE

The beautifully appointed new clubhouse of the Knights of Columbus was formally opened last evening with a grand banquet of the members of the organization at which more than 300 were present. The affair was held in the pretty assembly hall of the building and was a brilliant success in every respect.

During the evening, Rev. W. George Mullin, chaplain of the council, presented Grand Knight William F. Thornton a large silver loving cup on behalf of

the council as a token of the high esteem in which he is held by all and as a mark of appreciation of the great work which he has accomplished for the K. of C. in Lowell.

Informal Reception

From half past six until shortly after seven o'clock, an informal reception was held and the members and guests inspected the club house. On every side were heard expressions of appreciation of the attractiveness and convenience of the new quarters only the outside

of which remains to be finished. Afterward, the gathering formed a line and marched to the assembly hall.

Hall Decorated—The Banquet

The hall, which is most beautiful when lighted by the soft glow of the large lights suspended from the ceiling, was tastefully adorned for the occasion, the red, white and blue being prominent. Above the stage was suspended a large American flag and far-

LOWER PRICES			
PREVAILED AT OPENING OF THIS MARKET			
Steel Fell After Opening—Declines of American Securities in London Were Extended Here			
NEW YORK, June 23.—Lower prices prevailed in a majority of cases at the opening today. Largest losses were sustained by some of the less active shares. Woolworth dropped 2 1/2 and Norfolk & Western and Canadian Pacific 1/2. Ontario & Western on which dividend payments were resumed yesterday advanced 1/2 but on the next in reaction lost most of its gain. Fluctuations among the leaders were restricted to small fractions.			
Bullish interest subsided quietly when tentative efforts to run up prices after the opening dip failed. Declines in the market features were enlarged, especially in Steel, which fell to below 53. Interborough-Metropolitan pfd. and Can. lost considerable ground.			
Professional traders took their cue from abroad today and declines of American securities in London were extended here. Cable advices indicated further uneasiness near political and financial developments. Bear traders were encouraged to resume operations by the indifferent support for the market this week. Declines reached 1 to 2 points in many instances, although there was none of the active selling that characterized recent downward movements. Prices went off in orderly fashion with intervals of dullness.			
Some improvement over the low prices of the morning resulted when traders bought stocks to cover, but the demand was not very persistent, and trading became extremely quiet on the rise.			
With the supply from foreign sources cut off and a decline in London selling, which aggregated 25,000 shares, traders were obliged to bid higher for stocks, and the market advanced. Reading scored a full recovery, but the rest of the list came to a halt about mid-

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of a power of sale contained in a certain mortgage deed in

AGENTS SALE OF

ESTATE

By virtue of a power of sale contained in a certain mortgage deed given by Thomas A. McCann, of Lowell, the County of Middlesex and Commonwealth of Massachusetts, to William Sheppard, of said Lowell, dated October 14, 1891, and recorded in the County of Middlesex, in the County Clerk's Office, in Book 10, Page 100, the following is the description of the premises:

Page 357 will be sold at public auction for breach of conditions of said mortgage deed, on the premises hereinafter described, on Saturday, the twenty-eighth day of June, A. D. 1913; three o'clock in the afternoon, all a

the premises covered by the mortgage deed, and therein described as follows: To wit: A certain lot of land with the buildings thereon situated on the westerly side of G. Ham street in said Lowell, containing seven thousand five hundred and twenty square feet of land, more or less, and thus bounded and described: Beginning on said G. Ham street at the southeasterly corner of the premises hereinafter described and conveyed by the Proprietors of the Locks and Canal on Merrimack river to Ethan Burleigh by deed dated September 18th 1851, and running thence westerly to a certain McCann's line westerly on a McCann's line westerly on a McCann's line one hundred twenty-five and 55-100 (124 5/10) feet to the hole,

of an old wall, thence northerly to the angle of one of the old buildings, and thence easterly about the middle of an old wall fifty-eight and 71-109 (65 feet) to land formerly of A. W. C. (1814) tract, and now supposed to belong to one Wehler; thence easterly on a Wehler land thirty-one and one (314) feet to land formerly of Joseph Chamberlain; thence, turning nearly a right angle south, to a section of the old wall, and thence easterly with the back line of said Chamberlain land, and bring by land proposed to belong to one Rogers; thence easterly still by said Rogers ninety-seven feet more or less to Gorham street; thence southerly

said Gorham street and No. 1300, to the point of beginning, and the said premises to said A. McLean conveyed by two deeds, one given by Mary Shavin, et al., the other given by Mary Shavin, trustee under the will of James S. Shavin, both dated October 4, 1911, and recorded in said Registry. The described premises are subject to mortgage to the Washington Savings Institution for the sum of \$50,000, made by said bank on June 6, 1905, and recorded in said Registry, Book 377, Page 103. The above premises will be sold and conveyed subject to said mortgage to the Washington Savings Institution and also subject to any and all other mortgages and liens.

paid taxes, municipal and other taxes and tax sales which may be or become due thereon. The checker will be required to pay \$500 cash at the time and place of sale and the balance in ten days from day of sale at the office of WILLIAM T. SHEPPARD, 103 Central street, 1. Mass.

WILLIAM T. SHEPPARD,
Mort.

The Washington Savings Institute
Under authority of Section 40,
ter 590 of the Acts of the Com-
wealth of Massachusetts of 1912
amended by Section 6, Chapter

the Acts of 1930 and Chapter 10 of the Acts of 1931, notice is hereby given that Book No. 1035 on the subject of the said Institution is lost and the same has been stopped and applied for. The sum of \$100.00 has been made for payment of the amount.

Lowell, Mass., June 6, 1913.

COMMONWEALTH OF MASSACHUSETTS. Middlesex, ss. Probate. To the heirs, assigns, devisees, legatees, and all other persons interested in the estate of Orlando S. Comings, late of Tyngsborough, County, deceased.

Whereas, William H. Hawes, executor of the will of said deceased

presented to said Court his petition for license to sell at public auction the whole of a tract of land, the real estate of one deceased, for the payment of debts—legacies—and charges of administration, and for other reasons set forth in said petition.

You are hereby cited to appear in Probate Court to be held at the bridge, in said County, on the seventh day of June, A. D. 1909, at nine o'clock in the forenoon, to show cause if any, why the said petition should not be granted.

And said petitioner is ordered to serve this citation by delivering a copy thereof to each person in said estate fourteen days before the day of said hearing.

before said Court, or by publication same once in each week for three successive weeks in The Lowell newspaper published in Lowell. Publication to be on one day, to be before said Court.

Witness, Charles J. McIntire, First Judge of said Court, this day of June, in the year one nine hundred and thirteen.
